To support Neighbourhood Week, the Council has small grants available to help fund part of the costs of neighbourhood events. The grants can be used for events which help people get to know their neighbours like barbeques, picnics, cricket matches, a treasure hunt, or a neighbourhood fun day.

Events can be held any time during October or November and applications close on 21 November. For ideas about events and information on grants visit www.selwyn.govt.nz/neighbourhood or contact Nicola Ogden on 03 347 2800 or 03 318 8338 or email nicola.ogden@selwyn.govt.nz.

Conversations planned on future housing needs

The Council is hosting a series of community conversations to gather information on housing needs in Selwyn District. The Council sees its role as advocating for the community rather than being a provider of social housing so we want to provide developers and social housing providers with accurate information on the need for different types of housing in Selwyn district to help them plan for the future.

The Council's Selwyn 2031 – draft District Development Strategy identifies the need for greater housing choice for Selwyn residents, including more compact, small houses. Population changes are expected to create more demand for smaller housing.

The conversation sessions are open to the public and to community groups. They are being held at these locations:

- **Lincoln**, Wednesday 22 October, from 5 – 7pm, at Lincoln Event Centre
- **Darfield**, Thursday 23 October, from 10am – 12 noon, at Darfield Library
- **Leeston**, Friday 24 October, from 10am – 12 noon, at Leeston Library.

To attend a session please RSVP by emailing joy.farrington@selwyn.govt.nz or phoning 03 347 2752.

Building? Check your property complies with stormwater requirements

If you're involved in building a home, it's important that your property is designed to meet stormwater requirements. Surface water will always flow downhill, however you cannot allow storm water from your property to flow freely onto other properties as this can be a nuisance for neighbours.

In particular, careful planning is required to consider where water falling on hard surfaces such as your roof, driveway or sealed areas will go. Testing needs to be carried out before a building consent is granted to show that appropriate stormwater drainage will be in place to dispose of water.

The Council has information available to help with designing appropriate stormwater solutions for your property, please visit www.selwyn.govt.nz/stormwater-articles.

Advice is also available from our building consent team – email bca@selwyn.govt.nz and phone 347 2839.

Proposed Road Stopping – Part of Newman Road Rolleston

Council has received a request from Newman Incorporation Limited for consent to the proposed stopping of a small section of cul-de-sac in Newman Road, Rolleston 149 square metres in area so that it may be incorporated into their adjacent land and development.

The request is pursuant to Section 116 of the Public Works Act 1981. The road stopping, if approved by Council, will be confirmed formally by the Minister in due course. Volunteers needed for welfare exercise

Selwyn's Civil Defence staff are looking for volunteers to help with a welfare registration exercise.

Volunteers are needed for Exercise Liffey from 10 – 11.30am on Wednesday 29 October at the Lincoln Event Centre. Morning tea will be supplied.

The exercise will focus on how emergency services would cope with opening a welfare centre. In the exercise, a civil defence emergency will require that the Lincoln Event Centre be opened as a welfare centre and volunteers will play the role of local residents who have had to leave their homes to take shelter at the centre.

Welfare staff will be testing their registration process, so volunteers will only be needed on site for about half an hour.

If you or your family would like to participate in this exercise, come along from 10am. For more information, contact Ryan O'Rourke on 347 2715.
