# Birchs Road Park, Prebbleton Draft Concept Masterplan

Selwyn District Council is seeking feedback from the local community on plans for a new reserve development in the Springs Ward, on Birchs Road, near Prebbleton. The Council intends to designate this area of land for 'Recreation Reserve Purposes'. This will require Council to submit a Notice of Requirement under the Resource Management Act (1991), in a similar manner to a resource consent application. Prior to undertaking this process, we want to hear what you think of the draft plan. There will also be a further opportunity for formal submission on the designation for the proposed recreation reserve in the near future.

Last year the Council carried out community consultation with local groups to identify what the community wanted. Some of the main elements identified included:

- diverse play experiences and settings, in particular for nature/ wilderness/adventure play with a point of difference, especially for older children and teenagers
- access and provision for informal sporting activity
- safer bike opportunities within a park setting away from vehicle traffic
  - · an off-lead dog exercise area
  - · additional fields for sporting activities.

This community feedback has helped to guide the development of a plan for the new reserve. The overall design reflects an emphasis on walking, cycling and outdoor gathering spaces. Features include:

- park and play spaces
- · shade
- · seating and picnic areas
- an off-leash dog exercise area

- pathways
- · bike tracks, including connection to the Little River Rail Trail
- · enhancement of the waterway
- · sports fields.

This park was initially proposed in the Council's 2015–2025 Long-Term Plan which was adopted by the Council following public consultation in 2015.

#### Your feedback

We now want to hear what you think of the draft plan. You can provide your feedback by going to selwyn.govt.nz/\_\_\_\_ or by filling out the attached form and dropping it off to the Council offices or any library or service centre, or post to:

Attention: Phil Millar SD Freepost 104-653 PO Box 90

You can also email feedback to phillip.millar@selwvn.govt.n

Feedback on the reserve development closes at 5pm of

Selwyn

## Birchs Road Park Draft Concept Masterplan

4. \	What items or exercise equipment would you like to see in the dog exercise area?
5. \	What sort of challenges or elements do you think could be included along the network of bike trails?
i. I	Do you have any general comments?
	Feedback forms can be dropped off to the Council offices or any library or service centre, or post to:
