Test your skating and scootering skills at the Lincoln Domain Skate Park official opening on Sunday 26 August. For more information head to www.selwyn.govt.nz/events. More than $700 worth of prizes will be up for grabs on the day. Live music will be provided as part of the day. This event is for all ages and abilities.

Selwyn District Council Senior Events and Recreation Advisor Dave Tippett says the day has been planned in coordination with the Lincoln Domain Skate Park Committee, Rolleston District Park and Recreation Centre, and Domain. The event is one of the most popular events on the district’s recreation calendar.

Around 20 indoor and outdoor sports, activities, games and challenges are planned, including dodgeball, archery, scooter, football, basketball, high ropes, bowling, softball, and much more.

Those attending will be able to collect their ‘Have a Go Day’ passport from any activity station. This event is for all ages and abilities.

More than $700 worth of prizes will be up for grabs on the day. Live music will be provided as part of the entertainment, with coffee and food also available for purchase. For more information head to www.selwyn.govt.nz/events.

**Alpine Fault Roadshow screenings**

Are you and your family prepared for an Alpine Fault earthquake?

As part of the Council Emergency Management Team’s Alpine Fault project, Council Community Projects and Facilities has teamed up hosting an Alpine Fault Roadshow throughout the year. The Roadshow has been screening a Project Alpine Fault Magnitude 9 (Project AF9) video, which shows the likely consequences of a magnitude 8 earthquake along the South Island’s Alpine Fault. In the video, Professor Tom Wilson of Canterbury University clearly explains the science behind an Alpine Fault rupture.

Neighbourhood Support and Community Response Coordinator Sue Jenkins says the aim of the Roadshow is to raise awareness of the likely impacts on Selwyn communities after an earthquake and how people can prepare.

“We’ve had about 200 people attend the Darfield Roadshow, so there is real interest out there in the science of the Alpine Fault and what might happen if it ruptures,” she says. “We know it’s likely to happen in our lifetime, so we need to be prepared and have some plans in place to recover as quickly as possible.”

If you would like a screening in your area, contact the Council on: 03) 347 2800.

Next screenings

Glentunnel Hall on 23 August, 7-8pm

Lincoln Event Centre on 23 September, 7-9pm

For more information on the Council’s Alpine Fault planning visit: www.selwyn.govt.nz/services/civil-defence-and-emergency-management.

**On the road this week**

**Roadside stabilised repair works along the Lake Road this week, will stop-go signals in operation, firstly between Moke Street and Harts Road until mid-week. The works will then move to between Lake Road South and Selwyn Lake Road until the end of the week.**

Unsealed maintenance works is continuing on Selwyn Lakes Road and Selwyn Lakes Road - southbound. Traffic will be reduced to one lane with work expected to be finished by the end of Wednesday.

Drivers are being asked to show caution when heading along Hoskyns Road between State Highway 73 and Station Road, while maintenance works are undertaken in the area, it is expected to be completed by the end of Wednesday.

Maintenance grading will be undertaken around the district at High Country. Drivers are being asked to pass with care.

**Brain Bafflers**

Selwyn District Libraries join in an adventure through the baffling brain. How can one small organ be in charge of so many things? How does the body ‘talk’ to the brain and how does this brain respond? What happens when things go wrong? Join us as we journey through our amazing brain. Please note, this is a family-friendly event.

**Love Your Life – Heads Up**

Prebbleton Playcentre, 1–1.30pm

Join Epilepsy New Zealand in a presentation about the impact of epilepsy and getting information and myths surrounding it. Recognise common myths and get to know the facts.
