Summit Up – online summary of submissions

Summit Up is Selwyn District Council's online database which summarises all submissions received on the notified Proposed Selwyn District Plan, and the decisions requested by submitters. Summit Up is only a summary of the submissions received – it does not include the full submissions. To fully understand the issues raised by a submitter, their original submissions should be read in full (a link to the full submission is included in Summit Up), together with any supporting material they might have included.

The online summary of submissions has been designed so that users can easily find the information that is of most interest to them. It's set up as a simple searchable table with all the submissions.

This information sheet outlines the multiple ways in which a user can find relevant submissions, for example based on 'Topic', 'Plan Reference' or submission type, in addition to searching for a specific submitter's submission. At the end of the document you can also find answers to most common questions.

DEF	DEF (Definition)	New	DPR-0207	Selwyn District Council	001	Support	Considers that no definition of 'ridgeline' has been included in the proposed District Plan. This may cause uncertainty within the Plan given that some provisions rely on the term to determine compliance with the Plan.	Insert as follows: A geological feature that has a continuous elevational crest for some distance, provided that for the purposes of landscape assessments, this does not include the vegetation on the ridgeline.	DPR-207 Selwyn District Council

Here's what the columns show:

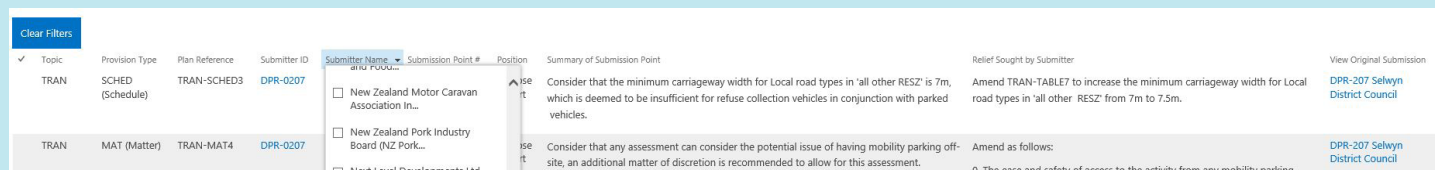

Column/Filter name	Description	Can I use this field to 'filter' submissions?
Topic	The Proposed District Plan's topics are listed by shortcode, eg GRUZ or SASM	Yes
Provision Type	You can filter submissions by Objective, Policy, Rule, or Rule Requirement. The options of Chapter and Explanation have also been provided and are used where the submission point relates to either an entire Chapter or an area within the Chapter that doesn't have a Plan Reference, for example a Note for Plan Users.	Yes
Plan Reference	This filters by reference to a specific provision to which the submission point relates to. It does it to one decimal point, ie SASM-R1. The option 'New' has been used where submitters have sought a new provision.	Yes
Submitter ID	The unique identifier number assigned to individual submitters also provides link to the submitter's contact information. This information is necessary for purposes of serving a further submission.	Yes
Submitter Name	Full name of the submitter	Yes
Submission Point #	Submission point number as allocated by the Council.	Yes
Position	Support or Oppose in full or in part, or Neither Support nor Oppose where no position is clearly articulated in the submission.	Yes
Summary of Submission Point	Brief synopsis of submitter's views on the provision.	No
Relief Sought by Submitter	Outcome the submitter would like to see.	No
View Original Submission	Link to view a copy of the original submission in full.	Yes

Using the filters

Search by 'Submitter ID' or 'Submitter Name'

If you want to see all submission points from a specific submitter you can do it by their:

- Submitter ID, eg DPR-0207 - select the small black arrow next to the 'Submitter ID' filter 'and select the relevant submitter ID.
- Submitter Name, eg Selwyn District Council - select the small black arrow next to the 'Submitter Name' filter and select the relevant submitter.

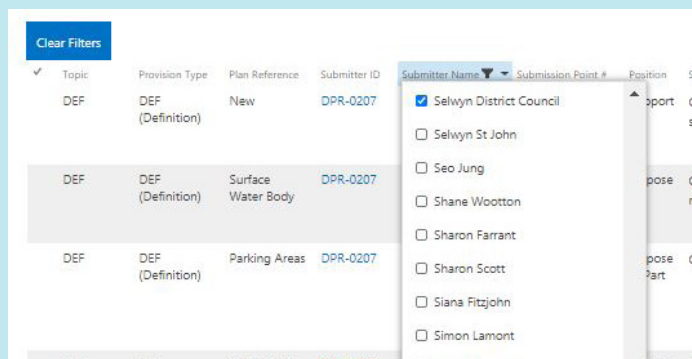

The screenshot shows a table with columns: Topic, Provision Type, Plan Reference, Submitter ID, Submitter Name, Submission Point #, Position, Summary of Submission Point, Relief Sought by Submitter, and View Original Submission. The 'Submitter ID' filter is set to 'DPR-0207'. The 'Submitter Name' filter is open, showing a list of submitters including 'Selwyn District Council', 'Selwyn St John', 'Seo Jung', 'Shane Wootton', 'Sharon Farrant', 'Sharon Scott', 'Siana Fitzjohn', and 'Simon Lamont'. The table contains three rows of submission points, all from 'DPR-0207 Selwyn District Council'.

TRAN	SCHED (Schedule)	TRAN-SCHED3	DPR-0207	Selwyn District Council			Consider that the minimum carriageway width for Local road types in 'all other RES2' is 7m, which is deemed to be insufficient for refuse collection vehicles in conjunction with parked vehicles.	Amend TRAN-TABLE7 to increase the minimum carriageway width for Local road types in 'all other RES2' from 7m to 7.5m.	DPR-207 Selwyn District Council
TRAN	MAT (Matter)	TRAN-MAT4	DPR-0207	Selwyn District Council			Consider that any assessment can consider the potential issue of having mobility parking off-site, an additional matter of discretion is recommended to allow for this assessment.	Amend as follows: 9. The ease and safety of access to the activity from any mobility parking.	DPR-207 Selwyn District Council

If you submitted on the Proposed Plan, this is a good place to start to see how your submissions points have been summarised and coded to different parts of the Proposed Plan.

If a submitter has made more than one submission point and you subsequently want to view the topics or specific provisions that the submitter's submission relates to, you can further filter for more detailed information. Alternatively you can 'Clear Filter' and restart your search.

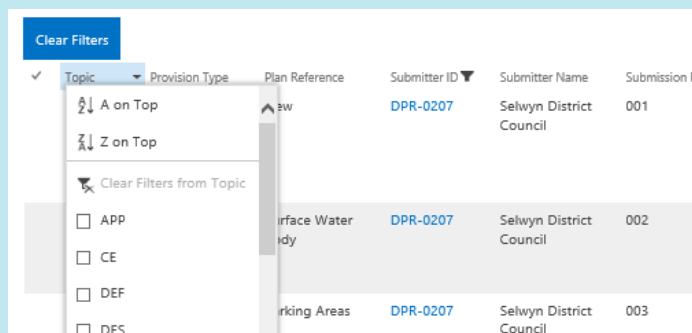

The screenshot shows the same table as above, but with the 'Submitter Name' filter set to 'Selwyn District Council'. The table contains three rows of submission points, all from 'Selwyn District Council'.

Topic	Provision Type	Plan Reference	Submitter ID	Submitter Name	Submission Point #	Position	Summary of Submission Point	Relief Sought by Submitter	View Original Submission

APP	APP (Appendix)	Surface Water Body	DPR-0207	Selwyn District Council	002				
APP	APP (Appendix)	Parking Areas	DPR-0207	Selwyn District Council	003				

Search by 'Plan Reference'

If you want to find out what's been said about a specific provision, such as a rule, definition or overlay, you can filter the summary by 'Plan Reference'.

If you are interested to see if there has been any submission point on a specific rule, for example Noise-R4, you can select it from the drop-down reference list. As there are over 2,000 unique references in the summary of submissions, you should use the filter function for this field in the first instance.

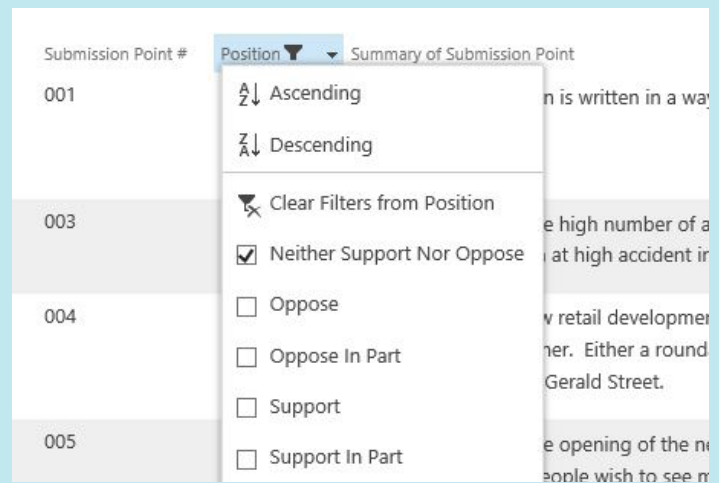

The screenshot shows the table with the 'Plan Reference' filter set to 'NOISE-R4' and the 'Submitter ID' filter set to 'DPR-0207'. The table contains three rows of submission points, all from 'Selwyn District Council'.

Topic	Provision Type	Plan Reference	Submitter ID	Submitter Name	Submission Point #	Position	Summary of Submission Point	Relief Sought by Submitter	View Original Submission
NOISE	R (Rule)	NOISE-R4	DPR-0207	Selwyn District Council	043	Oppose In Part			
NOISE	R (Rule)	NOISE-R4	DPR-0207	Selwyn District Council	065	Oppose In Part			
NOISE	R (Rule)	NOISE-R4	DPR-0207	Selwyn District Council	065	Oppose In Part			

Search by 'Position'

If you wanted to see which provisions received submissions in opposition you can filter by position.

Answers to most common questions

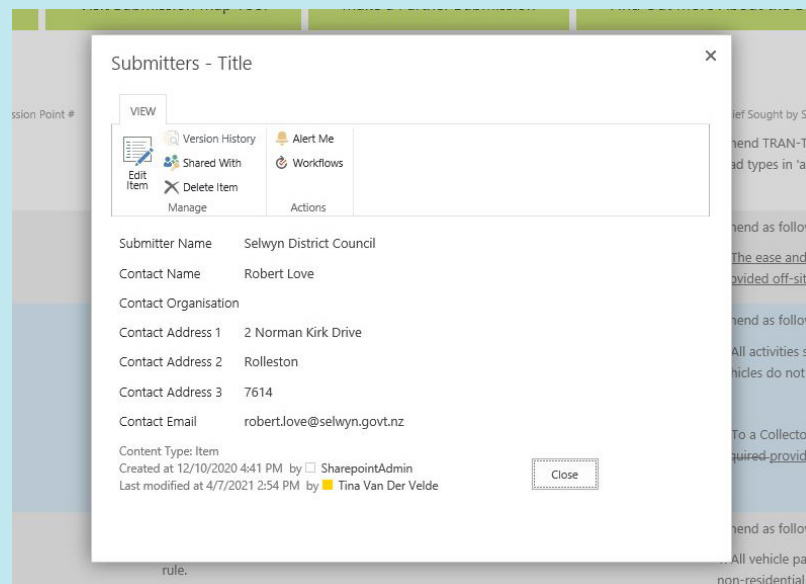

How can I find my submission?

You should have received confirmation from the Council with your Submitter ID after lodging your original submission. To find the summary of your submission, search the Summit Up database by using the filter 'Submitter ID' or alternatively 'Submitter Name' (as outlined above). In the search results you can also find a link to a copy of your original submission and any additional correspondence associated with it, such as where Council has sought clarification of any aspects of your submission while summarising it.

How do I get the original submitter's details so that I can send them a copy of my further submission?

You can find a submitter's contact details by:

- checking the document *List of all submitters and their contact details* which can be found on our further submission web page at www.selwyn.govt.nz/dprsubmission
- clicking on the submitter's ID number in Summit Up

- reading a copy of the original submission which can be accessed in Summit Up (see below Q&A for more information).

How can I find a copy of an original submission?

You can access a full copy of the submission in Summit Up under the last column 'View Original Submission'.

How can I see what decisions have been requested by submitters?

This information is in the 'Relief Sought by Submitter' column of the Summit Up table. In some instances you may need to refer to the full submission for more detail, by clicking the link supplied (see black circle):

Delete as notified and replace with:

Fresh water or geothermal water in a river, lake, stream, pond, or wetland, or any part thereof, which is not located within the coastal marine area.

How can I find out whether my neighbour has made a submission requesting to have their property rezoned?

All rezoning requests are tagged to the 'REZONING' topic. If you know your neighbour lodged a submission you could look up their name, alternatively you may need to filter to show all the rezoning requests and scroll through the decisions sought.

We have also developed a submission map tool which gives you a visual indication of where a rezoning or other new map related changes have been requested. Please note not all map change requests were mapped so we strongly suggest this tool is used in conjunction with the entire summary of submissions in Summit Up. Visit www.selwyn.govt.nz/districtplanreview to check out the map.
