

Has your dog visited Leeston Dog Park?

Leeston now has its very own dog park – bring your pooch and check it out!

The 1.8 hectare dog park is located in the area of Council land between the entrance to the A&P Showgrounds and the Ellesmere Heritage Park.

The park opened late last year. It is fully fenced and features dog exercise equipment such as hurdles, jumps, a balance beam, pole weave, ramps, a tunnel and more. It also features a small pond and a grooming table.

The project to establish the new park was promoted by the Leeston Community Committee.

Stubble burning season is here

Over the coming weeks you will likely see an increase in the number of stubble burns as the harvest progresses across the district.

Selwyn district remains in a restricted fire season, meaning that fires need a permit. However, stubble burning is still allowed during the current fire season.

Fire and Emergency New Zealand (FENZ) has made stubble burning an approved fire in the Selwyn area. This means that no permit is required for a stubble burn in a restricted fire season provided there is total compliance with the FENZ rules and Federated Farmers of New Zealand guidelines. Under Environment Canterbury’s Air Regional Plan, anyone carrying out stubble burning must fill out a smoke management plan.

Although stubble burning is an approved activity FENZ says that if you’re concerned about any smoke coming from a fire, you should call 111 and report it.

- Some basic safety guidelines which must be observed:
- people must be careful to avoid lighting fires when strong or moderate winds are occurring or are forecast
 - all crop stubble fires may only be lit during daylight and must be out by dark
 - the fire must be supervised at all times
 - a fire break of no less than five metres in place is required around the area to be burned
 - suitable equipment must also be available to extinguish a fire
 - inform neighbours of the date/time of the stubble burn

Visit the Check It’s Alright website to determine the rules for a specific location (www.checkitsalright.nz).

Get fit with Lincoln Event Centre and Rolleston Community Centre

Both Lincoln Event Centre and Rolleston Community Centre run spin classes, an indoor cycling workout on a stationary bike where you can control the intensity.

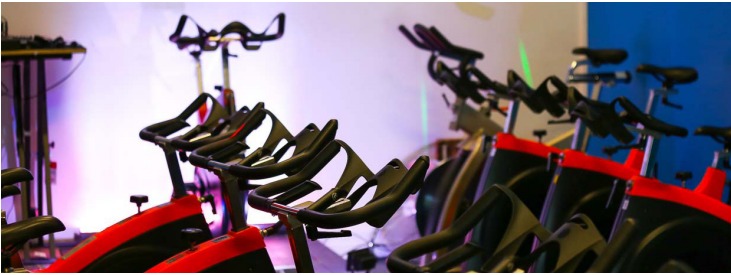

Spin is a fun, low impact workout where you can burn up to 600 calories a session!

The instructor will take the group class on a journey of hill climbs, sprints, interval work and flat riding to great inspirational music.

If you haven’t tried it before, come and give it a go! Let the instructor know you are new and they will help you set up the bike and give you options on how to ride to your own level.

Rolleston Community Centre has just added two new evening classes on a Monday and a Wednesday.

Check out the timetable offered at both Rolleston and Lincoln and remember you need to book ahead for these classes.
