WHAT DO YOU DISLIKE ABOUT THE EXISTING ROLLESTON TOWN CENTRE

Accessing Countdown and the Warehouse is extremely difficult when using a wheelchair for mobility. Roads are treacherous to cross

More Specialist Shops, Book Shop, Gift Shop, Post Office

Fix the Masefield/Rolleston Drive intersection, dangerous when walking. Pedestrian crossings, especially over Rolleston Dr for children walking to School

The first thing you see is carparking – town just looks like a bland Auckland suburb

Too many big box shops. It's becoming Hornby V2.0 – get different shops!

Hate the Macefield/ Rolleston Drive corner

Shops are unattractive, just concrete boxes. (I love the look of Pegasus)

Architecture is boring (in commercial buildings)

Disconnection & Safety Aspects

All the businesses open to the South. Not conducive to alfresco and outdoor operating

No pedestrian access between the existing Countdown/Warehouse/New World Shopping Centre. Busy roads separate these and it is very pedestrian unfriendly.

Crossing Rolleston Drive with children to get to School is highly dangerous
