SSSStopp!!!!

The new **Give Way** rules have been around for quite a few months now and most drivers seem to have adjusted to them without too much concern.

However, I still regularly see drivers not stopping at **Stop** signs. The requirement to come to a full stop at Stop signs **has not changed!**

Recently, I heard from one of our local residents, that she has experienced confusion at the intersection of Walkers Road and Dunns Crossing Road where they meet at State Highway 1. It is controlled by a Give Way sign on one side and a Stop sign on the other.

The vehicle facing the Stop sign must allow all other traffic to proceed first, regardless of whether the vehicle on the Give Way sign is turning right, left or continuing straight ahead.

Full information about intersections and the Give Way rules can be found in the Road Code or on the New Zealand Transport Agency website.
