I approve the proposed Plan Change. What a great facility this will be, enhancing a fantastic operation.

I/We seek the following decision from the Council for the following reasons:

- Existing Porters Ski Area needs to be upgraded;
- This would be great to ensure Porters remains viable;
- It would be great if New Zealand had the type of on mountain facility you can get overseas;
- It would be great if we did not have to use our mountain access road;
- This will bring thousands of tourists to the mountain and the Canterbury region;
- This would be a great experience for New Zealanders and overseas skiers;
- This allows lots more people to get the enjoyment from accessing Crystal; and
- This will bring jobs into the Region.

- The Canterbury region needs a world class ski facility, and like Queenstown we need to promote everything that is good about the region. This could be absolutely fantastic if we do it right and millions can get to enjoy it while still protecting our environment.

We approve the proposed Plan Change. It is a wonderful opportunity to bring employment into the area, It is just what's needed to help the rural community whilst blending in nicely to what is otherwise redundant land, the local economy of Darfield, Springfield and surrounds will be boosted by the continuation of not only the seasonal skiing trade but also the summer tourist trade. It will add even further credibility to the great alpine highway scenic route. We feel that this is a far better venture than the proposed Dairy factory as it will be an enhancement to the area. To ensure all this happens the existing Porters Ski Area needs to be upgraded; to ensure Porters remains viable; the type of on mountain facility you can get overseas would be a major asset to attract overseas visitors; It would be more viable and safer if we did not have to use the mountain access road; Overall This would be a great experience for New Zealanders and overseas skiers and would allow lots more people to get the enjoyment from accessing Crystal.

I approve the proposed Plan Change.	

I/We seek the following decision from the Council for the following reasons:

- Existing Porters Ski Area needs to be upgraded to provide an international ski village for the Canterbury region that can compete with overseas ski areas;
- This would be great to ensure Porters remains viable as the canterbury region desperatley needs an alternative to the Mt Hutt ski area which too often is crowded to the point where they close the bottom gate;
- It would be great if New Zealand had the type of on mountain facility you can get overseas;
- The exisitng mountain road is terrifying to most visitors and if this could be eliminated from the equation then it has to be of considerable benifit to the visiting skiers ;
- This will bring thousands of tourists to the mountain, Christchurch, and the Canterbury region;
- This would be a great experience for New Zealanders and overseas skiers;
- This allows lots more people to get the enjoyment from accessing a considerably bigger skiable area with international facilities; and
- This will bring jobs into the Region which means money into the region thus benefiting the whole economy of the region.

I do not approve the proposed Plan Change.

I/We seek the following decision from the Council for the following reasons:

I ask that you reject the planned proposal on the basis of the negative impact this will have on the natural ecosystem in the area. It is of concern to read the extensive development of Crystal Valley proposed by Blackfish Limited. Extensive earthworks to re-contour areas of the valley for ski trails, built infrastructure and snowmaking reservoirs will result in the destruction of the significant inherent values of what we understand to be a pristine valley.

I approve the proposed Plan Change.
I/We seek the following decision from the Council for the following reasons:
- Existing Porters Ski Area needs to be upgraded;
- This would be great to ensure Porters remains viable;
- It would be great if New Zealand had the type of on mountain facility you can get overseas;
- It would be great if we did not have to use our mountain access road;
- This will bring thousands of tourists to the mountain and the Canterbury region;
- This would be a great experience for New Zealanders and overseas skiers;
- This allows lots more people to get the enjoyment from accessing Crystal; and
- This will bring jobs into the Region.

Submission:

I approve the proposed Plan Change. The benefits to Tourism in the Canterbury area would be huge along with the appeal to large conferences to the Canterbury area. To enhance the conference appeal would give us further strength when competing with Auckland, Queenstown and Rotorua whom are our biggest competition.

I/We seek the following decision from the Council for the following reasons:

- Existing Porters Ski Area needs to be upgraded;
- This would be great to ensure Porters remains viable;
- It would be great if New Zealand had the type of on mountain facility you can get overseas;

I approve of the proposed plan change: Yes

Submission:

This proposal looks great! As a skier I would welcome a big resort style field in Canterbury. Aside from the obvious benefits for local skiers I think it could have a hige impact on inbound tourism. Already many Australians are coming to NZ to enjoy some great skiing/ boarding but with such a resort I believe this would increase the amount of tourists coming to NZ to enjoy our mountains. This would have a roll on effect for Canterbury and surrounding areas. We don't have anything like this in NZ and many kiwis go abroad to get the ski-in/ ski-out experience. This project could also mean keeping some of the Kiwi dollar here.

I/We seek the following decision from the Council for the following reasons:

- Existing Porters Ski Area needs to be upgraded;
- This would be great to ensure Porters remains viable;

I approve the proposed Plan Change. This is a tasteful and ideally located development. The use of gondolas for mountain access is something NZ ski areas have been slow to adopt and it is far less impacting environmentally than a road.

I/We seek the following decision from the Council for the following reasons:

- Existing Porters Ski Area needs to be upgraded;

I approve the proposed Plan Change.

As the Owner and Managing Director of Otahuna Lodge, I support this plan change for the following below reasons:

- 1) I believe that the more international standard attractions we have in the Region the more people/ events/ conferences we are likely to attract.
- 2) Opportunity for joint projects. The expansion of Porters will benefit numerous Canterbury businesses/entities.
- 3) Addresses demand. As the owner of the sole Qualmark "Exclusive" property in Canterbury, our guests continually seek access to the most exceptional experiences possible. Presently, our skiing sites do not meet their discerning requirements.

Please contact me should you have further questions or wish to know more about why I--and my team--support Porters and its expansion.

Sincerely,
Hall Cannon

Managing Director & Owner
Otahuna Lodge

I approve the proposed Plan Change.	

I/We seek the following decision from the Council for the following reasons:

Approval by the Council of the proposal.

- The proposal defines a vision which would enhance the recreational amenities of the area and provide much needed safe and exciting facilities for the enjoyment of its partons.
- It would provide extensive educational opportunities about our alpine habiat.
- Existing Porters Ski Area needs to be upgraded;
- This would be great to ensure Porters remains viable;
- It would be great if New Zealand had the type of on mountain facility you can get overseas;
- It would be great if we did not have to use our mountain access road;

Submission:

I approve the proposed Plan Change. In case the project is successful it will be the first world-class ski resort in New Zealand. It might force other ski fields to follow suit and make it a safer environment (example: Mt. Hutt access road is unsafe and dangerous). This will improve overall image of New Zealand as a ski destination in Southern Hemisphere. I strongly support the proposed Porters Expansion and believe that New Zealand in general and Canterbury in particular will benefit from this development economically, not to mention promotion of healthy lifestyle for New Zealand population.

I/We seek the following decision from the Council for the following reasons:

- Existing Porters Ski Area needs to be upgraded;

I approve the proposed Plan Change. (Please alter your response as required).

I/We seek the following decision from the Council for the following reasons:

- Existing Porters Ski Area needs to be upgraded;
- This would be great to ensure Porters remains viable;
- It would be great if New Zealand had the type of on mountain facility you can get overseas;
- It would be great if we did not have to use our mountain access road;
- This will bring thousands of tourists to the mountain and the Canterbury region;
- This would be a great experience for New Zealanders and overseas skiers;
- This allows lots more people to get the enjoyment from accessing Crystal; and
- This will bring jobs into the Region.

- This allows lots more people to get the enjoyment from accessing Crystal; and
- This will bring jobs into the Region.
- This will be a world class attraction and provide easy Mountain access to high value overseas tourists who demand a higher standard of facility than those presently available close to Christchurch.
- It will be of significant economic value to the greater Canterbury region.
- It will significantly increase visitor numbers to the region from Australia as many Australians currently go to Japan and the US to experience the better facilities available in those countries.
- It will enhance New Zealands clean green pristine image in overseas markets by making a high country area easily accessible to visitors.
- It will minimise the environmental impact of visitors to the high country by providing a focal point in a specifically zoned recreational area.

I approve the proposed Plan Change.

I/We seek the following decision from the Council for the following reasons:

- Increased competition in the commercial skiing market in Christchurch would provide considerable benefits to local skiers. The current facilities at Porters means the field struggles to be a genuine competitor to Mt Hutt.
- A developed Porters would become a crown jewel of the regions skiing facilities and even of Canterbury's tourism industry. It would attract more international winter tourists to the region and have a considerable economic benefit for the region.
- The development of Porters would generate a large number of employment opportunities for Canterbury residents, both directly at the mountain and through all the support services required.
- Many other local businesses would benefit from the a developed Porters, including outdoor gear manufacturers and retailers, transport companies, and other tourism operators.
- Any new businesses operating within the development would generate considerable rates revenue for Selwyn District.

I approve the proposed Plan Change. I would however like to make several comments. I was not happy at all to be stopped and made to wear a leash, I have snowboarded for the past 12 years and have competed in several big mountain competitions as well as freestyle and pipe contests so am of adequate skill level! I have heard of many riders boy-cotting porters for this reason. However Porters is a good field with good terrain, and I believe this issue could be resolved by simple education of snowboarders, and not simply letting first timers up to a position on the hill where a runaway board could reach a speed which it would injure someone. This however is the only negative I can see.

It would also be of great benefit to porters to actually have a Park....maybe allowing volunteers to work in the Park in return for a pass? The bottom line is that modern day skifields almost require a Park to cater for their visitors. Porters has the perfect terrain to construct a Park, on the Skiers left (coming down hill) of the top T bar. That is ofcourse once the expansion has been completed.

The expansion is a GREAT idea and I hope that it goes through, as it would create jobs and attract further tourists to the Christchurch area, which is certainly needed after the recent Earthquake.

I/We seek the following decision from the Council for the following reasons:

- Existing Porters Ski Area needs to be upgraded;
- This would be great to ensure Porters remains viable;
- It would be great if New Zealand had the type of on mountain facility you can get overseas;

- Existing Porters Ski Area needs to be upgraded;
- This would be great to ensure Porters remains viable;
- It would be great if New Zealand had the type of on mountain facility you can get overseas;
- It would be great if we did not have to use our mountain access road;
- This will bring thousands of tourists to the mountain and the Canterbury region;
- This would be a great experience for New Zealanders and overseas skiers;
- This allows lots more people to get the enjoyment from accessing Crystal; and
- This will bring jobs into the Region.

Submission:

I approve the proposed Plan Change. I believe the proposed change to Porters Ski Field would be greatly beneficial to tourism in Christchurch and New Zealand. Having this alongside the ski resorts in Queenstown will bring a large number of overseas tourists for the ski season. As well as tourists, a greater ski field would also attract foreign ski teams training here.

I/We seek the following decision from the Council for the following reasons:

- Existing Porters Ski Area needs to be upgraded;
- This would be great to ensure Porters remains viable;
- It would be great if New Zealand had the type of on mountain facility you can get overseas;

allowing accomodation on the mountain and access such as this will reduce the risk of having to travel after a days skiing, there are currently a number of accidents involving fatigued drivers after recreational activities. many of whom would like the option of avoiding travels during these peak times

I approve the proposed Plan Change. For too long we, New Zealand, have eschewed a truly charming alpine skiing village experience in deference to the misguided notion that any development degrades the alpine environment. But the fact is, we have skiing in NZ. So if we are to maintain skiing in NZ, let's do it well. Not just the charmless, industrial, sausage factory, train station approach that the likes of Coronet Peak have taken. No, it's time for what is being proposed here. A world class, charming, stay-and-play, within the snowline, alpine village. We all know the building technology and management systems exist to do it in an environmentally sound way. So let's step up and make beautiful resorts to match our beautiful mountains.

I/We seek the following decision from the Council for the following reasons:

- Existing Porters Ski Area needs to be upgraded;
- This would be great to ensure Porters remains viable;
