STRUCTURE FIRES

Over recent months there have been several fires which have seriously damaged or destroyed houses and farm buildings in the Selwyn district.

This is a distressing time for property owners as they work with insurers and contractors to rebuild and recover. Building consent approval is often required where structural components of the building

or utility services have been affected or damaged by the fire.

The Council's building team understands that time is of the essence when dealing with projects of this nature; the team tries to work with customers who find themselves in this situation to ensure that building consent approvals are fast tracked and don't add to their concerns during this

stressful time.

If you have been affected by a house or building fire, please contact us at the Rolleston Headquarters and we will help you through the process.

If you have any queries relating to Building issues contact the **Building Control Customer Services Team** on 03 347 2839.

REFUSE COLLECTION 101

A five-week course on how you can avoid risks with your rubbish and make your refuse collector very happy.

101. Placing Wheelie Bins:

In the above photo the two bins to the left are too close to each other, and the middle bin is too close to the post. The bin in the right is just right!

The truck's arms can reach nearly two metres but they need space of about 500mm around bins so that their jaws can reach the bins without tipping other bins or hitting poles, trees, cars etc

In urban areas please place your wheelie bins at the kerbside and not by your letter box or boundary fence.

In rural areas if trucks have to go off the road they can damage the berm or even get stuck. Please don't put your bin more than two metres back from the edge of the seal or gravel shoulder.

Leeston Community ~ A Park for Youth ~

Have your say

The Council wants to know what residents think about a proposed site for a community park in Leeston.

In 2006, concern about the lack of outdoor spaces and facilities for older children, led to the decision to build community parks in five Selwyn townships.

Considerable progress has been made, with the completion of a Community Park at Darfield; a Community Park at Rolleston under construction; land purchased at Prebbleton and negotiations underway for a site in Lincoln.

Finding a suitable site in Leeston has proved difficult, but now an opportunity has arisen, to purchase a site in High Street, adjacent to Leeston Park.

Community Parks are designed to cater for young people of all ages, but particularly to allow teenagers to have their fair share of active, informal recreation opportunities.

To have your say about this proposal:

Visit the Council's website www.selwyn.govt.nz and fill out a form, or do so at any Council Service Centre. Forms must be returned to the Council by 9 July 2010. You can submit more than one form per household, i.e. each child can fill in a form.

For further information please contact the Council's Property Project Co-ordinator, **Karen Bartlett**, 03 347 2864.

Poetry Readings

Join Selwyn writer **Ian Collins** in a poetry reading session at any of these venues:

- Lincoln Library/Service Centre, Saturday 10 July, 12noon–1.00pm.
- Leeston Library/Service Centre, Tuesday 13 July, 1.30–2.30pm, as part of the Leeston Day Club's activities.
- Darfield Library/Service Centre, Saturday 17 July, 12noon–1.00pm

If you think poetry is boring, or you have bad memories of having to learn poems at school, Ian's poetry might change your thinking! His readings will include work from his collection **poEmS**, published recently with funding assistance, through the Council, from Creative New Zealand.

At these sessions you will be invited to read your own poems, so bring along and share a poem you have written yourself, or a favourite poem from elsewhere. If there is sufficient community interest, these sessions may be the start of regular poetry/creative writing gatherings in Selwyn.
