

Have your say on policy for gaming machines

Time is running out to have a say on Selwyn District Council's Gambling Venue Policy. The Policy sets out if and where non-casino gaming machines or "pokie machines" can be located in the district and also provides restrictions on the number of machines at the venues.

Since the current policy was adopted in March 2015 the population of the district has increased from 49,500 to approximately 60,000 and there have been more restaurants and bars established to service this increased population.

The Council's existing policy has a cap of 107 machines.

The proposed draft policy includes:

- a cap of 120 machines
- limits new venues to a maximum of five machines
- venues that are operating less than five machines to have a maximum of five machines.

These provisions seek to strike a balance between community benefit (funding and entertainment) and the harm caused by problem gambling.

The consultation period runs from Monday 28 May to Friday 29 June.

The proposed policy, submission forms and a statement of proposal are available at all Council service centres and libraries and on the Council's website yoursay.selwyn.govt.nz.

You can make your submission online or by emailing submissions@selwyn.govt.nz.

Written submissions can be addressed to: The Regulatory Manager, Selwyn District Council, Reviewed Gambling Venue Policy 2018, PO Box 90, Rolleston.
