© Selwyn District Council | Edit | newzealand.govt.nz Touter Selwyn Area-waimak Gorge EFFLUENT STATTON For waimak Gorge BE PLACED AT CASS (or near Cass) AS THERE 15 A lot of run off lover flow from trucks + trucks HANT everytime they go up a slope which goes into any stream that is near-by and flows into major lakes; ie!) Porters Pass flows into plake the Hindon (most polluted Lake in Selwyn)2) Craig ieburn Eutting strams will run off into streams be side + eventually end up in LAKE PEARSON. A second effluent station (Cass)
would help as it is probably a good 4hr trip for poor old clairy cow-Have to empty out somewhere a long the line + cannot wait of course will over flow. No bodies faults it is just that there are no facilities for your want proof, just travel behind one of these trucks up there are many daily.

2) Springfield should be allowed to 9 now. infrastructure first -> must have verage in place to growt develop. Is last stop to the west Coast + 1st stop on way back to Canterbury. B) Toilets must be dealt with! Tourist stop regularly. 4 at a time-Impossible tor toilets to cope Consequently Springfields
thall walls are used perfect example when Restival is on. Please, please geton toilets. Springfield is desperate suse right next neri Smith. http://www.selwyn.govt.nz/about-this-site/have-your-say/hys-listings/selwyn-2031-draf... 6/06/2014
