

Rating Information Database Available for Inspection

Selwyn district's Rating Information Database (RID) is available for public viewing at any time on Council website at selwyn.govt.nz/rates, or you can call into the Council's Rolleston offices, 2 Norman Kirk Drive, Rolleston, between the hours of 8.30am–5pm, Monday to Friday, excluding public holidays. There is no fee to view the database.

The Selwyn RID contains Selwyn district-wide property valuation details, property rating classifications and any current rates the property may be liable for. This includes rates set by the Selwyn District Council and the regional council Environment Canterbury. RID does not give owner or ratepayer details.

Please note that the purpose of the RID is to allow people to check what rate types and differentials have been applied to their account for a particular rating year. The figures displayed on the RID should not be used as confirmation of the actual rates charged/payable on a property but are indicative of future rates at a given point in time.

This public notice meets the terms of Section 28 of the Local Government (Rating) Act 2002.
