## **Boil Water Notice: Arthur's Pass Water Supply**

Residents in Arthur's Pass who are on the Arthur's Pass Water Supply are advised to immediately begin boiling water.

A boil water notice has been issued by Selwyn District Council after test results received today showed that E. coli levels were above recommended levels.

E.coli is an organism which can cause health issues. People are advised to visit their doctors if they are showing any symptoms of sickness, including vomiting and diarrhoea.

The council will continue to monitor the intake and reticulation system and keep residents informed.

Any updates to this notice will be posted online at [www.selwyn.govt.nz](http://www.selwyn.govt.nz).

**ends**
