

Media Release

Wednesday 17 September 2014

Main pool closed temporarily at Selwyn Aquatic Centre

The 25 metre lap pool at the Selwyn Aquatic Centre in Rolleston will be closed from 6am on Monday 29 September and will reopen at 6am on Monday 6 October. During this period it won't be available for swimming.

"The closure will allow some tiles on the pool floor to be repaired," says Kathy Moore, Selwyn Aquatic Facilities Manager.

The tiles were laid shortly after a small earthquake and this may have caused some ground resettling to occur. The pool will need to be drained of water in order for the retiling work to take place.

"The rest of the Aquatic Centre, including the hydrotherapy, toddler, learn to swim, leisure, lazy river and spa pools will be open as normal while the retiling is carried out," says Mrs Moore.

The centre is open from 6am – 9pm Monday-Friday and 8am – 8pm at the weekend and on public holidays.

During the week period of the main pool closure, a hydro tone class will be held on Friday 5 October at 11am in the hydrotherapy pool, and other classes will not occur.

The retiling work coincides with school holidays and no swimming lessons are scheduled while the retiling is taking place.

Ends
