New options for parking in Lincoln

Two new car parks are set to open in Lincoln, adding over 100 car parks just a short distance from local stores and services.

The north car park will open in July, and the south car park will open in August. Together the car parks provide an additional 124 spaces for the community to use. These car parks are a key step in the Lincoln Town Centre upgrades, supporting Lincoln's growth and setting up for the future with safe parking and vibrant spaces where everyone can connect and thrive.

Parking Limits: Parking in these locations is free. There will be some shorter term parking, and most parks will be P120. For more information, visit selwyn.govt.nz/lincolntcplan

The north car park: Access from both Lyttelton Street and William Street.

- 61 regular parks
- 4 accessible parks
- 4 EV parks (EV units to be installed in August 2025)
- 4 motorbike parks

The south car park: Access from Gerald Street and Maurice Street.

- 41 regular parks
- 2 accessible parks
- 4 EV parks (EV units to be installed in August 2025)
- 4 motorbike parks

Consultation closing on new Deed of Licence for Upper Selwyn Huts

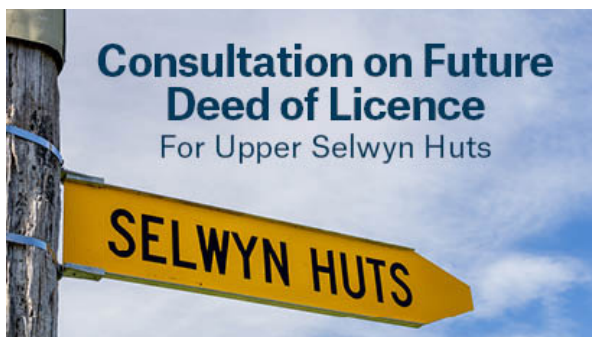

It's the final week to have your say on a new Deed of Licence (DOL) for Upper Selwyn Huts.

This is an opportunity to share your views on the terms proposed to be included in the new DOL that will give certainty and clarity for the future, including:

- The length of future licence terms
- Whether serious environmental events should be grounds for a licence ending early
- The introduction of a bond to support land restoration
- How the Council should undertake building condition inspections.

Whether you're a licence holder, a resident, or simply have a connection or interest in the area, your feedback matters.

You can find out more and make a submission at selwyn.govt.nz/USH

Selwyn's Annual Plan

Together, we decided to enhance and improve digital connectivity.

Together, we're delivering easier ways for you to engage with us and our services online.
