Darfield water supply system

Capital projects to improve the quality and reliability of the water supply in Darfield are underway.

The Council is planning to construct a reservoir and pump station north of Darfield. The design of the reservoir and pump station is progressing well. Construction is expected to begin in the middle of this year and be complete by the end of the year or early in 2014.

The population of Darfield is expected to grow rapidly in the future and there will be more demand on the water supply network. The new pump station and reservoir will help to better manage current and future peak demand. The reservoir will also allow entrained (trapped) air to be released from the water before it reaches the pipe network. This will help resolve the problems some households experience with air locks in their household plumbing.

The construction of a second deep bore for Darfield will also start soon. This bore will be located close to the current main bore. Drilling and testing is expected to take about two months. Once the second bore is completed, it will provide an alternate groundwater water supply source, avoiding the need to use the Waimakariri River source as a backup water supply.

MICROCHIPPING CLINIC

If your dog was first registered after 30 June 2006 and is not a working dog, the law requires them to be microchipped. This free monthly service is available at the following places.

Friday 26 April

- Darfield 9 – 9.30am
- Rolleston 10.15 – 10.45am
- Lincoln 11.30am – 12pm
- Leeston 12.45 – 1.15pm

Please note:

- All clinics last for only half an hour.
- The Rolleston venue is in Norman Kirk Drive (off Rolleston Drive).
- Microchipping will not take place if wet.
- Working dogs and dogs registered before 1 July 2006 can be microchipped for \$20 per dog.

If you have any questions regarding microchipping, please contact Tracey Wheeler on 347 2800 or 318 8338.

Resource Management Act 1991 Selwyn District Plan

Private Plan Change 24 – Silverstream Estates, Cardale Street, Darfield

The Selwyn District Council has accepted the Commissioner's Recommendation to approve Plan Change 24 with amendments.

The full text of the decision can be read at www.selwyn.govt.nz or, during working hours, at any Council service centre or library.

From the date of this notice, the Selwyn District Plan is amended in accordance with the decision.

Anyone who made a submission on Plan Change 24 may appeal to the Environment Court against the Council's decision.

Appeals must be in the prescribed form as set out in Form 7, and must reach the Court within 30 working days of receiving notice of the decision from the Council.

A copy of the appeal must also be served on the Council.

For further information, please contact David Smith, Team Leader Strategy & Policy on (03) 347 2800 or at PO Box 90, Rolleston 7643.

(This notice is given under Clause 10 (3) of the First Schedule to the Resource Management Act 1991).

Recycle your old TV

Canterbury will switch over to digital TV on 28 April. You don't need to buy a new TV to go digital. However, if you do decide to upgrade, please dispose of your old TV responsibly. TVs contain materials, like lead, that are hazardous to the environment and people's health if they are dumped into the environment or in landfills, so they should be recycled.

The Council is being subsidised by the Ministry for the Environment to provide a TV recycling service for up to 1,810 TVs. The Council will also meet some of the recycling costs.

You can recycle your old TVs for **free** until either 5 May, or we reach the total number of TVs we can collect. You can drop your TV off at the following locations:

- **Pines Resource Recovery Park** (183 Burnham School Road, Rolleston). Open for TV collection: Saturdays and Sundays – 10am to 4pm
- **Sicon Yard** (2 Mathias Street, Darfield). Open for TV collection: Saturdays only – 9am to 1pm.

Computer screens are not being accepted as part of the TV takeback recycling campaign.

On the first two weekends of TV recycling we collected 981 TVs out of a total of 1,810 that we can take.

Boil water notice – Springfield

A precautionary Boil Water Notice has been issued for the Springfield water supply. Heavy rainfall has occurred in recent days. This has increased the turbidity in the source water of the Springfield water supply. No E.coli has been detected in the water supply. However as result of the increased turbidity, the Council cannot guarantee the water is safe to drink and as a precaution has issued a boil water notice. Springfield residents will need to boil their water for at least 3 minutes until further notice.

Chlorination of the water supply has been increased. The council will continue to monitor the intake and reticulation system and keep residents informed.

For updates to this notice visit www.selwyn.govt.nz, or phone 03 318 8338.
