Selwyn Central Community Board News

Proposed Speed Limit Change – SH1, Burnham Road Aylesbury Road

The Board received an update at its last meeting on the above intersection which is next on NZTA's list in its 2014 national trial of Rural Intersection Activated Warning Signs. The intention of this trial is to reduce the severity of accidents at rural intersections considered high risk. The device will reduce the operating speed on the main road.

As vehicles on Burnham or Aylesbury Roads approach the intersection, the warning signs which will be located 150 metres from the intersection on SH1 will display a 70km per hour speed limit or a 'slow down' message will be displayed and an open road speed limit will apply. A start date is to be confirmed.
