

Proposed Plan Change 25 - Porter Heights					
Summary of Decisions Sought					
Introduction					
The period for making submissions to Change 25 to the District Plan closed on 24 September 2010. This is the second stage of the public submission process where people have the opportunity to make further submissions.					
Further submissions give the opportunity for the public to either support or oppose the submissions received and summarised or aspects of these submissions. Please note it is not another opportunity to make fresh submissions on the Plan Change itself, as a further submission can only relate to a submission which has already been lodged.					
The further submission Form 6 is available at all Council offices and online at:				http://www.selwyn.govt.nz/services/planning/planning-forms/submission-forms-pdfs/submission-forms	
Those submission highlighted yellow have either incomplete contact details, no address or illegible details. If you are wanting to lodge a further submission supporting or opposing any of these submissions, then please send it directly to the Council as the contact details of the submitter cannot be verified.					
Some submissions have been removed from the summary below as they were duplicates.					
THE SUMMARY					
Submitter	Submission No.	Decision No.	Request	Decision Sought	Wishes to be heard?
Carl Pavletich	S01	1	Support	Let it proceed. This will put the Southern Alps on the map for eco-adventure.	No
Jay Bristow	S02	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our maintain access road.	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Daniel Walbeoff	S03	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our maintain access road.	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Sebastian Beuchele	S04	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our maintain access road, this is one of the things that keeps tourists away from our ski fields - they do not want to use our access roads.	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Karl Taylor	S05	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
		9	Support	Selwyn, Canterbury & NZ would benefit greatly from this sort of development, it's long overdue.	

Gregory Johns	S06	1	Support	It would be great if NZ had the type of on mountain facility you can get overseas	No
		2	Support	It would be great if we did not have to use our mountain access road	
		3	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		4	Support	This would be a great experience for New Zealander's and overseas skiers.	
		5	Support	This will bring jobs into the Region	
Cheryl van Opzeeland	S07	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Sean Mulvany	S08	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Roger Banks	S09	1	Support	Approve the Plan Change. NZ needs to offer international style resorts to maintain its popularity as a tourist destination.	No
Ben Sandle	S10	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Giles Wood	S11	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
John Williams	S12	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Jon Purdue	S13	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	

		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Ben Webster	S14	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Rohan Guise	S15	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
		9	Support	This would put us up there with Canada ski villages	
Katherine Bould	S16	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Sanne Maas	S17	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Anna Crabtree	S18	1	Support	I approve the proposed Plan Change. The NZ ski industry has a lot of potential to be upgraded and expanded. I recognise this expansion a positive change in the right direction. It will be good to see a modern facility.	No
		2	Support	In terms of safety the gondola is an excellent proposal, so that we never see another car coming off an access road again as in Mt Hutt recently. Further more the resort will still be accessible in bad weather.	
		3	Support	From an economic point of view, the proposed development will attract Australian skiers, due to the ease of commuting from Christchurch.	
Lisa Gane	S19	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	

		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
		9	Support	This would work well with Christchurch International Airport being so close.	
Ravind Chandra	S20	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Kimberley Natusch	S21	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Genevieve Galletly	S22	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Deidre Graham	S23	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Sam Saxton	S24	1	Support	It would be a great economic stimulus for the area creating year round jobs	No
		2	Support	It would be great for Canterbury if NZ had the type of on mountain facility you can get overseas	
		3	Support	It would be safer not having to use the mountain access road	
		4	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		5	Support	This would be a great experience for New Zealander's and overseas skiers.	
		6	Support	This will bring jobs into the Region	
Sean O'Connell	S25	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Caroline Gillingham	S26	1	Support	Existing Porters Ski Area needs to be upgraded	No

		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
		9	Support	It will support natural flora and fauna in the region	
		10	Support	It will be a sustainable environment within DOC requirements.	
Matt James	S27	1	Support	This would make NZ skiing world class so we could actually compete with the likes of America and Europe. When comparing our fields and facilities to theirs we fall so short. This development would change that and attract the skiers that usually go to America and Europe to NZ.	No
		2	Support	Existing Porters Ski Area needs to be upgraded	
		3	Support	This would be great to ensure Porters remains viable	
		4	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		5	Support	It would be great if we did not have to use our mountain access road	
		6	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		7	Support	This would be a great experience for New Zealander's and overseas skiers.	
		8	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		9	Support	This will bring jobs into the Region	
Lisa McClure	S28	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
John Burland	S29	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Adam Preston	S30	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Nick Greenslade	S31	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	

		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Helen Murray	S32	1	Support	Existing Porters Ski Area needs to be upgraded; skiing in this area is currently very limited as all fields are small, have few chair lifts or on mountain accommodation options.	No
		2	Support	This would be great to ensure Porters remains viable and offer an alternative to Mt Hutt	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It will encourage more tourists from overseas	
		5	Support	It would be great if we did not have to use our mountain access road	
		6	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		7	Support	This would be a great experience for New Zealander's and overseas skiers.	
		8	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		9	Support	This will bring jobs into the Region	
Deirdre Love	S33	1	Support	Canterbury needs a ski area with easy access to the slopes and accommodation at the field	No
		2	Support	Opening Crystal Valley will greatly increase the skiable area, and I think will have better conditions than the current Porter's field alone, so this will extend the season and range of the experience.	
		3	Support	Such an investment is great for local and regional development and will bring a lot of tourists and local skiers into the area, more jobs, more regional capital.	
		4	Support	Not needing an access road to the field would improve the enjoyment, ease of engagement and most importantly the safety of the experience - one driver killed this year (at Mt Hutt) and at least two more vehicles off the road, with injuries sustained - I think the problems with access put a lot of people off skiing.	
Paul Webster	S34	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
		9	Support	Bring it on!	
Chris Jacquier	S35	1	Support	Approve the Plan Change. This will have only positive spinoffs for NZ. An exciting project that covers every base. New Zealand needs this kind of investment in the current economic climate. Springfield in particular will benefit hugely from this project. There will be a lot more infrastructure required here, and accommodation from construction and during operation. Would expect that SDC would invest more in developing Springfield into a service providing town for the local ski fields. Springfield has long been snubbed by SDC by declining consents and neglecting the usual benefits of a small town e.g. better street lighting beautification and more consistent service provisions. Why do Springfield residents pay similar rate to Rolleston and Lincoln for much Lesser Service?	Yes
		2	Support	Existing Porters Ski Area needs to be upgraded	
		3	Support	This would be great to ensure Porters remains viable	
		4	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		5	Support	It would be great if we did not have to use our mountain access road	
		6	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		7	Support	This would be a great experience for New Zealander's and overseas skiers.	
		8	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		9	Support	This will bring jobs into the Region	
Shana Steed	S36	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	

		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Todd Couper	S37	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Matt Kirke	S38	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Nicholas Fletcher	S39	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Imogene Lomax	S40	1	Support	South Island Winter tourist attractions and recreational facilities are critical to sustain and grow the local economy. Investment in ski fields to ensure modern and up-to-date facilities is critical to continue to draw local and international enthusiasts for longer periods to this skiing mecca of NZ.	No
		2	Support	Existing Porters Ski Area is tired and needs to be upgraded	
		3	Support	Ensuring the continued viability of this ski field is critical to the SI ski industry	
		4	Support	We need to invest in facilities that compete and meet international standards	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		7	Support	This will bring jobs into the Region	
Victoria Moore	S41	1	Support	Canterbury needs this! Having skied a lot overseas, a development like this would really enhance our region and boost jobs and tourism to the area.	No
		2	Support	Porters is a popular ski area and so close to Christchurch, but the facilities really need to be upgraded and expanded.	
		3	Support	It would be great to not have to use the access road as well.	
		4	Support	This development looks like something we could be proud of. This will open up the mountains for many more people to enjoy in style and will boost the economy along the way	
Bianca Edmonds	S42	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	

		8	Support	This will bring jobs into the Region	
Courtney van Beek	S43	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Stephen Goodger	S44	1	Support	This is a great Ski field let down by its current facilities. The existing area needs to be upgraded and developed. This would be great to ensure Porters remains viable.	No
		2	Support	The facilities need to be as good as other NZ fields and also have some facilities that could rival international fields.	
		3	Support	The access, ability to get there quicker and have more tourists would be good for the Canterbury and NZ economy	
Prue Miller	S45	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	I am a very keen skier presently living in China. I do all I can to promote NZ tourism as I am very proud of NZ. There is so much interest in our ex-pat community about the types of ski facilities available in NZ, especially since the winter is the opposite to most of the world.	
		5	Support	This could be a real drawcard to NZ to a place far more accessible than Queenstown.	
		6	Support	It would be great if we did not have to use our mountain access road	
		7	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		8	Support	This would be a great experience for New Zealander's and overseas skiers.	
		9	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		10	Support	This will bring jobs into the Region	
Hamish Foote	S46	1	Support	I believe that this is a wonderful (and much needed) opportunity for Canterbury. It will deliver close to Christchurch skiing facilities of a type enjoyed in many places throughout the world.	No
		2	Support	It will be a big attraction for Cantabrian's and those further afield.	
		3	Support	Avoiding the need for mountain roads is a massive benefit.	
		4	Support	Having considered the matter carefully I do not believe Porters current location will continue to be viable. I have no doubt that Crystal will be developed in a sensible and environmentally sustainable way.	
		5	Support	All Cantabrian's can benefit from this development through the area becoming accessible, the jobs and tourism that will be created and the unique ski facility operations.	
Nick Haig	S47	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Sean Husband	S48	1	Support	It would be great if NZ had the type of on mountain facility you can get overseas	No
		2	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		3	Support	This will bring jobs into the Region	
Digby Hunter	S49	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	

		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
		9	Support	If NZ wants to not only satisfy and create an amazing new experience for kiwis and visitors, but also compete internationally with ski resorts in Canada and Europe etc, then this is the highway to that goal.	
Nic Andrews	S50	1	Support	It would be awesome to see another top quality ski field close to Christchurch to give options.	Yes
Andrew Shaw	S51	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Phil Jack	S52	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Eoghan O'Neill	S53	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Douglas Warren	S54	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
		9	Support	I spent 2 years in Vancouver and have just got back to NZ. In those 2 years I took up snowboarding and managed to ski Whistler and the local Vancouver mountains regularly, but have never skied NZ. People have told me to be prepared to be disappointed after Canada as the facilities are not up to standard here. Bring this world class facility to NZ!! Let's not make another mistake (sporting stadiums, roading, etc)	

Jim Lidden	S55	1	Support	Approve submission. New Zealand will always attracts one off tourist visitation due to its natural beauty, friendly people, value and geographical location for Australians. However year after year return ski \$'s are being missed in NZ due to other countries offering better on mountain infrastructure and the subsequent ski resort/mountain experience. Over my life, return Australian \$'s have gone to Canada/Japan due to snow amounts quality on mountain accommodation/experience and convenient transfers from airports/resorts. NZ/Canterbury would benefit greatly from offering international skiers an on mountain ski resort such as the Porter proposal. Being so close to Christchurch (shuttle transfer away) makes it very attractive/competitive option to return ski/snow enthusiasts from Australia, North America, Europe and Japan.	No
Lucy Clinton-Baker	S56	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas, similar to America and Europe and would attract more tourists in the northern summer.	
		4	Support	It would be great if we did not have to use our mountain access road - saving on petrol and lowering emissions	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
		9	Support	Ensure the Canterbury area competes with Queenstown for the overseas market	
Matthew Proctor	S57	1	Support	Canterbury will become an alternative to Queenstown, flights can come directly to Christchurch with a 45 min trip to the ski area	Yes
		2	Support	Existing Porters Ski Area needs to be upgraded	
		3	Support	This would be great to ensure Porters remains viable	
		4	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		5	Support	It would be great if we did not have to use our mountain access road	
		6	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		7	Support	This would be a great experience for New Zealander's and overseas skiers.	
		8	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		9	Support	This will bring jobs into the Region	
Chloe Geoghegan	S58	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2		This would be great to ensure Porters remains viable	
		3		It would be great if NZ had the type of on mountain facility you can get overseas	
		4		It would be great if we did not have to use our mountain access road	
		5		This will bring thousands of tourists to the mountain and the Canterbury region	
		6		This would be a great experience for New Zealander's and overseas skiers.	
		7		This allows lots more people to get the enjoyment from accessing Crystal.	
		8		This will bring jobs into the Region	
Stephen Williamson	S59	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Nicholas Flyvbjerg	S60	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	

		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Cody Logan	S61	1	Support	Existing Porters Ski Area has huge potential for expansion.	Yes
		2	Support	Providing the first world class facility in NZ would attract wealthy tourists to NZ	
		3	Support	The new facility would provide jobs and also provide competition for Mt Hutt, currently the only real commercial field in the area. Mt Hutt has been taking advantage of their position for too long.	
		4	Support	This facility would be a great success for all skiers and snowboarders in the Canterbury region	
		5	Support	It will provide world class facilities that are far more accessible than Wanaka, attracting more tourists from Wanaka and further abroad.	
Jonathan Rogers	S62	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Scott McLeod	S63	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Lyndsey McIntyre	S64	1	Support	It would be great if NZ had the type of on mountain facility you can get overseas	No
		2	Support	It would be great if we did not have to use our mountain access road	
		3	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		4	Support	This would be a great experience for New Zealander's and overseas skiers.	
		5	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		6	Support	This will bring jobs into the Region	
Nicci Teehan	S65	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Jon Earle	S66	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Susan Grylls	S67	1	Oppose	I go to Porters because it's different and I think unique in the world. Any significant change to one resort has the potential to negatively impact on the whole valley.	No

		2	Oppose	The existing Porters Ski Area does need to be upgraded. It provides excellent infrastructure, on of the best access roads in the region, affordable uncrowded skiing and friendly atmosphere.	
		3	Oppose	There is no evidence that Porters is not viable now. Why would the Harvey's invest \$7 million if it was not a viable investment. One alternative would be to sell the resort.	
		4	Oppose	Why would it be great if New Zealand had the type of on mountain facility you can get overseas? The reason I got to NZ skiing is exactly because it is not like resorts over seas.	
		5	Support in part	I agree that not using the mountain access would be good. The construction of a Gondola would make the mountain safer.	
		6	Oppose	Bring thousands of tourists to the mountain and Canterbury region would significantly change the nature of the region. Would turn Springfield and Castle Hill to a Methven or Queenstown. We need to preserve what is unique about the region.	
		7	Oppose	This would not result in a great experience for New Zealanders and overseas skiers as it would be an experience the same as you would get anywhere else in the world.	
		8	Oppose	It would allow more people to get enjoyment from accessing Crystal, but the beauty of going to Crystal is that there are not hundreds or thousands of people there.	
		9	Oppose	It may bring more jobs to the region but it will also increase house prices, accommodation costs, lift lines, reduce available freshies, increase pressure on the environment, remove the small town feel of local towns, increase the number of bogan Australians.	
		10	Oppose	Motivation by developers is to solely make money. Council has responsibility to balance an requests for development with what is best for community. A development of this nature has the potential to temporarily increase jobs but will be at the expense of intrinsic natural and tourist potential that the valley already possesses. There are already very few places like the Craigieburn Valley and the lack of a large scale resort development is one of the factors that gives it that value.	
Daniel Sandilands	S68	1	Support	Approve the plan change. I'm a Christchurch resident who enjoys skiing in spare time. I believe development would be a great improvement.	No
Nathan Crabbe	S69	1	Support	NZ needs a world class ski area	Yes
		2	Support	This will help fuel economic growth in the area	
		3	Support	This will help attract more tourist dollars to NZ and the area.	
Peter Mark Reese	S70	1	Support	Approve the plan change. As an ex Cantabrian I think that PC25 represents a unique opportunity for the region.	Not stated
		2	Support	NZ needs to foster more tourism and this proposal will allow Canterbury to offer the sort of on mountain experience that is currently unavailable at any other ski field in NZ; i.e. within an hr of an international airport, no daily travel up the mountain and avoiding use of dangerous access roads.	
		3	Support	It will create hundreds of jobs in the region.	
Loreta Anne Crutchley	S71	1	Support	Approve the plan change. It will prove major public recreation, social and economical benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Kieran Straw	S72	1	Support	This would be awesome to open up the valleys for all to appreciate, and good for local economy. Good to see some vision in the plans here	No
Brooke Knox	S73	1	Support	Accept all elements of the proposed development as this is a local project supported by the local community	Yes
		2	Support	I think this expansion would be amazing for the Canterbury range in terms of tourism, job creation and bring this world class area up to a world class standard.	
Kate Olliff	S74	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Mark Zarifeh	S75	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	

Georgina Zarifeh	S76	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Samuel Laity	S77	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
George Bradshaw	S78	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	This will bring many economic benefits in addition to allowing a wider audience to enjoy New Zealand's fantastic environment.	
		5	Support	There are still more "back to basics" ski fields than commercial fields in Canterbury and a wider mix in the level of facilities makes sense.	
Frederick David Justin Murray	S79	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Garry M Rae	S80	1	Support	Improving access for recreational skiers to Crystal Valley	No
		2	Support	Replacing existing T-bars with chair lifts	
		3	Support	Restore and replant Beech forest	
		4	Support	Open area for summer activities, especially mountain biking and walking.	
		5	Support	Support plan changes to allow the development to go ahead. I believe that the development of this area will enhance the region and promote Porters as a great summer as well as winter destination. With more and more young people taking up skiing the opening up of Crystal Valley will ensure that safer options are now presented without the need for them to tramp into unpatrolled areas to seek the fabulous snow held in the Crystal valley.	
Anton Van Tongeren	S81	1	Support	To approve the plan change because I believe we need to boost tourism to improve local economic growth.	No
Mary Van Tongeren	S82	1	Support	To approve the plan change, because we need to progress as a tourism option as well as the benefits to the locals.	No
Harriet Van Tongeren	S83	1	Support	To approve the plan change, because it sounds new and exciting and I think there would be a big market.	Not stated
Debbie Powell	S84	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Colleen Joan Monds	S85	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Murray John Chamberlain	S86	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Ian William Bright	S87	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Alastair William 'Oliver' Chapman	S88	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No

		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
NZ Snow Sports Council	S89	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	The Crystal Valley development and Porters Basin upgrade will result in further snow sports growth making Porters a very viable and attractive destination equal to any sports destination anywhere in the world	
		5	Support	The Porters expansion will provide Canterbury with two large developed ski area destination as well and will be seen as a more attractive destination for snow sports and recreation on the same level as the Southern Lakes and Mt Ruapahu regions.	
		6	Support	The access to Porters is good but the Porters expansion will improve it considerably with the addition of a short tar sealed road to the village and gondolas accessing the ski fields. This will result in increased growth especially in present and future times where participants want to arrive quickly, efficiently and safely as possible.	
		7	Support	The Porters expansion with the new chairlifts in the Porters Basin and Crystal Valley will enable further growth attracting more snowboarders to the ski area, as the existing surface lifts (T-bars) are not liked by snowboarders.	
		8	Support	Numbers of Australian tourists have increased dramatically with direct flights from Australia to Queenstown. Christchurch being the second largest international gateway and having more international flights in a perfect position to handle Australian visitors in the winter. The proposal will attract more Australians to Christchurch and being only a short distance from the ski area and village is ideally placed from an access point of view.	
Kate Chalmers	S90	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Paul James Chalmers	S91	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Rebecca Thornley McHardy	S92	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Georgi Waddy	S93	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Rebecca Connolly	S94	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Mike Baddeley	S95	1	Support	This will be great for Canterbury business community. Approve plan change.	No
		2	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	
		3	Support	It is a logical addition to the existing Porters Ski Area.	
		4		Replanting of native beech forest will be great for the local environment.	
Victoria Baddeley	S96	1	Support	This will be a great expansion for Porters and the Canterbury community. Approve plan change.	No
		2	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	

		3	Support	It is a logical addition to the existing Porters Ski Area.	
		4		Replanting of native beech forest will be great for the local environment.	
Diana Ruth Shand	S97	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Josephine Elworthy	S98	1	Support	Wonderful opportunity for the region. Support plan change.	No
		2	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	
		3	Support	It is a logical addition to the existing Porters Ski Area.	
		4	Support	Replanting of native beech forest will be great for the local environment.	
Belinda Heap	S99	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Debbie Lavery	S100	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Get on with it	
Scott McKeown	S101	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Simon John Morris	S102	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Sarah West	S103	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Warren Robert Cochrane	S104	1	Support	Be great for Selwyn area	Not stated
		2	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	
		3	Support	It is a logical addition to the existing Porters Ski Area.	
		4	Support	Replanting of native beech forest will be great for the local environment.	
Jackie Cochrane	S105	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Dr Garry M Rae	S106	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.

Andrea Bay	225	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Justin Williams	226	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	

		3	Support	Replanting of native beech forest will be great for the local environment.	
Susannah Gowers	227	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	I like chairlifts	
Jeremy James Molloy	228	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	It will be good for young instructors from Nelson and Christchurch housed in a big ski resort	
Gavin Merrington	229	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	I am 100% behind this project. I have been coming to Porters from Aussie for 5 years.	
Brett William Darwen	230	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Nic Robert Mochan	231	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	More terrain park	
N T Readett-Bayley	232	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Good luck! Expansion of ski area great idea.	
Emi Earle	233	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Be great for the local economy and growth of Castle Hill Village.	
Toby Wild	234	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Ayesha Pingan Dysart	235	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Sanne Erika Margaret Tottras	236	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Mganus Mikael Horberg	237	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	

		3	Support	Replanting of native beech forest will be great for the local environment.	
Michelle Julie Pomeroy	238	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Felicity Jane Loe	239	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
William Wright	240	1	Support	Approve the Plan Change.	Not stated
Glenn Shaw	241	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Michael Weber	242	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Creche, kids' park (tunnels, jumps, fun stuff). Mountain bike tracks.	
Monique Weber	243	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Kids' stuff!! Summer activities - tracks/mountain biking - cross country & downhill. Employment opportunities for locals.	
Paul Weber	244	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Mountain biking!! Summer activities.	
Dean David Cooper	245	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Graeme Henry Tallott	246	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No

		3	Support	Replanting of native beech forest will be great for the local environment.	
Chris Taffili-Reid	247	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Do it!	
Michael John Robertson	248	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Sarah Isabella Mary Johnstone	249	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	

		3	Support	Replanting of native beech forest will be great for the local environment.	
Amie Wallace	250	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Denys William Gillespie	251	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Jennifer Anne Mackenzie	252	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Christine Lovelady	253	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
Matthew Robert Morrison	254	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Stu Gotting	255	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Graeme Reynolds	256	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Trudy Boyes	257	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Lance Meikle	258	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Luke Jefferis	259	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
John James	260	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Tim Watterson	261	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Do not spoil the local, quiet culture of Porters. The gondola and new café and opening up Crystal Valley with new chairlifts at Porters will be excellent, but do not spoil it with commercial shops and hotel. You do not want to preclude local people enjoying Porters at the expense of rich imports from Auckland and overseas.	

Mark Power	262	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Keith Edward Glass	264	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	If it hadn't been for Porters, many years ago, I wouldn't know about the alpine parks. The more people who come and learn to love the mountains the better for them.	
Daryl Collier	265	1	Support	Approve the Plan Change	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Oppose in part	I am not in support of future proposed village development	
Frances Grace Margaret Malcolm	266	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Pip Oliver	267	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Andrew Scott	268	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Brendon Malcolm	269	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Kieran Meikle	270	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	More jobs	
Richard James Hindle	271	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Matt Hall	272	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Porters really needs some chairlifts and could use more terrain, but if it will permanently negatively effect the natural habitat then I say that no measure of fun for now justifies ruining the land for the future. There is nothing responsible or respectable in that.	
Erik Boyam	273	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	

Jaymee Leffur	274	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Chairlifts would be most appreciated.	
Kevin O'Meara	275	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Leah Avery	276	1	Support	It is a logical addition to the existing Porters Ski Area - ski field perspective.	No
		2	Support	Very happy for ski field area development, particularly for immediate skiers.	
		3	Oppose in part	Not happy about accommodation and car parking, cinema, etc.	
Ryan Smith	277	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Not a huge fan of the T-bars, but jumps are my favourite. Don't destroy the mountain. More park.	
Roland Stuart Atkinson	278	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Will certainly benefit local area.	
Christine Harper	279	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Megan Carey	280	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Greg Tomlinson	281	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Derek Blackwood	282	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Erin Blackwood	283	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Matt Chamberlain	284	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Bruce Carey	285	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	

Joanne Watterson	286	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Angelina Van Driel	287	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.

		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Michael Brosnahan	427	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Outdoor ice-skating rink would be good	
David John Sullivan	428	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	A fantastic idea that provides a viable alternative to Mt Hutt. Great idea with a village to provide an alpine apres ski experience.	
Caitlin Joanna Ward	429	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Vanessa Mary Burton	430	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Abbey	431	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	

Thomas Frederic Coughlan	432	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Stephanie Noble	433	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	I think it is a fabulous idea! Great for tourists and also locals. I will definitely use both fields!	
Annette Bockerhoff	434	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Sarah Bircher	435	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Martin Bennett	436	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Stephen Lester	437	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	The increase in recreational capacity, both summer and winter, increases the probability of a healthier and fitter local population with all the social good that seems from it.	
Brendan Winter	438	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Porters would definitely benefit, economically and physically, from expansion.	
William Brent Nicholson	439	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Janet Nicholson	440	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Hayden Thomas King	441	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	It will be sick!!!	
Bruce Robert Loader	442	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	

Ryan Grize	443	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	NZ needs something like this - DO IT	
Amanda Power	444	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Brigid Buckenham	445	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Nicholas John Kennedy	446	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	I look forward to the ongoing development of Porters ski field. It is a great asset to the Canterbury region.	
Julian Sinke	447	1	Support	I think it would be a great idea and would love to be a part of it.	No
		2	Support	Make it happen.	
No name	448	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
No name	449	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Charlie Sleigh	450	1	Support	It will be awesome to have an alpine village in Canterbury. Crystal Valley will be a great ski area. I really like that they're going to replant the Beech forest.	No
		2	Support	Approve the plan change.	
Alex William Wheeler Lewis	451	1	Support	Approve the Plan Change.	No
		2	Support	I strongly support the submission because it will bring social and economic benefits to the region and NZ. I think it would be great also because Porters seem committed to protecting the environment and even if there was any damage to the mountain we can be sure that it would be repaired and have minimal effect overall.	
		3	Support	I think the new jobs and new facilities far outweigh the environmental side of things.	
Freddie Lee	452	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Mt Hutt sucks	
James Martin lee	453	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Canterbury needs to be able to expand winter sports opportunities - the Porters plan change can make this happen and involves expanding existing use through opening a new area.	
Grey Robinson	454	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	

		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Looks awesome	
Hannah Budd	455	1	Support	Approve the Plan Change	No
		2	Support	I feel it will increase the tourist industry in Canterbury creating jobs.	
		3	Support	The plans seem to suit the current environment and will be built very sympathetically to the area. Overall a great idea.	
Sean Patterson	456	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Suzanne Dent	457	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Jason Muir	458	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Would be a great facility for families	
Nina Marie Turner	459	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Great plans, can't wait to see it in action - will definitely visit this retreat.	
Esther Norris	460	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Will be great for the South Island.	
Timothy Norris	461	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	It will create jobs all year round. Great for mountain biking in summer	
Josh Hawes	462	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Sarah Kennedy	463	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Ski fields like Porters are one of the reasons we moved to Christchurch. The expansion will be a great asset to the Christchurch region. Would be great to keep more tourists who fly in and out of Christchurch skiing here rather than heading down to the Southern Lakes.	
Kim Preston	464	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	

		4	Support	I think it would be a great asset to Canterbury. There are hundreds of valleys like Crystal therefore I cannot see the major impact on the environment.	
Alexander John Syddall	465	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Great employment opportunity for Selwyn District	
Gabrielle Frances O'Connell	466	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Will boost Canterbury economy and place NZ on a platform to host significant ski events. Boost to local district - Selwyn & Porter Heights as a destination.	
Murray Johnson	467	1	Support	Approve the Plan Change. Great vision	not stated
		2	Support	Good for the future of the snow sports industry.	
		3	Support	Full support to the developers	
Sebastian Kaye Johnson	468	1	Support	Approve the Plan Change.	Yes
		2	Support	It will be awesome to make the mountain bigger to spread the crowds out.	
Andrea McKendry	469	1	Support	Approve the Plan Change	No
		2	Support	Can't wait for it to go ahead.	
Anna Marie Thorpe	470	1	Support	Approve land use change.	No
		2	Support	Support the development of Crystal Valley for Porters.	
Alec McCallum	471	1	Support	Approve the proposal	No
		2	Support	My submission in support is the hot pools, Crystal valley development	
Sheree Bright	472	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	The ski lifts will be fantastic - and the gondola will be so much safer than the roads.	
Desmond Peters	473	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Steven Francis Willis	474	1	Support	Approve the Plan Change.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Emily Anne Hoskins	475	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Robert Flynn Edge	476	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	I have been coming here for 19 years. I would love to bring my family and friends to this new project.	
Rob Owen	477	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Janet Mary Owen	478	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	

		3	Support	Replanting of native beech forest will be great for the local environment.	
Myles White	479	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Providing a playground for all to enjoy plus bring in much needed tourist dollars, creating jobs, helping Springfield, etc.	
Adele Coberger	480	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Steve Eastwood	481	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Christchurch needs better options for safe sport & recreation	
Alf Scragg	482	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Alex Bates	483	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Pip Linton	484	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	I look forward to a chairlift	
Alison MacRae	485	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Kate Murray	486	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Paul Nicol	487	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Philip Linton	488	1	Support	Approve the Plan Change.	No
Sophie Davies	489	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Gerry Thwaites	490	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	

Peter Hansby	491	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Jocelyn Lee Deans	492	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Aidan Patrick McKay	493	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Matthew Adams	494	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Jin Ong	495	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
No name	496	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	If done in accordance with regulation and environmental impact assessment it would be an appropriate development	
Karen L Weeber	497	1	Support	Approve the Plan Change.	not stated
Stephen R Weeber	498	1	Support	Approve the Plan Change.	Not stated
Cat Clark	499	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	Replanting of native beech forest will be great for the local environment.	
		3	Support	Go for it	
Dmitri Goloub	500	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	It's a great idea, please go large and do it.	
Sarah Paterson	501	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
William John Palmer	502	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	The expansion area (Crystal Valley) is not visible from the road and already skied in. As a matter of balance, the Craigieburn Range can cope with development at this southern end leaving a large area to the west and north to be retained in its current state, along with the Torlesse Range.	
Paul Corwin	503	1	Oppose	This private development seeks to remove an area of outstanding natural landscape. The corridor to the Torlesse Conservation Area must be preserved.	No

		2	Oppose	The concept of the village is crazy. The area generally gets the most inconsistent snowfall along the Craigieburn Range. The snow cover is generally very poor and the ski season often short. In the summer the area is often wind-blasted and desolate compared to many areas along the range.	
		3	Oppose	The idea of planting Beech trees is total fantasy as any botanist or local will tell you.	
		4	Oppose	If permission is granted and any development takes place I suspect it would soon go broke. This would leave an eyesore for the Council to look after or cleanup, something the rate payers cannot afford.	
		5	Oppose	The developers are looking for Australian investors. If this plan was such a great idea why are Canterbury skiers flocking to invest in this. Local skiers and investors know this is a speculators pipe dream.	
		6	Oppose	Global warming has meant that NZ ski seasons have become shorter over the last 50 years. Lower ski areas such as the Mt Roberts ski area have been abandoned leaving a huge cleanup job for DoC and an eyesore for trampers. Lets not have similar eyesore on the Craigieburn Range	
		7	Oppose	People desiring an alpine village have one a few miles from Porters, Castle Hill Village. Don't consider opening up other areas with conservation value until all stages of Castle Hill Village have been filled	
Sally Widdowson	504	1	Oppose	Although a keen skier I am also a conservationist and treasure the wilderness of Crystal Valley, especially the unique corridor between the Torlesse conservation area and the Craigieburn Forest park.	No
		2	Oppose	I also consider the whole concept unrealistic. The snowfall in the Craigieburn's ash been marginal for skiing and with global warming is not going to improve. The idea of skiing below the current car park for more than occasional days is fantasy. Having tried in vein for 8 years to establish Beech trees nearby, the vision of tree skiing through regenerating Beech forest is wonderful but totally unrealistic.	
		3	Oppose	The established nearby alpine villages at Castle Hill and Flock Hill Lodge are not fully subscribed and the idea 1000.s of guests wishing to stay on the barren, windswept site at Porters is ludicrous. Its proximity to Christchurch is touted as a draw card, but actually that just makes it more likely that skiers will make day trips from Christchurch, Springfield etc.	
		4	Oppose	I am not against development on principle but it needs to be realistic. Were it to go ahead the whole project is doomed to collapse leaving the ratepayers of Selwyn to clean up the scars. I urge the application be declined to save developers from themselves and Crystal Valley for conservation.	
John Shrimpton	505	1	Withdrawn at submitters request		
Andrew Evans	506	1	Support in part.	Generally believe this project could be very positive economically and recreationally if it was successful. However would like to see more information on the heated paving proposed as this uses a large amount of energy. It should be allowed in life safety issue areas only such as uncovered stairs/steps, not roads or driveways. The applicant should qualify the extent they intend to snow melt.	No
		2	Support in part	That the avalanche data and design criteria to be more rigorous than that supplied and that the proposed plan change amendment item 18 not be accepted. The information provided in the plan change on avalanche for the new café area relies on 10 years of avalanche data (2001-2009). The last 10 years have not been really big snow years (e.g. 1992), whilst no avalanche has reached the cafe area in this period the design criteria should be (for cafe and new base area) extended to a in 50 year event or even 1 in 100 (same as earthquake design). There is a real possibility that such an event could see an avalanche run through the bush and into the cafe with major damage to it and potential loss of life. Page 7 item 18 of the plan change states 'the potential for damage from hazards was assessed for the ski area sub-zone (Porters) at the time the sub-zone was established'. Yet the geotechnical report by URS section 6 introduction last paragraph states 'We recommend that risk analysis be undertaken at the detailed design stage when final development details are confirmed' This change to the rules cannot be allowed to stand and must be altered to state further study will be required or the study be carried out and resubmitted. I support the plan change except clause 18 (as above) and either a full avalanche risk assessment using independent expert consultants be submitted or the design criteria be extended to a 100 year event or even 1 in 100.	
Scott Duganzich	507	1	Support	I would love to see the ski field develop as I am a keen snowboarder and there is nowhere in NZ where there is an alpine village.	No
		2	Support	Allow Porters Ski area to develop as much as it likes.	

Steve Higgs, NZTA	508	1	Support in part	The inclusion of rule 25.4.3 will go to partly address the potential safety and efficiency concerns that will occur at the State Highway 73/Ski Access Road intersection resulting from the increased traffic generation attributed to this proposal. This rule should be retained. However although rule 25.4.3 addresses site lines the rule does not address the need for seal widening to provide safe effective right turn lane and left turn deceleration lane at the SH73/Ski Access Road intersection. NZTA seek that rule 25.4.3 be retained and amended to include the seal widening for the provision of a right turn lane and left turn deceleration lane on SH73 at the intersection with the /Ski Access Road.	
		2	Amend	That rule 25.4.3 read as follows: Construction or earthwork activities in the Crystal basin Area or the Village Base Area shall only commence on completion of works which achieve the NZTA standard for sight-lines at the intersection of State Highway 73 and the Ski Area Access Road and achieves the NZTA standard for seal widening to provide a right turn lane and left turn deceleration lane at the intersection of State Highway 73 and the Ski Area Access Road	
		3	Oppose in part	Matter of control 25.12.2.8. While the NZTA supports the provision recognising the need for sight line consideration at the SH at time of subdivision, NZTA opposes that provision be made only by way of a 'matter of control' (25.12.2.8). Further, the scope of 'provision' is to narrow to address all traffic safety and efficiency concerns for the SH73/Ski area access road intersection. Current provision as a 'matter of control' is opposed for the following reasons: i) Controlled subdivision cannot be declined. ii) Conditions cannot be imposed that 'frustrate' a consent. Consequently there is little ability to impose location and design conditions that meet NZTA concerns. iii) While matters for control address the concern regarding sight-lines it does not address the need for seal widening to provide for a safe and efficient right turn or left turn deceleration lane.	
		4	Amend	NZTA seek the inclusion of a new subdivision rule that requires proper consideration of the design and location of the Ski Access Road and State Highway intersection and that the new rule be broadened to include NZTA's concern for seal widening. New Rule 25.12.2.8 be included as follows: <u>Prior to the grant of a resource consent for a subdivision creating any new allotments, the location and design of the intersection of the Ski Area Access Road with State Highway 73 shall be improved and/or relocated to achieve the NZTA standard for sight-lines and the NZTA standard for seal widening are to be achieved to provide for a right turn lane and left turn deceleration lane at the intersection of State Highway 73 and the Ski Area Access Road.</u>	
Susan Tegg-Quinn	509	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Barbara Christian	510	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.

Andrew Mitchell	522	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Roderick Alexander Sharp	523	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Desmond Hugh Bailey	524	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Simone Adele Bailey	525	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Danielle Sinead Bailey	526	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Karen Boserio	527	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	

		4	Oppose in part	I don't think there is the economy of scale, nature of attraction, numbers of people for a village development. Also the Craigieburn's represent a welfare of skiing unique to this area, i.e., vastly different to Coronet Peak, Mt Hutt, etc.	
Ross & Helen Bullock	528	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
David Watling	529	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Michael Riley	530	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Nicola Frances Caroline bush	531	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	This project will be very good for NZ	
Antony Bush	532	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Kate Alyse Waghorn	533	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Anna Walker	534	1	Oppose	It detracts from the low key, club atmosphere, relaxed friendly feel etc.	No
		2	Oppose	It represents greedy investors who are pro-development for the wrong reasons. NZ doesn't need to turn itself into a resort, its laid back nature is what attracts people.	
		3	Oppose	The climate may not necessarily support the extra snow required.	
		4	Oppose	Accommodation in Castle Hill would be more appropriate	
Timothy Philip Ashton	535	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Rebecca McIntosh Wilson	536	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Canterbury really needs a ski resort of this calibre to encourage more people to ski here and lift the facilities available to local skiers to an international standard. This would be a fantastic way to encourage more people to experience this beautiful part of NZ and would give people a fantastic alternative to Mt Hutt.	
John Enright	537	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Merlin Gallery	538	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	

		3	Support	Replanting of native beech forest will be great for the local environment.	
Jessica Dickinson	539	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Ruby Lock	540	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
James Philip Andrew	541	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Mel Wang	542	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Ashley Rowberry	543	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Chris Watson	544	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Todd Jaso	545	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Close to Christchurch is good	
Racheal Reeves	546	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Simon Martin Hartman	547	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Graham Spencer Loveridge	548	1	Support in part	Submission relates to expansion of ski lifts & gondola into Crystal Valley. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support in part	It is a logical addition to the existing Porters Ski Area.	
		3	Support in part	Replanting of native beech forest will be great for the local environment.	
Peter John Hayes	549	1	Support in part	Submission relates to development of ski area	No
		2	Support in part	It is a logical addition to the existing Porters Ski Area.	
		3	Support in part	Replanting of native beech forest will be great for the local environment.	
Nick Loveridge-Easther	550	1	Support in part	Submission relates to increased ski area only - enlarge ski area only without increasing population too much	No
		2	Support in part	It is a logical addition to the existing Porters Ski Area.	
		3	Support in part	Replanting of native beech forest will be great for the local environment.	
Charlotte Wilson	551	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No

		2	Support	It is a logical addition to the existing Porters Ski Area.

Philipp Hoepfer	565	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Michael Francis Bonisch	566	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	This project could provide a wonderful asset to the local community whereby local residents would be employed to provide tourist facilities to a myriad of NZ and overseas tourists	
Jessica Judith Gunn	567	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	We expect that all waste and effluent will be processed and disposed of in an environmentally friendly manner	
Peter Balloch	568	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Allan Stuart Wilson	569	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Tourism is becoming a major industry in NZ. A world class ski resort in this area would be very good for the local economy.	
Sophie Kate Milne	570	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Mitchell Jones	571	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Love Porters and the bigger you make it the better! Looking forward to chair lifts and gondola.	
Nicholas Robert Brown	572	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	This is a great opportunity for Canterbury to have world class ski facilities and is only an hour from Christchurch	
William Charles Brown	573	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Mint idea, make sure it happens	

Pete Herron	574	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Will also bring more tourists into the area	
Stephen Alloway	575	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	This will be a superb example of on mountain accommodation, a first of its type in NZ, a great way to get more people into the outdoors.	
Ben Alloway	576	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	I reckon this place will go off when it is made. I hope it is a totally awesome ski field when the big changes have been made.	
Julie Rae	577	1	Support in part	To approve & support the expansion of Porters ski area into Crystal Valley with access to it via a gondola. It appears there are large numbers of children on the ski field. This next generation are going to be accomplished at snow sports in the next 5-10 years and will be going up Alison's Peak and into Crystal Valley regardless. In the interests of their safety this area needs to be developed patrolled part of the ski field with access via a gondola.	NO
Curtis Allen marsh	578	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Penny Whyte	579	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	It will put Canterbury on the map and promote many businesses in Christchurch	
Timothy Raw	580	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Sooner the better!	
Grant Moreton	581	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.

		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Jonathan Ewer	833	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Susan Isabel O'Malley	834	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Tom Carnegie	835	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	

Shaun O'Halloran	836	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Lois Firth	837	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Carla Lattimore	838	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Flo Mason	839	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Tom Sells	840	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	o
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Henry & Sandy Dunne	841	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Mike Doore	842	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Mark McKenzie	843	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Jennifer Doyle	844	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Emma Jacoba van Opzeeland	845	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Ben Quane	846	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Great for the NZ Ski industry & tourism in general	
Andrew Patrick McLaughlin	847	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	A good boost to tourism in Canterbury	

Christopher Bruce Rennie	848	1	Support	Approve the proposal in its entirety	No
		2	Support	I support the proposal to extend the existing ski area into Crystal Valley and to build a village is an excellent use of the land.	
		3	Support	It will also create major recreational opportunities for families year-round, create jobs, and support the environment.	
James Rennie	849	1	Support	Approve the full proposal	No
		2	Support	Will create jobs, economic benefits in community	
		3	Support	More outdoor recreation for families	
Scott James McIntosh	850	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Jason Woolf	851	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Leith Rhodes	852	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Alistair Kerr	853	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Richard Ian Wilson	854	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Elise Duncan	855	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Scott Wilson	856	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Stephanie Marshall	857	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Daniel John Henderson	858	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Stefanie Grimard	859	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Leigh Edwards	860	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No

		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Bryan Noonan	861	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Scott Farrow	862	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Thomas Noonan	863	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Richard, Felicity, Jessica, Olivia & Duke Loe	864	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
Olivia Noonan	865	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
William Finn	866	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Matthew John Montgomerie	867	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Stephanie Winnile	868	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Paul D Bush	869	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Don't let the lunatic fringe stop you	
Leanne George	870	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Anna Kathrine Leggat	871	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
George Coates Leggat	872	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	

James Ewan Leggat	873	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Sophia Schwer	874	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Nick Silvester	875	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	Yes
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Michael Smith	876	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
David Paul Katz	877	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Sheril-Ann Wilson	878	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
Gunnar Wahmkow	879	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Mark William Sullivan	880	1	Support	Approve the Plan Change.	No
Andrew J Gillies	881	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Alix Bromley	882	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Jane St John	883	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
David Rakena	884	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Vanessa Grace	885	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Todd Anderson	886	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No

		2	Support	It is a logical addition to the existing Porters Ski Area.	
Josh Noonan	887	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Brian William Dunne	888	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Tom Morriss	889	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Gail Rachel Moynagh	890	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Sean Jamieson	891	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Peter Mark Thomas	892	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Cynthia Linley Gail Thomas	893	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Tiffany Vaughan	894	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Lowell Marinas	895	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Need actual ski lifts to attract more snowboarders - generates revenue	
Thomas Churstain	896	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Stephanie Maresha Allan	897	1	Support	Approve the Plan Change.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
Hamish Malcolm	898	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
John Maclean	899	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	

		3	Support	Replanting of native beech forest will be great for the local environment.	
Michelle Noonan	900	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Philip Proctor	901	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Liam Michael	902	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Andrew Coster	903	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Scott Simper	904	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Paul Alexander Duncan	905	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Craig Houkamau	906	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Logan Thomas Tiananga	907	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Cornelia Baumgartner	908	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Jules Jan Snoyink	909	1	Oppose	I oppose this as this again sets a precedent for other developers to apply. This land belongs to the public	
			Oppose	Any multi-storey housing is a recipe for pollution which will find its way into waterways.	
			Oppose	Tasteful village like accommodation as in Methven should be situated in Springfield	
Rosalie Joy Snoyink	910	1	Oppose	The whole plan change request. The land in question provides a continuous corridor of protected land and has outstanding natural values that should remain under the management of and protection by the Department of Conservation	No
		2	Oppose	The land was purchased with financial support of the Nature Heritage Fund to enable permanent protection for present and future generations of New Zealanders in perpetuity. The protection should not be removed at the request of a mostly foreign owned company.	

		3	Oppose	Crystal valley is part of the Canterbury Outstanding Natural Landscape (ONL) as indicated in the 2010 Canterbury Landscape Review. Under the RMA ONLs are recognised as having national importance and are to be protected from inappropriate subdivision and development. I oppose the plan change which seeks the ONL be removed. To do so ignores previous public processes and assessments which recognised the outstanding conservation values and provided for their permanent protection. The proposed change is in breach of Part 2, Section 6(b) of the RMA.	
		4	Oppose	The village type development proposed by Blackfish Ltd will degrade the Porter River and other streams in the area which are in near pristine state. Sewage and waste water disposal systems necessary for the expected population increase will have an adverse effect on highly valued rivers and streams in the area. After the recent Christchurch earthquake broken sewage pipes resulted in raw sewage and other contaminants flowing into the Waimakariri river. the Porters fault line is in close vicinity to the proposed fault line. The Alpine fault could also cause significant damage to pipelines and infrastructure resulting in contamination of a pristine area.	
		5	Oppose	Decline the plan change. I oppose development in Crystal Valley because it will seriously impact on the biodiversity. The Canterbury Plains within Selwyn have probably suffered the highest level of bio diversity loss of any ecological region in New Zealand. I understand that there is less than 55 indigenous biodiversity remaining on the Canterbury Plain. This is an appalling loss and in indictment on local authorities. The SDC by approving this plan change would further encourage biodiversity loss in the Canterbury foothills region. The SDC website has the following quote "The uniqueness of New Zealand's biodiversity means the responsibility for its continued existence is entirely up to us".	
Jane Gosden	911	1	Oppose	The biggest threat to biodiversity worldwide is habitat destruction and disturbance. New Zealand has already lost vast areas of primary natural habitat with the two main waves of human colonisation. Therefore what little natural habitat we have remaining should be protected.	
		2	Oppose	Habitat disturbance is also known to facilitate the invasion of exotic weed species that can then drive the loss of natural biodiversity through process such as competition for shared resources. This is a major issue in New Zealand where exotic plant species now well out number the native flora. Habitat disturbance is also known to increase by hybridisation between closely related species, which can lead to the loss of endemic species.	
		3	Oppose	The proposed area for development is potentially one of the few remaining eastern most locations where lea now live. Kea are already threatened species. Much of this threat comes from interaction with humans and human structures.	
		4	Oppose	The proposal has also been promoted as increasing access to summer activities such as mountain biking and walking. However these activities are already available within the Craigieburn range and surrounding area. Further more increase in people and buildings will detract from the experience that recreational users gain from visiting the area in its current state. I believe that the resort style complex that is currently being proposed is completely inappropriate in the High Country that is relatively free from Human interference.	
		5	Oppose	I am concerned the development will not gain the investment and support from people buying properties in the resort. This could result in the abandonment of the resort after the destruction to the environment has already occurred. There is already an alpine village (castle Hill) within the basin where people can buy/rent property when visiting the area.	
Andrew Thomas Sparks	912	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	The mountains are for people to enjoy. People enjoy skiing. Get people into the mountains to enjoy this unique part of the country.	
Phillip Cecil Marsh	913	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	

Lesley Shand	914	1	Oppose	Crystal Valley was brought with public money from the nature Heritage Fund because of its outstanding natural values. It also provided a linkage of natural values. It was brought of the public and not intend to be flicked into private hands for private enterprise. The sacrificial area intended for development was Castle Hill, which has the infrastructure.	
		2	Oppose	The proposal is inconsistent with the RMA section 6 and Part 2..The proposal is not sustainable and will have adverse effects. The area is an Outstanding Natural Landscape (ONL) and should remain this way and with this designation. The removal of the ONL is not consistent with the RMA Part 2.	
Nathan Burrowes	915	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Regeneration of native flora should be paramount, and the facilities on the mountain will provide a great base, not just for skiing, but many other outdoor activities.	
Jens Zollhoefer	916	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
John des Capelles Brouard	917	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Christopher Ian Walker	918	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.

Antony James Sleigh	1577	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Great for economic development - tourism, recreation, etc.	
Elizabeth Marie McDermott	1578	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Emma Barnes	1580	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	Replanting of native beech forest will be great for the local environment.	
Ski Max Holidays	1581	1	Support	Approve the Plan Change. Upon completion, the proposed Porters expansion project will assist in establishing Canterbury as a premier skiing destination, attractive to Australian skiers, as it offers two world class ski areas	Not stated
		2	Support	We believe that travel agents will be very supportive of the new and improved destination and will actively encourage more Australians to holiday in Canterbury.	
		3	Support	The upgraded ski area will be particularly attractive to families as they will be able to stay on the snow, and as it offers extensive beginner/intermediate terrain.	
		4	Support	The close proximity to a large international airport, serviced by numerous airlines.	

Travelplan Ski	1582	1	Support	Approve the Plan Change. The proposed Porters expansion project will assist in establishing Canterbury as a premier skiing destination, particularly attractive to Australian skiers, as it offers two modern ski areas to choose from.	Not stated
		2	Support	With our core customer base being holidaying families, we believe that the upgraded ski area will allow us to offer NZ as viable alternative to those currently holidaying in Japan, North America or Europe, where they are able to be accommodated on the snow and enjoy access to extensive beginner/intermediate terrain.	
		3	Support	Holiday makers will not have the worry of travelling up a snowy access road - driving conditions that most Australians are unfamiliar with.	
		4	Support	Being located so close to a large international airport that is serviced by numerous airlines will greatly assist in packaging cost effective holidays.	
Value Tours	1583	1	Support	Approve the Plan Change. Upon completion the proposed Porters expansion plan will assist in establishing Canterbury as a premier skiing destination, attractive to Australian skiers, as it offers two world class ski areas. The in/out accessibility will be of great interest to the Australian market and certainly increase bookings to the region. Our current figures of 20,000 room nights per year to NZ would greatly increase.	
		2	Support	We believe that travel agents will be very supportive of the new and improved destination and will actively encourage more Australians to holiday in Canterbury. With easy access from the Australian ports, we would expect a substantial shift of Aussies making the journey to Queenstown and turn their attention towards the Canterbury region.	
		3	Support	The upgraded ski area will be particularly attractive to families as they will be able to stay on the snow, and as it offers extensive beginner/intermediate terrain. The family market is ever increasing and it would be a sizeable advantage to have a convenient ski field and surrounding complex within touching distance of Christchurch.	
		4	Support	Holidaymakers are used to easy access from Australian resorts to the ski fields and the Porters option would be very appealing to first time skiers to NZ as this would allow them to miss the unfamiliar journey up and down the access roads.	
Andrew Kerr	1584	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.

		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Rosemary Joy Greene	1682	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
John Laxon	1683	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No

		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Philip Victorov Naniev	1684	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Rory Morgan Beardsley Murdoch	1685	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Eleanor Moss	1686	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Annabel Ottowa	1687	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Rhonda Lange	1688	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Bridget Johnson	1689	1	Support	Approve the Plan Change.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
Lou Sanson	1690	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	not stated
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Niel Walbeoff	1691	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Edward John Cook	1692	1	Support	Approve the Plan Change.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Oppose in part	I support the extension of ski area in to Crystal Valley - however I oppose the Village Plan as being inappropriate in a fragile alpine environment and of limited year round use. Castle Hill Development caters adequately.	
Rodney Fryer	1693	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Matthew Wolfe	1694	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Ian Roberts	1695	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	

Anna Roberts	1696	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Nathan Townsend	1697	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
Jonathan Beckett	1698	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	More ski development in Canterbury - Great !!	
Kimberley Zara Macauley	1699	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
Patrick Morelli	1700	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Dave Pearson	1701	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Jerid Short	1702	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Nick Udy	1703	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
Richard Allan	1704	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	Increase economic growth and wealth.	
Roger Brian Keey	1705	1	Opposed	Decline proposed plan change	No
		2	Opposed	The proposed ski-area subzone extends into a conservation area of outstanding ecological significance that was bought with monies of the Nature Heritage Fund and possible ski field developments under the plan change are incompatible with the ecological values of the area.	No
		3	Opposed	The proposed subzone is an important link in the public conservation estate, of which there are few, if any, between the Korowai-Torlesse Tussock land park and the Craigieburn Forest Park.	No
Matthew McPhee	1706	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	
		3	Support	Replanting of native beech forest will be great for the local environment.	
		4	Support	The NZ ski industry needs to expand in this way to secure its future.	
Tobias Jack Alexander	1707	1	Support	Approve the Plan Change. It will provide major public recreation, social and economic benefits to the local community and wider region.	No
		2	Support	It is a logical addition to the existing Porters Ski Area.	

		3	Support	Replanting of native beech forest will be great for the local environment.	
Royal Forest & Bird Protection Society of NZ	1708	1	Oppose	Decline proposed plan change	
		2	Oppose	Forest and Bird considers that inadequate consideration has been given to the potential adverse effect on the high natural state of both the Crystal and Porters Streams. Any hearing on Plan Change 25 should be deferred until such time as the necessary consents in respect to water have been applied for and a joint hearing should then be held pursuant to s.102 RMA.	
		3	Oppose	The Plan Change as proposed will have a significant impact on the currently pristine cirque basin and its high natural values. Controls in respect to effects as a result of the proposal such as extensive earthworks and roading infrastructure are inadequate and will not avoid, remedy or mitigate the significant adverse effects	
		4	Oppose	Plan change 25 is inconstant with a number of objectives, policies and rules in the Operative Selwyn District Plan including: Objective B1.4.1, Policy B1.4.23 (Outstanding Natural Features & Landscapes), Objectives B1.2.1, B1.2.3 and Policies B1.2.2, B1.2.5 and B1.2.6 and Objective B4.1.1 and Policy B4.1.1	
		5	Oppose	The proposal is contrary to objectives and policies within the Canterbury Regional Policy Statement, including: Chapter 8 Objective 2, Objective 3 and related policies.	
		6	Oppose	The Plan Change has not given proper regard to the Waimakariri Regional River Plan. As noted earlier the Porter River and Crystal Stream have high natural values and have been indentified as the Plan as water bodies to be maintained in a natural state.	
		7	Oppose	The Plan Change is inconsistent with Part 2 RMA and in particular s6(b), (c), s7(b), (c), (d), (f) and s7(g)	
Juliana Venning	1709	1	Oppose	To refuse the application from the Ski field and to retain the integrity of the high country area, as natural and discrete from human interference on flora or fauna.	No
		2	Oppose	Aotearoa has lost too much rural high country to commercial incursions. Both the flora and fauna need protection - which can only happen - by remaining apart from further human industry - such as the ski field proposal.	
Carmella Zuccaro-Back	1710	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Kelvin Back	1711	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Rosemary Dahl	1712	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	
Andrew Bygraves	1713	1	Oppose	I do not approve the Plan Change	No
		2	Oppose	Existing Porters Ski Area does not need to be upgraded	

		3	Oppose	This would not necessarily ensure Porters remains viable	
		4	Oppose	NZ already has the type of on mountain facility you can get overseas	
		5	Oppose	It would be of limited benefit if we did not have to use our mountain access road	
		6	Oppose	This will not necessarily bring thousands of tourists to the mountain and the Canterbury region	
		7	Oppose	This would not be a great experience for New Zealander's and overseas skiers.	
		8	Oppose	This will not necessarily bring many jobs into the region and they will be only seasonal this proposed expansion would be the thin end of the wedge for expansion into pristine mountain environments. It is unnecessary and against the culture of skiing in NZ. Crystal is already accessible and the pleasure largely comes from skiing terrain free of visual & noise pollution caused by lifts.	
Environment Canterbury	1714	1	Oppose	The Canterbury Regional Council recognises the potential for the proposal to make a significant contribution to the economic well being of the Canterbury region but considers the Plan Change would fail to avoid, remedy or mitigate the adverse effects on the environment and achieve sustainable management of natural and physical resources	
		2	Oppose	The site is an Outstanding Natural Landscape (ONL) and was identified as part of a regionally outstanding landscape in the Canterbury Regional Landscape Study 1993 and the Canterbury Regional Landscape Study review 2010. The Plan Change seeks to exclude the site from the ONL and provides for inadequate control over activities likely to have significant adverse effects on the ONL leading to the degradation or loss of the presently high level of natural character in this landscape of regional importance.	
		3	Oppose	The Plan Change site is considered to contain significant indigenous vegetation and habitats of indigenous fauna. The Plan Change is assessed to have adverse ecological effects that cannot be avoided or adequately mitigated on these areas, notably on a presently undeveloped and largely pristine alpine basin ('Crystal Basin').	
		4	Oppose	The Plan Change would allow a "village" accommodating more than 3000 people to be located in an alpine environment having a high level of potential natural hazard. It is considered that the proposal fails to adequately assess the risk from the natural hazards and whether or not mitigation of these hazards is necessary.	
		5	Oppose	The Plan Change gives inadequate regard to the objectives and policies of the Waimakariri River Regional Plan which identifies the Porters River and Crystal Stream as waters to be maintained in a state of naturalness	
		6	Oppose	Plan change 25 is inconsistent with a number of objectives, policies and rules in the Operative Selwyn District Plan including Objective B1.4.1, Policy B1.4.23 (Outstanding Natural Features & Landscapes), Objectives B1.2.1, B1.2.3 and Policies B1.2.2, B1.2.5 and B1.2.6 (vegetation and Ecosystems), Objective B2.2.3 and Policy 2.2.1 (Utilities), Objectives B3.1.1, B3.1.2 and B3.1.3 and Policy B3.1.2 and B3.1.6 (hazards) and Objective B4.1.1 and Policy B4.1.1 (Residential development in rural areas).	
		7	Oppose	Fails to give effect to the Objectives and Policies of the Canterbury Regional Policy Statement including: Chapter 8 Objectives 2 and 3, Policies 3 & 4, Chapter 12: Objectives 1 and 4, Policies 2 and 6, chapter 16: Objective 1, Policy 1.	
		8	Oppose	Fails to have regard to the Waimakariri River regional Plan including Objectives 6.1 and 7.1 and corresponding Policies 6.1 and 7.1	
		9	Oppose	Fails to have regard to the provisions of the "Biodiversity Strategy for the Canterbury Region".	
		10	Oppose	With regard to Part 2 of the RMA the Proposed Plan Change is contrary to the sections 6(b) & (c), 7(c), (d), (f) & (g) and will not constitute sustainable management as defined in section 5 of the RMA.	
Jennifer Gilchrist	1715	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealander's and overseas skiers.	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal.	
		8	Support	This will bring jobs into the Region	

Federated Mountain Clubs of NZ	1716	1	Oppose in part	The proposed development raises concerns about the management of public conservation land and the degree to which the high country should be developed. The federated Mountain Club opposes in full the land swap with the Department of Conservation. We understand the proposal may not proceed without this approval. What we do not is that there is no time-limit on the proposal and as such we seek that if approved a ten year life span be placed on the plan change.	No
		2	Amend	That a 10 year lapse period be put over the Plan Change if not given effect to.	
		2	Oppose in part	Oppose in full amendment 2 to the Plan Change. Federated Mountain Club opposes the additional wording in this amendment as not all ski areas require modification to the natural environment to create skiable terrain, infrastructure and amenities. There may be a case for earthworks on larger ski fields, but this should not be created by way of exception within an issue. opening up this exception will lessen the test required for wider scale earthworks on other more natural ski fields. The amendment also states that the plan change will enhance public accessibility but this Plan Change will in fact do the opposite. Currently this land has public access by virtue of its tenure and this will be lost and subdivided in part if the Plan Change proceeds. A better approach would be to simply state the exceptions to the issue are all areas defined as ski area sub-zones	
		3	Support in part	Support Amendment 3 to the Plan Change. This is a better approach to dealing with exceptions and this covers off the reality that ski areas exist, and have existed within outstanding landscapes in the Selwyn District for many years.	
		4	Support in part	Opposes Amendment 5 to the Plan Change. The changes to the Issue in amendment 2 indicate that the mountain village supposedly enhances public access to the area, but this is not specifically mentioned. It enables accommodation, commercial activities and services but not enhanced access. The village will result in a loss of access to a large area of the high country that was formerly public conservation land	
		5	Oppose in part	Opposes Amendment 8 to the Plan Change. The policy is not strong enough to ensure that the design of the mountain village subdivision is in accordance with the values of the area. Using the word 'avoid' would provide a higher level of test for subdivision activities later seeking resource consent.	
		6	Oppose in part	Oppose Amendment 11 to the Plan Change. Public access is easy to monitor and report on and as such is an easy subject to include in a list of anticipated environmental results. We seek the inclusion of a third point. as shown below.	
		7	Amend	That a third point be added to Amendment 11 as follows: <i>That public access to the conservation areas around the Porters Ski Area and the mountain village is maintained or enhanced.</i>	
		8	Supports in part	Support Amendment 13 to the Plan Change. For point iv) we agree that earthworks operating for the Porters Ski Area classified either as permitted or controlled activity is a fair approach and recognises the realities of managing a ski area.	
		9	Support in part	Support in part amendment 24. Do not believe that "international demand" is a sufficient for relaxing a planning zone, especially one that applies to the high country. The RMA specifically states that trade competition is not within its jurisdiction, and a District Plan is not a tourism or economic plan.	
Windwhistle Winter Sports Club	1717	1	Support	The six ski area in the Selwyn District would benefit from this change. The ski areas have completely different landuse from rural high country users. Ski area have their major activity in the winter, while rural high country is used for summer grazing. A ski area zone would allow for input from ski area operators into permitted activities in such areas.	No
		2	Support	The 616ha is a very small area of the Craigieburn Range. Other recreational users will find plenty of other areas of 'outstanding natural landscapes' in particular the same general area.	
		3	Support	The Plan Change will enhance the economic activity of the local area, including employment opportunities, supplementary small businesses (skier transporting). Some visitors like to also visit other ski fields which would benefit the other 5 ski areas	
		4	Support	The Selwyn District has a unique tourism asset with ski areas in close proximity. Porters leads the way in providing facilities for ski tourists. The proposed development will enable Porters to compete with the Southern Ski areas more effectively, while at the same time providing better facilities for local skiers. having the other ski areas near by will enable skiers to try club skiing.	
ChCh International Airport Ltd	1718	1	Support	Approve the Plan Change.	Yes

		2	support	The Christchurch International Airport is a major driver of the regional Canterbury economy. Initiatives by third parties which foster growth at CIAL will benefit the Canterbury economy.	
		3	Support	Plan Change 25 aligns with CIAL's own vision and goals. CIAL sees that the proposed redevelopment of Porters Basin will: foster growth in tourism in the Canterbury region, be particularly attractive to Australian tourists, increase the number of flights into Christchurch airport from Australia resulting in increased capacity and lower cost trans Tasman flights, fit with CIAL's expansion plans, provide a tourism experience that is not currently available in New Zealand.	
		4	Support	Overall the Plan Change will: bring more jobs/money to local economy, strengthen Canterbury as tourist destination, bring more tourists and flights to Christchurch and be complementary, and support, CIAL's own vision and goals	
Porters Ski Area Ltd	1719	1	Support	The reasons for support are outlined in the section 32 report accompanying the request for a private plan change but some amendments have been suggested as outlined below	Yes
		2	Amend	Alter Rule 25.3.1.5 by reducing the height for the Crystal Chalets from 13m to 8m	
		3	Amend	Add a new rule under 25.9 restricted Discretionary Activities for Crystal Chalets so that chalets over 8m, but under 13m in height be considered as a restricted Discretionary Activity.	
		4	Amend	Amend 25.11 Non-Complying Activities, Buildings so that it is clear that Crystal Chalets between 8m and 13m in height are not considered a Non-Complying Activity. Crystal Chalets over 13m would be a Non-Complying Activity - this retains the status quo as publicly notified.	
		5	Amend	Ensure that the Ski Area Sub-Zone boundary is consistent with the legal boundary with Glenthorne Station (being Run 179, CB529/90).	
		6	Amend	Porters is aware that there is divided opinion amongst stakeholder groups as to whether some or all of the proposed Ski Area Sub Zone should be included or excluded from the ONL. Porters acknowledges that there are valid considerations from both viewpoints. Porters does not object to an amendment to the Plan Change which alters the boundary of the ONL in response to consideration of submissions.	
Eugenie Meryl Sage	1720	1	Oppose	I seek that the District Council decline proposed Plan Change 25.	Yes
		2	Oppose	The Plan Change application is premature when the applicant does not own or have landholder permission to access all of the 616 ha. site affected by the Plan Change. The land owner, the Department of Conservation on behalf of the Crown has yet to give Blackfish Ltd permission to freehold public protected conservation land for the development. Moving to hear submissions on the proposed Plan Change before the landowner has granted access potentially wastes Council and submitters' time.	
		3	Oppose	Notification is premature. The proposal involves water takes for potable water and snow making and stormwater and wastewater discharges. Resource consents are required from Environment Canterbury. The applications should have been jointly notified and should be jointly considered by both councils.	
		4	Oppose	Inadequate information is provided for the decision maker to exercise its responsibilities. Construction of the gondola and village and roading has potentially significant effects on landforms, landscape values, and vegetation cover and integrity. The lack of design detail means potential effects are understated. Further information is required on the landscape and ecological impacts of each element of the development, particularly the gondola, buildings in the village, the pipelines, and new roading; and on potential impacts on water quality from extensive earthworks.	
		5	Oppose	The Plan Change would undermine the integrity and consistent administration of the Selwyn District Plan. The Plan Objectives, Policies and Methods including rules recognise and provide for social and cultural wellbeing, health and the needs of current and future generations for open space, healthy indigenous vegetation, unbuilt high country landscapes where natural landforms, and vegetation patterns predominant, rivers with high natural character and high water quality. Plan provisions for Outstanding Natural Landscapes help protect these values from inappropriate subdivision and development. Removal of ONL status would provide no certainty that adverse effects on the area's outstanding landscapes would be adequately avoided, remedied or mitigated.	

		6	Oppose	The District Plan seeks to strengthen townships and activity centres by encouraging new residential development in and around these existing settlement nodes. The Plan Change is contrary to the thrust and intent of the Plan. Rural residential subdivision to create 45 residential lots and an unlimited number of cross lease and strata titles to provide permanent residential accommodation for another 200 people and visitor accommodation for 3000 would promote sporadic, sprawling development in the Rural Zone. Castle Hill Village can accommodate any real demand for rural residential subdivision in the high country.	
		7	Oppose	The applicant's proposal that it be able to develop and subdivide 50 % of the residential allotments before doing any ski field development risks the creation of an incomplete, poorly serviced subdivision if inadequate investment limits further development. No bond is proposed for removal of structures if the venture fails financially.	
		8	Oppose	The applicant's proposal that it be able to develop and subdivide 50 % of the residential allotments before doing any ski field development risks the creation of an incomplete, poorly serviced subdivision if inadequate investment limits further development. No bond is proposed for removal of structures if the venture fails financially.	
		9	Oppose	It would better provide for the efficient use and development of natural resources if residential subdivision, après ski services and services such as restaurants, bars, accommodation, non ski related activities such as tennis courts were provided in existing townships such as Darfield and Springfield. The Plan Change does not encourage use of existing community facilities and infrastructure in these townships and it makes economic development here to service skiers less likely.	
		10	Oppose	The potential impacts of climate change and rising snowlines, less reliable snow and the implications for the viability of the development and skier use of the area are inadequately assessed.	
		11	Oppose	The applicant has provided no evidence that the site lacks the outstanding natural landscape (ONL) values which would justify the removal of ONL status.	
		12	Oppose	Rezoning 616 ha. of the Porter Valley, Crystal Basin area to Ski Area sub zone would remove or weaken the current Rural Zone (High Country) controls on earthworks, structures, building development, clearance of indigenous vegetation and other activities with potential adverse effects on natural character, outstanding natural landscapes and features, ecological functioning, significant indigenous vegetation and habitats, amenity values, intrinsic values, environmental quality and ecosystem functioning. This does not promote sustainable management as required by Part 2 RMA.	
		13	Oppose	The Plan Change proposes that buildings and structures, subdivision, earthworks, amenity plantings, and roading which complied with the layout in the Outline Development Plan be controlled activities. The Council cannot decline consent if significant adverse effects (e.g. from erosion, footprint and visual impact of gondola, building intensity, size and scale) cannot be avoided, remedied or mitigated. Inadequate information is provided to enable such effects to be adequately assessed through the Plan Change process.	
		14	Oppose	The proposed village, gondola construction, clearance of tussock and indigenous shrublands, landform modification, and the intensity and dominance of building development and site hardening are inconsistent with section 6(b) RMA. The Plan Change includes Design Principles which are not binding. This and controlled activity status mean it is uncertain that buildings and other facilities will be designed, located and constructed to a standard which avoids adverse impacts, particularly on an outstanding natural landscape and ecological values.	
		15	Oppose	Intensive building development, structures and pipelines close to and overlooking Porter River, Porter Stream and Crystal Stream would not preserve their current high natural contrary to section 6(a) RMA. It risks compromising public access to and along these rivers particularly as esplanade reserves are not set off.	
		16	Oppose	Crystal Basin is an "excellent example of an alpine cirque basin ecosystem" in almost pristine condition. The village and associated ski field development including earthworks, roading, ski trail construction and wastewater disposal would destroy or degrade indigenous tussock and dracophyllum communities, significant alpine and sub alpine vegetation and habitats contrary to section 6(c).	
		17	Oppose	The development would create the disturbed ground favoured by weeds. Weed species carried in by vehicles, roading gravel and equipment would spread from the site compromising habitat quality on and beyond the site	

		18	Oppose	Any increase in skiing related economic activity at and around Porters will potentially be at the expense of ski areas in Queenstown and Wanaka. The AEE (section 8.8) notes that: "It is expected that a significant proportion of the domestic and international skier days will be drawn from skiers who would otherwise have visited the Southern Lakes region." This is economically inefficient and does not make the best use of existing infrastructure investment further south.	
		19	Oppose	The national scale economic output from accommodation and ski tourism from the Porters redevelopment is estimated at increasing by only \$8-\$15 million annually by year six. This does not justify the loss of nationally significant landscape, ecological and amenity values on the site.	
		20	Oppose	The applicant Blackfish Ltd is 65 % Australian owned so the bulk of any profits would flow offshore and not benefit New Zealand.	
		21	Oppose	Mitigation is inadequate. No environmental compensation is proposed of equivalent value to the permanent loss of nationally important dryland habitats and degradation of outstanding landscape and amenity values and environmental quality over up to 616 ha. The applicant cannot seek to double count the purchase of 15 ha. of Lord's Bush (originally purchased as part of an exchange of interests in conservation land with the Department of Conservation) to offset environmental damage caused by the development.	
		22	Oppose	The establishment of Korowai/Torlesse Conservation Park in the early 1990s protected a continuous east-west sequence of indigenous habitats and ecosystems. They extend from Otira's beech and rata forests in Arthur's Pass National Park characteristic of high rainfall areas west of the main divide, the alpine shrublands, rock fields, and beech forests of the national park and Craigieburn Forest Park, to the dryland habitats of the Torlesse and Big Ben Ranges with their distinctive scree communities. Crystal Basin supports an unbroken and unmodified altitudinal sequence of alpine habitats. It is important part of this corridor of public protected land. The village development would disrupt this ecological sequence through vegetation loss, buildings and earthworks and incursion of weeds.	
		23	Oppose	The Plan Change is contrary to or inconsistent with planning instruments including: a. Selwyn District Plan b. Canterbury Regional Policy Statement in particular chapter 7 Soils and Land Use, chapter 8 Landscape, Ecology, and Heritage; chapter 9 Beds of Rivers, chapter 10 Settlement and Built Environment c. The Canterbury Conservation Management Strategy.	
		24	Oppose	I seek that the Selwyn District Council put the application on hold until: a) the Department of Conservation has notified its decision on the applicant's proposals to access conservation land and until the applicant has freehold title and/ or landholder permission to access all of the 616 ha. area subject to the proposed Plan Change; and b) Regional Council consent applications have been notified.	
		25	Oppose	I seek that the Selwyn District Council seek further information under s 92 and hold a joint hearing with Environment Canterbury.	
David Scott	1721	1	Support	I seek to support the Porters Development for the reasons of growth in tourism, employment and, for the reduction of risk involved with the current travelling and mountain road.	Yes
Nicola Lee Snoyink	1722	1	Oppose	I do not wish to see another subdivision happen in the Central Canterbury high country when the Castle Hill Village is already there and is a prime example of a botched development.	Yes
		2	Oppose	It is difficult to understand how a development of this scale can be permitted in this area when only a few years ago the land in question was purchased by the Nature Heritage Fund for conservation purposes and given "Outstanding Natural Landscape" status. This proposed plan change ultimately undermines previous management decisions for the Crystal Basin Valley. I object to this plan change removing this status from this land and the undermining of the Nature Heritage Fund process.	
		3	Oppose	Sets a dangerous precedence in the high country, giving any body the idea they can develop a subdivision where ever they want.	

		4	Oppose	The Selwyn District Council should not consider this proposal until a review of the Conservation Management Plan for the area in concern, has taken place. Only when the public have spoken and indicated a need for further ski area development and if so, exactly what scale of development; should such a proposal be even considered	
		5	Oppose	It is Councils responsibility to not treat these kinds of applications too lightly. The impacts of such development must be given careful consideration to protect the natural places and little biodiversity we have left in Canterbury, first and foremost.	
		6	Oppose	Is there any parallel between the Councils district plan with the Department of Conservation's management strategy? This would be beneficial in expanding appropriate tourism and recreational development on the public estate.	
		7	Oppose	I request that the Selwyn District Council put New Zealand's unique high country first and decline this application.	
Frank Dohmen	1723	1	Oppose	Although I am a snowboarder myself I do oppose the rezoning. The Craigieburn Mountain Range is a unique scenic environment and further developing will harm this fragile environment.	No
		2	Oppose	In Chapter 10 of the plan, environmental sustainability is discussed. In my opinion sustainability means that any adverse environmental consequences will be offset in order to preserve a ecosystem. The proposals in Chapter 10 will not offset the negative effects on the environment. In a best case scenario the proposals in Chapter 10 will mitigate some of the negative effects on the environment rather than offsetting them. Sustainability in this chapter is used as a fashion word and is without substance. The Craigieburn Mountain Range needs to be conserved for present and future generations.	
Canterbury District Health Board	1724	1	Oppose	There is concern regarding the ability of the proposed Plan Change to meet the purpose set out in s5 Resource Management Act 1991, in terms of public health. Due to the nature of this development being highly hospitality driven and involving; catering for and accommodating a large number of people, essential services such as drinking water and wastewater management need to be thoroughly investigated for their feasibility and sustainability. Both these services are essential to maintaining a healthy, vibrant and productive Tourism Industry.	Yes
		2	Oppose	The Porter Heights Development presents many challenges in its geographical and geological location. There are concerns in relation to the ability to meet the objectives and policies of the Selwyn District Plan, in particular Policy B4.1.4. More specifically there are concerns in relation to the lack of information within the application regarding the provision of potable water to the proposed development, the treatment and disposal of waste, including sewage, and the constraints imposed by the location, terrain, temperature and weather extremes, and geological and hydro geological features. There are also concerns regarding the assumptions used in the Wastewater, Stormwater and Water Supply Infrastructural Options Assessment Report and the inconclusive nature of the adoption of options i.e. some options not providing the protection intended or being approved under current Standards.	
		3	Oppose	Further information on the nature of the accommodation proposed is required, so that a decision can be made as to determine what type of supplier category the drinking water for the proposed development will be. For new supplies commencing supplying drinking water after 1 July 2012, it is expected that they will comply with the Drinking Water Amendment Act 2007 from July 1st 2012.	

		4	Oppose	There are concerns on the details of the wastewater treatment such as (but not limited to): <ul style="list-style-type: none"> □ The lack of information on seasonal variation on wastewater treatment and discharge; □ The lack of information on microbial loading from this development and the variations in treatment over the different seasons; □ The cumulative effect of microbial loading over time on relatively permeable soils and run-off effects; and □ The establishment of planting on these soils would take considerable time to establish and contribute to the treatment process. 	
		5	Oppose	Due to the hospitality nature of this proposed development, provision of water supply and treatment and wastewater are essential services that need to be secured and sufficiently detailed before a plan change is granted and not waiting for detailed design commencement . If these essential services cannot be ascertained and provided public health will be compromised. <ul style="list-style-type: none"> □ 	
Guy Nurse	1725	1	Support	I support Porters Ski Area in their proposed expansion into Crystal Valley.	No
		2	Support	Approve PC 25	
Kahuna Boardriders	1726	1	Support	We support the Proposal to expand Porter Heights ski field into Crystal Valley and the expansion development of a gondola and ski village lower down the valley.	No
		2	Support	Approve PC 25	
Adam Fleming	1727	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Current facilities in NZ are simply not on par with any ski area in the rest of the world. Having spent a large amount of time snowboarding in France, Austria, Australia, Japan and NZ it is clear that more forward thinking action like the planned expansion of the Porters area is needed to ensure that NZ remains the number one southern hemisphere winter destination. The facilities at most NZ ski areas is barely adequate and the inclusion of an alpine village makes more sense for Porters to be a destination and the planned access gondola is simply a must have for safety, eliminating the need for a gravel access road to the ski area.	
Rainier Bron	1728	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Ben van Opzeeland	1729	1	Support	I approve the plan change	No
		2	Support	Nothing like it in NZ, brings a bit of Europe to NZ.	
Blair Green	1730	1	Support	Existing Porters Ski Area needs to be upgraded, it has slipped behind in facilities	
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		4	Support	This would be a great experience for New Zealanders and overseas skiers	
		5	Support	This will bring jobs into the region.	
		6	Support	This would create a sports/natural environment village with access to a range of alpine and ice sports within walking or lift access.	
Amelia Rennie	1731	1	Support	Existing Porters Ski Area needs to be upgraded	No

		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Jason Naran	1732	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Jonas Root	1733	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Hayley Morrison	1734	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Grant Gillingham	1735	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
James Hobbs	1736	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Amy Carter	1737	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	

		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Penny Slade	1738	1	Support	The existing Porters Ski Area is becoming too small compared to other NZ and overseas commercial fields. The proposed development in the Crystal Valley would increase the skiable terrain remarkably.	No
		2	Support	No having to use the mount access road would be a huge bonus for me personally as I do not have a 4wd vehicle. This means that I could use my economical 1.3L car to get to the proposed ski area lodge via the new sealed road. This would help reduce the effect on the environment as well.	
Jon Roebuck	1739	1	Support	I approve the proposed Plan Change	No
		2	Support	I feel that winter tourism from overseas visitors to Canterbury has huge potential to bring sustainable, long term income to high country areas without excessive exploitation of resources.	
		3	Support	I have emigrated to NZ from the UK, and have skied in both Europe and NZ. It is clear to me that many of the skiers who visit resorts in France etc would be less enthusiastic about the current arrangements for skiing in Canterbury, i.e., long daily drives on unsealed roads, limited accommodation near ski fields and heavy reliance on natural snowfall. Personally I have no problem with this situation and will probably continue to also visit the lower-key club fields, but I am not the target market for a premium resort such as the Porters expansion.	
		4	Support	I feel that having at least one world class premium resort close to ChCh, as long as the development is managed in an environmentally sensitive manner, will be a catalyst for significant growth in winter tourism in the Canterbury region.	
Michael Skelton	1740	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Brendan McLean	1741	1	Support	I approve the proposed Plan Change	No
		2	Support	Porter Heights has for a long time now been struggling in the shadow of larger ski fields in the region. The terrain has limitless opportunities to be expanded and to gain more access to the area would be invaluable to the skiing community.	
		3	Support	Apart from the obvious benefits of creating jobs, a vital part for NZ for recovery from the current financial state we are in, it has also been long overdue that we have the necessary ski resorts that are vital for NZ to compete in the tourism industry.	
		4	Support	By using gondolas for access to the mountain you address the concern of the ever dangerous roads like that of Mt Hutt that has recently been in the papers bringing a negative image to our tourism industry.	
		5	Support	To not go ahead with this expansion would be detrimental to the area, the tourism industry and NZ itself.	
Andy Burson	1742	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Murray Grossmith	1743	1	Support	I approve the proposed Plan Change	No

		2	Support	Having worked extensively in the tourism and marketing business for the past 20 years, working on ski projects in both Europe and USA, I know what a huge, positive difference the upgrade of Porters ski area would be... not only creating jobs, ensuring sustainable economic longevity for the region and putting NZ ski resorts more on a world stage footing. It would also create a much needed professional grade tourist destination, not only bringing in money to the Porters area but to the Canterbury and wider regions as a whole.	
Lauchie Griffin	1744	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Tim Harker	1745	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Richard Turner	1746	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	In addition, I believe that there would be NO negative impacts on environment and/or human concerns. This kind of project is one to make NZ, especially the South Island, seen as a true tourist destination that can deliver the experience expected. If we are to grow our economy it is vital that these kinds of projects are encouraged and allowed to proceed.	
		10	Support	This will improve awareness of the area surrounding Porter Heights and I am confident it will attract local families to get out and enjoy an area that has previously been undervalued in public opinion due to lack of investment.	
Pip Widdon	1747	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This allows lots more people to get the enjoyment from accessing Crystal	
Daniel Gardener	1748	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Rhys Speirs	1749	1	Support	Existing Porters Ski Area needs to be upgraded	Yes

		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I approve the plan change. There will be tremendous economic and sporting benefit to Selwyn area and NZ as a whole. Look at the booming industry in the Northern Hemisphere shaped around on mountain tourist and holiday facilities. NZ has the best of Southern hemisphere ski locations and should be able to offer world class ski resort facilities. It appears that the consortium have plans to ensure good environmental management and a willingness to work with the local people and authorities to ensure success for everyone.	
		10	Support	Seems to me to be an overwhelmingly positive development to allow into the plan.	
Stuart Murray	1750	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Michael Morrison	1751	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
James Hanafin	1752	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Caroline McCulloch	1753	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Nicole Mulcahy	1754	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Steven Gray	1755	1	Support	I approve the proposed Plan Change and think this will add value to the Canterbury are.	No
		2	Support	Existing Porters Ski Area is getting old and in need of an upgrade.	
		3	Support	This would help ensure Porters remains viable	
		4	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		5	Support	Not to have to use our mountain access road is much safer	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal Valley and enjoy the Craigieburn area	
		8	Support	This will bring jobs into the region.	
Nick Rochford	1756	1	Support	Existing Porters Ski Area needs to be upgraded	NO
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Bevan Adamson	1757	1	Support	I approve the proposed Plan Change.	No
		2	Support	Additional Job opportunities	
		3	Support	National and international drawcard to the area	
		4	Support	A standard and type of facilities sorely lacking in NZ	
		5	Support	Ski in, ski out, brilliant.	
Howard Whitman	1758	1	Support	Canterbury/NZ deserves a world class resort and needs something like this to compliment the Queenstown experience. To many Kiwis and tourists bypass the Canterbury ski fields as they aren't seen as world class or as easily accessible as the Queenstown resorts.	NO
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	Ease of a ski in/ski out facility is exactly what the NZ industry needs.	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region and put Canterbury (if not NZ) on the global ski industry map!	
		9	Support	Will provide the opportunity for the region to be recognised as a summer resort also. After many visits to Whistler in Summer & Winter I am excited by the opportunity for NZ to have its very own contender as a world class year round resort. An opportunity to expand summer activities, e.g., mountain biking, walks, hiking, adventure tourism, etc, would be a huge asset to NZ.	
Albert Webb	1759	1	Support	I like the idea of the new village and facilities. It would be very relaxing after a day snowboarding.	No
		2	Support	It would make snowboarding more accessible.	
		3	Support	It would provide great snowboarding areas close to ChCh	
Elisabeth Gehlert	1760	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Stewart Morrin	1761	1	Support	I think it will do the area good, and NZ needs a dedicated ski resort for the Northern Hemisphere's summer.	No

		2	Support	It would gain more support I feel if it were able to be used as a summer mountain bike area.	
		3	Support	It would also take some of the strain off the lines at Mt Hutt - very nice!	
Adrienne & Steve McEwan	1762	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Justine Rutledge	1763	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Lucy Hone	1764	1	Support	Existing Porters Ski Area needs to be upgraded	
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I can't wait to see Crystal Valley and ski it!!	
		10	Support	It would be great to see the council getting behind local businesses like this	
		11	Support	I approve the proposed plan change and really hope for Canterbury's future you pass this submission.	
Chris Young	1765	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This will be great for other ski areas along the Craigieburn range.	
		10	Support	I live in Wellington and have been using Porters ski area for over 20 years. In that time not much has changed at the ski area. The upgrade would be an excellent opportunity to promote all the ski areas right the way through to Temple basin - which I understand has been struggling over the last few years.	
		11	Support	I have always thought that Porters ski area is one of the most under utilised ski areas in the country, given its locality to a major city (and airport). This upgrade would surely change that!	
Michelle O'Sullivan	1766	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	

		8	Support	This will bring jobs into the region.	
Ross Gunn	1767	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
James Smith	1768	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Wyn Mossman	1769	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Rob Laidlaw	1770	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Liza Sparrow	1771	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable for future generations	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road - enabling non-skiers/older/disabled members of our community the opportunity to enjoy the mountain	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region and in particular to the Craigieburn National Park, West Coast and beyond	
		6	Support	Would upgrade ski region including Mt Hutt and surrounding club fields.	
		7	Support	This would be a great experience for New Zealanders and overseas skiers	
		8	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		9	Support	This will bring jobs into the region.	
		10	Support	Encourage tourism and recreation into the region over the summer months.	
Melanda Slemint	1772	1	Support	I believe that done well, this development could be good for the whole region because it will enhance the image of snow sports in Canterbury. It could help tourism across all the local fields, and also encourage more locals up the mountain. The benefits of increased participation in outdoor sports are well documented.	No
Debbie Hicks	1773	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	

		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Sue Jennings	1774	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Jude Day	1775	1	Support	Skied Porters for the first time in 30 years this season - fantastic field - great to see it expanded.	
Lyndsey McIntyre	1776	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Stephen Slade	1777	1	Support	Good for the communities of Canterbury in terms of employment, financial investments and income for the economy, good for tourism. Well overdue.	No
		2	Support	Approve the applications	
		3	Support	Existing Porters Ski Area needs to be upgraded	
		4	Support	It will produce the type of on mountain facility you can get overseas	
		5	Support	The mountain access road will be upgraded, making it safer and accessible to all	
		6	Support	This will bring thousands of tourists to the mountain and the Canterbury region, and subsequent income for many industries	
		7	Support	It will allow lots more people of average ability to get the enjoyment from accessing Crystal Valley	
		8	Support	It will bring jobs to the region	
Victoria Elworthy	1778	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Peter Beckett	1779	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Kimberley Mossman	1780	1	Support	The existing Porters Ski area needs to be upgraded and it will help to ensure Porters remains viable.	No

		2	Support	It will provide jobs	
		3	Support	It will bring more tourists to the area.	
		4	Support	It would be great if NZ had the type of on mountain facility you can get overseas.	
		5	Support	For tourists especially it would be great if they didn't to have to use the mountain access road	
Rob Sloan	1781	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Kath Preston	1782	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Marion Meates	1783	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Mark Floyd	1784	1	Support	Existing Porters Ski Area needs to be upgraded its cold and dark	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Gaynor Morris	1785	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
John Morris	1786	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	

		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Sue Beckett	1787	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
Michael Palmer	1788	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Clarice Hebblethwaite	1789	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable and for NZ to have the type of on mountain facility you can get overseas, especially without needing to use the mountain access road.	
Lynne Gunn	1790	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Ali McCormick	1791	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Lynley Smith	1792	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Marc Rogers	1793	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	

		8	Support	This will bring jobs into the region.	
		9	Support	This would be so good for skiing in the Canterbury area and the entire ChCh and Selwyn region. It would bring in large amount of foreign exchange from Australia and boost the regional economy in winter.	
		10	Support	This will be sweet as	
Jill Johnson	1794	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Mick Butler	1795	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Pete Browne	1796	1	Support	Will boost NZ's ski market incredibly and be very beneficial for the economy	Yes
		2	Support	The riding at Porters will be even more amazing than it already is	
		3	Support	It's about time NZ steps up with better ski fields infrastructure as numbers are booming down south and need to be spread to other parts of the country.	
Paul Floyd	1797	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Timothy Hutchinson	1798	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I believe the proposed development is very exciting for our region, and will provide not only employment for many people, it is a positive and exciting way to showcase the Canterbury region. And if it means it will be a more viable business from doing so, what a boost to our local economy. I wish Mike Sleigh and his team the very best in getting his project underway.	
Catherine Saunders	1799	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	

		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Tom Elworthy	1800	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Mark Hyland	1801	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Mike O'Sullivan	1802	1	Support	I feel this is a fantastic plan and without a doubt will benefit many people in Canterbury, NZ, and tourists visiting the area from all parts of the world. Porters has always had a fantastic attitude and a great "family" feel and something like this would bring huge opportunity for jobs and business throughout the area.	No
Cameron McGregor	1803	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Philip Rogers	1804	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Ray Weston	1805	1	Support	What a fantastic tourism and hospitality opportunity for Selwyn District and Canterbury region. There is nothing like this outside of Queenstown. It would generate huge economic benefits for the region. I would certainly use this facility.	No
Isaac Luoni	1806	1	Support	It would be great if NZ had the type of year round mountain destination you can get overseas, within the Canterbury region.	No
		2	Support	Allowing this plan change will be great for increased winter tourism.	
		3	Support	Having the village open year round will be excellent in the summer, bringing tourists to the region.	
Chris Barnett	1807	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		5	Support	This would be a great experience for New Zealanders and overseas skiers	
		6	Support	This allows lots more people to get the enjoyment from accessing Crystal	

		7	Support	This will bring jobs into the region.	
		8	Support	I think it would be really awesome to have a proper world class ski resort in NZ. We have all these great mountains in Canterbury, but we don't pull large amounts of international tourists (except Australians) because they expect higher quality ski resorts. It would also be great for NZ in general - this country should be seen in the same light as other great international ski destinations such as; the Swiss Alps, Colorado, Canada, Alaska and Hokkaido (Japan). it will also encourage other ski areas to upgrade their facilities (which are looking rather shabby) to complete with Porters.	
Alexandra Fulton	1808	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Rory Jesson	1809	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
David Wilson	1810	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Esther Henry	1811	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Abby Hamilton	1812	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Andrew McKean	1813	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	

		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I think that it will be great for Canterbury as a tourist destination, and give locals living in Canterbury skiing to rival that down in Queenstown and Wanaka. It will introduce more people to the Arthur's Pass and Porter's Pass region.	
Will Scott	1814	1	Support	I think that this development is vital to the NZ ski industry and will allow it to evolve in both an economically and environmentally sustainable manner.	No
Rob Kavanagh	1815	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Dave Nurse	1816	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	As an avid snowboarder and having been involved with snowboarding within our industry for the last 6 years (12 winter seasons) I feel that the expansion of Porters is fantastic. Giving jobs, boosting our economy, and becoming a worldwide destination for both winter and summer months.	
		10	Support	The area is unutilised by our communities at present. With a few club ski areas around and the small Castle Hill Village only a handful of people use the area to full potential. This could prove to be the single most amazing ski area of its kind in the southern hemisphere let alone NZ. The terrain is exceptional. The local community welcoming. The local economy could use this stimulus and create a full bright future for many	
		11	Support	Being the closest ski area to ChCh the potential in tourism is all there also.	
Martin Welsh	1817	1	Support	I approve the proposed Plan Change, as whilst environmental concerns need to be considered, in balance, I believe for the percentage of land/area of the southern alps this development will effect, should be considered favourably in favour of the recreational and economic advantages for the local employment, domestic and international visitor opportunities a development of this nature will provide. It will also be a development in support for the wider region for local, wider domestic and international tourism.	No
		2	Support	It would be great if NZ had the type of on mountain facility you can get overseas that will also encourage local support and longer visitor stays in the region.	
		3	Support	This development will bring additional tourists to the mountain and the Canterbury region and will be a great experience for Nzers and overseas skiers and will bring additional jobs into the region.	
Ali Scarlet	1818	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	

		8	Support	This will bring jobs into the region.	
Hugh Crichton	1819	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Alan Harper	1820	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This would enhance Terrace Downs as a world class destination	
Betsy Macdonald	1821	1	Support	It is a great idea and will set the bar for skiing/boarding in NZ.	No
		2	Support	I am from Aspen, Colorado and can clearly see the benefits of a quality base development at Porters.	
Peter Hay	1822	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if we did not have to use our mountain access road	
		4	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
Jason Collins	1823	1	Support	Would like to see the development move into many of the other adjacent valleys as well as Porters and Crystal.	No
Belinda Hopkins	1824	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	As a keen skier and Cantabrian I agree with the ideas above and look forward to taking my family to learn to ski at Crystal one day. I believe that access should be modernised for safety and the environment. I can't believe I drove up the existing road when I was only 17! Glad I made it! New lifts and facilities on the mountain will bring the sport to more people and what a great gift to future generations. My grandfather helped build the first ski tows in this area, without which we wouldn't be making this important step forward today. We have to grow this industry! It can be used in summer too, mountain-bikers & tourists alike.	
Karen Aitken	1825	1	Support	This would be great to ensure Porters remains viable	No
		2	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		3	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		4	Support	This would be a great experience for New Zealanders and overseas skiers	
		5	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		6	Support	This will bring jobs into the region.	
Bill Stalker	1826	1	Support	Approve the Plan Change. This is an exciting development with benefits to a wide range of communities and businesses in the greater Selwyn and Canterbury areas. The applicant has shown great understanding of the environmental issues involved and their responsibilities to ensure sustainable development. The development would be the jewel in the crown for the NZ ski industry and will set a benchmark	No
		2	Support	Existing Porters Ski Area needs to be upgraded to offer real competition	

		3	Support	This would be great to ensure Porters remains viable	
		4	Support	Overseas skiers expect a higher standard of facilities than currently on offer at NZ ski resorts. Our access roads are dangerous and off putting and the carbon emissions from so much driving are huge.	
		6	Support	This will bring thousands of tourists to the mountain and the Canterbury region. The new Porters has the potential to make Canterbury a rival winter destination and bring hundreds of millions of tourist dollars to the region.	
		7	Support	There has been no major ski area development for 25 years and we are falling behind the northern hemisphere. New Zealand tourism is losing skiers to overseas resorts.	
		8	Support	Climate change is adversely affecting the Australian ski areas to the extent that New Zealand could become their ski industry within 20 years. We need to plan for that now.	
Trevor Lee	1827	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Mark Nichols	1828	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This will create a ski field in Canterbury with safe, international standards, access.	
Adam Percasky	1829	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Kathryn Patrick	1830	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This would be a huge benefit, and the option to have a world class ski field on our door step of Canterbury, rather than flying to Canada or Europe for the same experience and keep the Kiwi \$\$\$\$ in NZ.	
Alan Ogle	1831	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		5	Support	This would be a great experience for New Zealanders and overseas skiers	

		6	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		7	Support	This will bring jobs into the region.	
		8	Support	It should support the considerable investment the SDC and private investors have already made in Castle Hill Village as a service centre to the Waimakariri Basin	
		9	Support	This should help improve Canterbury's position as a competitive ski area to Central Otago	
		10	Support	I believe the ecological impacts of this planned development are minimal when compared with the community and economic impacts to the region.	
Rhys Williamson	1832	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Ali Marsh	1833	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Catherine Brandt	1834	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Cliff Swailes	1835	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This would well and truly put NZ on the map as an excellent ski destination and bring more business to the South Island.	
Debbie Pankhurst	1836	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Samie Stowers	1837	1	Support	Existing Porters Ski Area needs to be upgraded	Yes

		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Pamela Shatford	1838	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This would provide a world-class facility within easy driving distance of Christchurch. The facility would be visited by locals (incl ChCh) and national and international tourists. It would provide a full experience for families and bring additional employment opportunities to the area.	
Graham Strickert	1839	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support in part	Installing a gondola will reduce the risk and adverse environmental impacts of having an access road. I do have a concern about putting a gondola to the peak. There is a likely hood of a large earthquake over the next 50 years that will have consequences for the area. structures on peaks are subject to much higher levels of ground acceleration in an earthquake.	
		10	Support in part	The snowmaking reservoirs should be located below critical infrastructure.	
		11	Support in part	Have there been geotechnical investigations to assess the risk of avalanches, landslides, rock-fall and the general stability of the slope where the village is to be constructed	
Paul Smith	1840	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Porters is an amazing place to go snowboarding and with this expansion it will allow existing customers to have even more fun. Also this will definitely increase tourism in Canterbury and the Selwyn regions. Looking long term, as this is what all New Zealander's should be doing, this will benefit so many aspects of our communities and country and denying this due to handful of short-sighted people will be terrible.	
John White	1841	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Scott Hobbs	1842	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Linda Ingles	1843	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Grant Ingles	1844	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Vicky Peacock	1845	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Layton Hern	1846	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be a lot safer for skiers if we did not have to use the mountain access road.	
		5	Support	Due to the fact that we will no longer have to use the road, skiers will be able to drive smaller, more fuel efficient cars, lessening our fuel usage and minimising carbon dioxide released	
		6	Support	The increase in skifield size would allow Canterbury to be able to facilitate more tourists especially with our advantage of being so near an international airport.	
		7	Support	This would be a great experience for New Zealanders and overseas skiers	
		8	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		9	Support	This will bring jobs into the region.	
Ronnie Williamson	1847	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	

		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Bradley Wilkins	1848	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	New Zealand skiing needs to expand to ensure that overseas visitors continue to return, without expanding the current ski resorts people will get sick of the same old every season. By expanding the ski areas to open up new terrain will also help reduce lift lines and increase skier numbers.	
Ryan Carlton	1849	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
David Donaldson	1850	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Quentin Forster	1851	1	Oppose	I do not approve the proposed plan. I love our country the way it is. The idea of conservation land being developed goes against everything I was brought up to believe in. Where does it stop?	No
		2	Oppose	If this If this plan goes ahead it will only be a matter of time before more land is required and more land will be made available to them. I do not want to see a beautiful peaceful part of our country turned into an overpopulated village leading to a small town and then no doubt leading to further expansion and more of our outdoor playground becoming flattened and turned to property for overseas buyers. If the current owners of Porters don't see the current ski field as being viable then sell it on to someone who can make it sustainable and give our backcountry the respect it deserves and leave the unspoiled land as it is.	
Ben Rochford	1852	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I approve the proposed plan change cause it would make an awesome ski field for the West Coasters and the whole of NZ.	
Peter Cousins	1853	1	Support	Existing Porters Ski Area needs to be upgraded	No

		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Greg Faul	1854	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This is a fantastic idea and will make a great alternative to the southern lakes ski areas. Go for it!	
Oana Macarie	1855	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Grant Ryan	1856	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I approve the proposed plan changes and as avid skiers in the South Island on an annual basis for 2 weeks it would be important to have a ski area in the Canterbury region within close proximity to Chch that offers the expansiveness and ability to stay on the mountain.	
Reuben Perry	1857	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Gareth Owen	1858	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	

		8	Support	This will bring jobs into the region.	
Anton Coberger	1859	1	Support	Approve Plan Change. I respect the need to keep national parks pristine but at the same time this must be balanced by well-planned development in less sensitive areas.	Yes
		2	Support	If our mountain regions are going to be available for recreation and a mountain experience to those of only average physical fitness and ability then skiing/snowboarding provides this with the least infrastructure, visual and noise intrusion.	
		3	Support	The idea of keeping vehicle and visitor accommodation in the valley with access to the ski slope by a lift is in accord with European best practice.	
		4	Support	Alternative sites for such a ski area are non-existent. Essential requirements include, being close to a major population and an international airport, suitable terrain and elevation to facilitate natural snowfall.	
		5	Support	The resort will minimise journeys reducing vehicle emissions and avoids city drivers having to negotiate mountain roads.	
		6	Support	Patronage at the two commercial areas serving visitors from Christchurch is presently at capacity. The next phase of development will need to meet higher environmental and conservation expectations which are not in place when we started Porter Heights. The Crystal Valley proposal satisfies these.	
John Cave	1860	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Annelise Coberger	1861	1	Support	I have recently returned from 2 years living in Switzerland. While there, I skied at a number of resorts both large and small with my two small children. All modern resorts provided carparking in the valley or where the accommodation was and then a gondola ride to the snowfields. This was very convenient and safe for us and apparently economically viable for the operators. The Swiss are very fussy about their landscape and ski lifts seem to cause little visual clutter.	
		2	Support	Even with my extensive winter experience I find NZ mountain roads challenging and would much prefer to leave my car at the end of the tarmac and have the resort company take me up to the snow and back again. This ski-resort model must eventually come to NZ.	
		3	Support	Existing Porters Ski Area needs to be upgraded	No
		4	Support	This would be great to ensure Porters remains viable	
		5	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		6	Support	It would be great if we did not have to use our mountain access road	
		7	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		8	Support	This would be a great experience for New Zealanders and overseas skiers	
		9	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		10	Support	This will bring jobs into the region.	
Jonathan Flett	1862	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Why would the wider community not want to go ahead with this plan? It makes good economical sense and this project will only help bring in more tourists and their money.	
Michelle Farmer	1863	1	Support	Existing Porters Ski Area needs to be upgraded	No

		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Snowbus Ltd	1864	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Terry Wood	1865	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Crystal Valley is so much more reliable in lean snow years than the current valley.	
		10	Support	How wonderful to have a true ski-in/ski-out, stay on snow option in NZ.	
		11	Support	When I lived in Canterbury I was a regular user of Porters and often thought that the next door valley looked fantastic. I see the swapping of land along with DOC approval a win win situation for the area as a whole. Please consider this proposal very carefully, and of course, vote for its go ahead!	
David Tayler	1866	1	Support	The porters expansion will bring many benefits to not only those recreational skiing families in the Canterbury region, but also to businesses that support the ski industry (travel, accommodation and retail, etc)	No
		2	Support	This plan will have minimal long term environmental impact but will allow a lot more people to access and enjoy what in essence is Canterbury's finest mountain recreational area.	
Donald McLeod	1867	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
David Gibbons	1868	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Paul Jefferson	1869	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	

		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Duncan Underhill	1870	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Tim Newman	1871	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Jamie Thomson	1872	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Richard Rookes	1873	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Paul Stanfield	1874	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Scott Dobson	1875	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	

		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Mike King	1876	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Ron Fleming	1877	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Wonderful development opportunity for Canterbury that will rival northern hemisphere facilities and attract longer stay tourists.	
Paul Copplestone	1878	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Gareth Duder	1879	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Bruce Wilson	1880	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I have been skiing all over NZ for many years. I believe a development of this scale is needed in NZ. Porter Heights is in a great location and would attract people from everywhere, especially top of the south, Nelson.	
Bernadette McDougall	1881	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	

		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
James Dacombe	1882	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Denis Hazlett	1883	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Daniel Russell	1884	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	A plan to do nothing to enhance our tourism profile would be a plan to fail in regard to our tourism profile.	
Andrew Cerar	1885	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Bill Willis	1886	1	Support	I am a long time skier at Porter Heights and a regular visitor to the Craigieburn Valley where we have long had a family property. I believe the merits of the proposal are significant on many levels.	No
		2	Support	The benefits to tourism and the flow on benefits to the region, and the city, are surely huge. Canterbury, as does NZ, desperately needs to invest in its natural resources to bring in tourism income from the Australian market amongst others. Investment of this scale will also bring significant jobs during the construction phase.	
		3	Support	Not only should this submission be approved but councils and central government would be well advised to invest public moneys into ensuring that this project gets completed. Nobody questions spending many millions on rugby stadiums when a similar investment would ensure the construction of a far more lucrative asset for the city and region.	
		4	Support	Existing Porters Ski Area needs to be upgraded	
		5	Support	This would be great to ensure Porters remains viable	

		6	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		7	Support	It would be great if we did not have to use our mountain access road	
		8	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		9	Support	This would be a great experience for New Zealanders and overseas skiers	
		10	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		11	Support	This will bring jobs into the region.	
Bevan Clarke	1887	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Alpine Associates Inc.	1888	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This concept is required by both domestic and international visitors. Provides additional safety standards.	
James Dobson	1889	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Rachel Vicars	1890	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	The expansion is necessary for skiing in Canterbury to remain competitive. The proposal will provide more variety and make it a more attractive holiday destination. This will have economic benefits for the Canterbury region with tourists staying longer to sample a ski resort.	
		10	Support	The gondola will mean more Cantabrians can enjoy skiing without having to worry about the access road. Porters must continue to offer the excellent service they offer to locals as well as skiers from elsewhere.	
Leigh Wotherspoon	1891	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	

		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Mary Copplestone	1892	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Dean Sincock	1893	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
John Hinchliff	1894	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Jeremy Rookes	1895	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Rose McKeown	1896	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
James Girdlestone	1897	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	

Grant Guise	1898	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Joe Bateman	1899	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I think the planned development of Porters will not only benefit the Canterbury region but the NZ ski industry as a whole. It will provide another world class ski destination outside of Queenstown and Wanaka.	
Nigel King	1900	1	Support	I approve and wholeheartedly support the proposed Plan Change	No
		2	Support	Existing Porters Ski Area needs to be upgraded; reasons include the existing road access is challenging, and totally unacceptable to the majority of international visitors; it's not viable to change the existing lifts at Porters basin to enable it to cope with any increases in skier numbers.	
		3	Support	This would be great to ensure Porters remains viable - skiers in Canterbury need an alternative to Mt Hutt, and the club fields have limited appeal.	
		4	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		5	Support	It would be great if we did not have to use our mountain access road	
		6	Support	This will bring thousands of tourists to the mountain and the Canterbury region - this is really important to drive economic growth - particularly in the off-season for tourism (winter - early spring)	
		7	Support	This would be a great experience for New Zealanders and overseas skiers	
		8	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		9	Support	This will bring jobs into the region.	
Nick Vile	1901	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Dale Muller	1902	1	Oppose	This is the headwater of a fragile river system. There is no need for large scale accommodation on the mountain and the Castle Hill area has been developed to fulfil this need.	Yes
		2	Oppose	Careful low impact development of ski facilities would be appropriate.	
		3	Oppose	Land should not be freeholded in a conservation area.	
Lisa Tsai	1903	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	

		8	Support	This will bring jobs into the region.	
Philip Baillie	1904	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Claire Baillie	1905	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Robert Murfitt	1906	1	Support	A ski area like this will be a great resource for Canterbury and Selwyn District in particular. As a resident at Castle Hill Village, it would provide a realisation of the dream which the villagers have hoped for 30 years	No
		2	Support	It will provide employment opportunities for local residents and the young as an alternative to seeking work opportunities overseas.	
		3	Support	Crystal Valley was the intended original site for this ski field, and it would be wonderful to see the vision fulfilled.	
Glenn McCallum	1907	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Francine Cohen	1908	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This is our family's preferred ski field, as it is so close to the West Coast. Our school had a bi-annual ski camp to this skifield. The environment is very spectacular and I would enjoy the opportunity to mountain bike and walk in the environment here. There are few facilities between Springfield and Arthur's Pass and this development would add capacity in this area, without too much adverse impact on the environment. Many West Coasters travel from the Coast to ChCh to work, shop, play and educate their children, this adds to the Coasters' lifestyle choices.	
Kinga Fydrych	1909	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	

		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Maureen Clinton-Baker	1910	1	Support	It would be great if NZ had the type of on mountain facility you can get overseas	No
		2	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		3	Support	This would be a great experience for New Zealanders and overseas skiers	
		4	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		5	Support	This will bring jobs into the region.	
Simon Slater	1911	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Guy Tompkins	1912	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	The proposed plan would provide a multitude of environmental, social and cultural benefits to the Canterbury region. It would also increase competition within the local ski industry and hopefully encourage other competitors to act in a manner that would have a positive multiplier effect for the region.	
Tom Evatt	1913	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Joanna Lewis	1914	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Robb Tolhoek	1915	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	

Chris McLintock	1916	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Would be nice to be able to take a week off and stay right on mountain where you can get up and go down and rest in a few minutes not hours, and have the kind of ski resort that we see on the movies and expect "that is what a ski resort is" not what is currently here at the moment.	
Sam Inglis	1917	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
James Cimino	1918	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Isobelle Macneill	1919	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Karl Bresky	1920	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I can confirm, living and skiing all over the world, Porters has some of the best ski terrain in the world. Please support the viability of a ski area that makes the South Island a very special place on this beautiful planet.	
Michael Crush	1921	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Frances Nimmo	1922	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This will allow local Cantabrians to have more access to 1st class facilities	
Jamas Tolhoek	1923	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Andrew Flitton	1924	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This can only benefit the whole of the Canterbury community.	
Beverley Flitton	1925	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	We need better ski areas. A European style ski village would increase tourism and bring money into the community.	
Gus Fahy	1926	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I believe that it is in the best interests for the Canterbury region and adds value to the natural heritage of our area.	
Rob Eller	1927	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	

		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Roland M	1928	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to enhance the economic return of Porters	
		3	Support	It would be great if NZ continued to develop similar mountain facilities you can experience overseas	
		4	Support	This will bring thousands of tourists and valuable revenue to the mountain and the Canterbury region.	
		5	Support	This would be a great experience for New Zealanders and overseas skiers	
		6	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		7	Support	This will bring jobs into the region.	
Jamie Flitton	1929	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Shirley Gemmell	1930	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Rachael Muir	1931	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Marcel Gray	1932	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Sam Ryder	1933	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Hans van der Wal	1934	1	Support in part	<p>Supports the Plan Change with changes to the applicable objectives, policies, rules and other methods of the Selwyn District Plan in a manner that will:</p> <ul style="list-style-type: none"> • Provide for the expansion and upgrading of the Porter Heights Ski Area along the lines of the proposal behind the Plan Change • Ensure that modification of Conservation Estate is kept to the minimum extent and area necessary to accommodate the proposed upgrade • Protect the conservation and ecological values of the site of the proposal to the maximum extent practicable and provide an adequate environmental compensation package to off-set any loss of such values that cannot be adequately avoided or mitigated. Examples of such compensation could include, but would not be limited to pest eradication and habitat restoration in surrounding areas. • Ensure that all sewage and waste is treated and disposed of in a manner that has no adverse effects on soil or water quality • Require construction activities to be undertaken in a manner that prevents sediment or contaminant runoff into waterways • Require sealing and runoff treatment for access roads • Ensure complete revegetation, with appropriate native vegetation, of disturbed areas as soon as practicable • Maintain, to the extent practicable, public access to Conservation Estate affected by the proposal. • Provide for reduced-price family, club, group and school concessions for ski passes, in order to compensate for any loss or restriction of public access and to ensure that all socio-economic groups can enjoy the benefits of the proposal to their social and cultural wellbeing • Ensure the character of buildings and plantings is such that it is appropriate for the ecological and natural character values of the area. 	Yes
		2	Support in part	<p>If undertaken in a sensitive, ecologically appropriate and accessible manner, this project has the potential to enhance greatly the ability of the people and communities of Christchurch, Canterbury and New Zealand to provide for their social, economic and cultural health and wellbeing. Although certain adverse effects on amenity and natural character are inevitable, if the appropriate controls and compensation are required, these effects will be mitigated and off-set by the positive effects of the proposal, to the extent required by Part 2 of the Resource Management Act. In particular, it seems likely that the proposal will provide great benefits in terms of:</p> <ul style="list-style-type: none"> - Increased foreign revenue from Australian tourism - Increased revenue from higher numbers of domestic visitors - Flow-on economic benefits for the Selwyn District from the construction and operation phases - Further economic benefits for the wider Canterbury Region, including Christchurch and Christchurch International Airport - Benefits to the social wellbeing and health of Christchurch and Canterbury residents from improved access to better alpine sports facilities - An efficient and more sustainable use of existing infrastructure by being located close to Christchurch and surrounding towns with their existing major transport and tourism accommodation/facilities - Improvements to the safety of users of the ski-field by eliminating the risks associated with the use of the currently unsealed and potentially unstable access road. 	
		3	Support in part	Subject to the relief sought, the changes will render the rules, policies and objectives as amended a more appropriate means of implementing Part 2 RMA than the current zoning, which fails to provide sufficiently for the additional benefits that would flow from a development along the lines proposed.	
Jamie Prebble	1935	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	

Lucy Collins	1936	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Lucia Grillo	1937	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Jono Laity	1938	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Paul Ayres	1939	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Lucy Magill	1940	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Regan Elley	1941	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Andy O'Regan	1942	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	

		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Sarena Harwood	1943	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Lynette Garrett	1944	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Pamela Taylor	1945	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I have been skiing at Porters for 40 years and seen many companies fail to make a go of it. This is, I believe, a fantastic chance to finally get a viable ski field operating so close to Christchurch, with wonderful safe access. If DOC is involved then what an opportunity for DOC to fulfil its obligation to provide recreational opportunities for people in the way people want and at the same time be supporting boosting the local economy. Encouraging more people to get into the alpine environment in this managed way can only be positive. Let's say YES to this development!	
Phill Davies	1946	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Nicole Harrison	1947	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It is imperative to the growth of the NZ Winter Tourism industry to have the type of on mountain facility you can get overseas	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	

		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region from all over the world	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs and necessary positivity into the region.	
		9	Support	We approve the proposed Plan Change due to the tourism and financial benefits to NZ.	
Philip Clark	1948	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Mark Timmermans	1949	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	It would be fantastic for the area and the people who recreate in the Castle Hill Basin. I believe it is a positive move forward for this region and is long overdue for something like this to happen here. Access to the terrain should be allowed as much as possible by DOC as this is public owned land and will be more utilized and accessed by the NZers who choose to use it. absolutely support this project and hope to see it happen ASAP.	
Miles Davidson	1950	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	The Porters Proposed Expansion is a great example of a new development which will generate further growth in the snow sports and recreation in NZ and the Canterbury region.	
		10	Support	The new lifts, snow making, village and state of art customer service will result in further snow sports growth and make Porters a very viable and attractive destination.	
		11	Support	The Porters expansion will provide Canterbury with two large developed ski area destinations. Canterbury will be seen as a more attractive destination for snow sports and recreation and could be marketed much more strongly off shore than the Southern Lakes or Mt Ruapahu regions.	
		12	Support	Access to the Porters Ski Area has always been good and the proposed expansion improves on this considerably with more sealed roading and gondola access to the ski fields. Improved access to any ski area results in increased growth as destinations are reached quicker.	
		13	Support	The advent of snowboarding has helped the industry increase participation in snow sports over the last 15 years. It is widely known that snowboarders do like surface lifts and the expansion of Porters to include new chairlifts will enable further growth attracting more snowboarders to the ski area.	
David Mitchell	1951	1	Support	The development of ski field opportunities would be beneficial to the ski industry, tourism and economy of NZ.	No
		2	Support	I believe the proposal has been designed to be environmentally sustainable, reduce environmental impacts and can be developed with appropriate protection of the NZ alpine environment.	

		3	Support	To have such an experience as is proposed would be unique in NZ and this is one of the huge benefits it would offer to both NZ and international visitors.	
		4	Support	The employment opportunities by such a development also should be viewed as a positive factor in approving such a proposal. I am certain such a development would actively encourage me to return to holiday in this area in the future.	
		5	Support	Existing Porters Ski Area needs to be upgraded	
		6	Support	This would be great to ensure Porters remains viable	
		7	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		8	Support	It would be great if we did not have to use our mountain access road	
		9	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		10	Support	This would be a great experience for New Zealanders and overseas skiers	
		11	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		12	Support	This will bring jobs into the region.	
Dave Stewart	1952	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Mike Budden	1953	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Mike Thorley	1954	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Alexis Ghisel	1955	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Michelle Wilcox	1956	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I approve the proposed Plan Change as I think it would be an amazing opportunity to increase tourism in the Canterbury region as well as take Porters into a worldwide spotlight as a great winter destination, on par with resorts in north America and Europe. It will also provide increased job opportunities in the local area.	
		10	Support	With ChCh Airport not far away and a common direct destination from both NZ and Australian main city centres, I think the proposed plans would make Porters an easy choice to make for a winter ski holiday.	
Isaac Wilson	1957	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Go Porters! This would be a great addition to the activities available in the Canterbury region.	
James Anderson	1958	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Juliana Hilson	1959	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Paul Muir	1960	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Sustainable development should be encouraged where it will encourage a wide cross section of the public to actively engage in outdoor recreation, which this proposal will do.	
		10	Support	This proposal will have nil to positive effect on the conservation of the flora and fauna of the area as well as providing economic stimulus in a area of the country that is in need of jobs. Further the development will encourage competition in the upper end now resorts market that is currently dominated by NZSki in Canterbury.	
Vladimir Rodnyanskiy	1961	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	

		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Ainsley Burton	1962	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Lucia Ferguson	1963	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Colin Thiele	1964	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I approve the proposed Plan Change. This would be a wonderful asset to Canterbury	
Rose Braid	1965	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
John Hopkins	1966	1	Support	The development of this type of facility at Porters ski area would be a huge boon for the Canterbury Region. The development would allow greater ski days at Porters due to the ability to easily access more snow sure terrain. This, plus the expansion of the ski area, made possible by this plan change, would make Canterbury a real ski-holiday destination, (with the existing facilities at Mt Hutt) and increase employment opportunities. In addition, the removal of the need for an access road would make the ski area safer, more sustainable and more attractive for overseas visitors.	No
Warwick Bryan	1967	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	

		8	Support	This will bring jobs into the region.	
		9	Support	Provides a wonderful opportunity to create an internationally accessible ski area with minimal environmental impact.	
		10	Support	Having skied at Porters and a number of NZ ski areas, both north and south islands, and excuse me for saying it, your access roads are bloody awful, a big turn off for the jetset.	
		11	Support	Close to international airport, Waimakiriri river, one valley catchment for waste, huge mountains, great long winter, proven snow depth, you would be mad not to take this project to fruition.	
Jamie & Jenny Dennison	1968	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Jo Battye	1969	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Ray Singer	1970	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I think it would be a great tourism boost for Canterbury!	
Michael Thornhill	1971	1	Support	Existing Porters Ski Area needs to be upgraded	NO
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Rio Clark	1972	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Claire Turner	1973	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	

		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Campbell Taylor	1974	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	Without an upgrade the future viability of Porters as a ski area is un-financial	
		3	Support	Without an operational ski field the existence of the Porter Heights Ski Club totalling some 300 plus members would cease and would be a huge loss to the future generations of Canterbury skiers.	
		4	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		5	Support	It would be great if we did not have to use our mountain access road	
		6	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		7	Support	This would be a great experience for New Zealanders and overseas skiers	
		8	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		9	Support	This will bring jobs into the region.	
James Solari	1975	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I think it is a fabulous step in the right direction to further promote and grow the ski industry in NZ. Porters is easily accessible from Chch, providing a fantastic opportunity to link into the lucrative Australian ski market. Australians are used to ski-in/ski-out facilities and we are now competing with Japan for our share - we need to improve our facilities and image - this is a great step into the right direction.	
Emma Hanson	1976	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Cameron Bryant	1977	1	Support	Existing Porters Ski Area needs to be upgraded	No

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Amy Adams	1984	1	Support	I support the proposed Plan Change. I am of the view that this is the best use of the land in question and the positive economic benefits to the District both from construction and operation of the development in question, will significantly outweigh any perceived detriment.	No

		2	Support	NZ is lacking the sort of the complete experience ski resort that can be found in so many countries. There is a real future in our district to draw destination tourists to stay at a facility where skiing doesn't have to be accompanied by hours of difficult driving each day to and from the field from off site accommodation. It is my view that the proposal will create significant economic growth and new jobs for our district. At a time when businesses willing to invest in development and job creation are hard to come by, Selwyn should embrace this opportunity.	
Boyd Grinstead	1985	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	For too long NZ and international ski tourists have had fairly limited options when it comes to a truly international alpine village and ski area	
		10	Support	This is a great opportunity to provide a truly international resort option to both NZ and international visitors. Lets push to offer an alpine resort that really is a leader in this country. The Porters area has a great climate for ski conditions and is located in one of the most beautiful regions in the country.	
Michael Davies	1994	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable

		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	

		9	Support	This will be of huge benefit to the entire region, and after such a shaky two weeks since the earthquake some good news is just what we need. Tourism is obviously a huge market, and growing all the time. The approval of the Crystal Valley to a ski zone is a very big draw card to skiers all over the world.	
Nigel Sinton	2027	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas

		8	Support	This will bring jobs into the region.	
		9	Support	Canterbury has slowly overtaken the Southern Lakes as a ski destination as the on snow facilities have increased/improved. My experience is as a ski/snowboard retailer and supplier to the inbound tour operators for 24 years. During that period Canterbury has changed from being an international ski destination to a brief stopover or not at all on the way to the Southern Lakes. There are two major reasons for this - room rates is one problem, but by far the biggest problem is a perception of choice. Canterbury has 1 international ski area, Mt Hutt. Porters in its current format is not a real option for international/Australian visitors. If the Porters development goes forward it will mean that there are two 1st class ski areas in Canterbury. Perception of choice is a key driver for inbound tourists.	
Cam Stewart	2043	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable

		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	It is currently very difficult for young families to get to the ski fields close to ChCh. The roundtrip, at best is 3 hours which is difficult with young children. The road conditions also require a 4WD to feel safe irrespective of what the rules are on any particular day. Those of us not fortunate enough to own batches in the area must travel in and out on the same day or travel from rented batches some distance to the fields. What a wonderful, wonderful destination the proposed Porters ski field expansion would be. SO progressive. It would be a huge hurdle overcome if we were able to drive a normal car to the bottom of a gondola and ride in comfort and ease and safety up the mountain. We would be regulars. Visitors to NZ are rightly horrified at the lengths they are currently required to go to get skiing considering what is on offer overseas. I support this proposal wholeheartedly.	
Tyler McMillan	2053	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers

		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I approve the proposed Plan Change, because Selwyn is a ski destination, and while we're at it Selwyn needs to be a destination too, not a drive through. And we need more attractions in the Selwyn District, and as part of the Selwyn Six Ski field group this can only benefit the whole District from the Lake to the Quake and up to the main divide.	
Lorraine Natusch	2056	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Vicky Eastwood	2078	1	Support	Existing Porters Ski Area needs to be upgraded	Yes

		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Clive Weston	2079	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	The proposed development at the Porters ski field will bring increased tourism to the region, improve the current offer for snow sports enthusiasts and bring more employment to the area.	
Chris Ruane	2080	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This will bring more filming into the region.	
		10	Support	Our business relies on winter, accessible winter locations for filming snow commercials, to have a modern looking ski area and associated buildings, hotels, will make Canterbury a more desirable shooting location. Companies such as Coca-Cola, recently film in Queenstown (for Whistler) to make a pre commercial for the winter Olympics. We are a desirable off season location for North America, Europe, North Asia, Japan.	
		11	Support	To have these facilities will bring economic benefits to the wider Canterbury region, in jobs and materials, as well as accommodation and dining, rental cars, etc.	
Koenraad Groot	2081	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Jono Renwick	2092	1	Support	I support the plan change, as it will make Porters a better ski area, with facilities that compare to resorts internationally.	No
		2	Support	Approve the plan change to allow the development of the resort.	
Helga Senior	2093	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Bono Beeler	2094	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This upgrade would bring more winter business to the Canterbury area - however it could be enhanced with walking tracks around the Porters area so business could be enhanced during all seasons - open walking and hiking tracks brings big business to Swiss alpine areas for late spring, summer and autumn, the same should be available in NZ to make it sustainable. Business all seasons would also bring ticketing prices for facilities down even more attracting people into this area. In Switzerland as an example one can ski a whole valley for the price you pay at Porters now. To be compatible not just in size we have to stay compatible in price also, otherwise there is no point to fly to the other side of the world in a climate of downturn especially.	
Russell Kauff	2095	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	

		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
James Hart	2096	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	It is a prime example of what the NZ ski industry is lacking, it not only should happen but needs to happen to start NZ towards being the ski destination it deserve to be.	
		10	Support	It will pave the way for similar upgrades to other fields improving NZ as a "world class" ski destination, not just a place to go in the southern hemisphere.	
John Jefferson	2097	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This climate gives stable weather for skiers on holiday.	
Mike Currie	2098	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I approve the proposed Plan Change to re-zone the land from "Rural High Country" zone to "Ski Area" zone under the Selwyn District Plan. This is a zone type that has been used in Queenstown and Wanaka for some 15+ years and is entirely appropriate for the Porters Ski Area.	
Steven Charles	2099	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Jeremy Cox	2100	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	

		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I approve the proposed Plan Change because it has vision and understanding for the surrounding areas. It is a growth resort run by responsible people and has always had such a great atmosphere and commitment to safety and enjoyment.	
Jason Thomas	2101	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas

		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Damien Gillman	2104	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	The Canterbury region needs a world class ski facility, and like Queenstown we need to promote everything that is good about the region. This could be absolutely fantastic if we do it right and millions can get to enjoy it while still protecting our environment.	
Hayden Bligh	2105	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	

		8	Support	This will bring jobs into the region.	
Francine & Stuart Murray	2106	1	Support	It will help bring employment into the area helping the rural community while blending nicely into what is otherwise redundant land. The local economy of Darfield, Springfield and surrounds will be boosted by the continuation of seasonal skiing trade and also a summer tourist trade.	No
		2	Support	It would add further credibility to the Great Alpine Highway scenic route. We feel this would be a better venture than the proposed dairy factory as it will enhance the area.	
		3	Support	Existing Porters Ski Area needs to be upgraded	
		4	Support	This would be great to ensure Porters remains viable	
		5	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		6	Support	It would be great if we did not have to use our mountain access road	
		7	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		8	Support	This would be a great experience for New Zealanders and overseas skiers	
		9	Support	This allows lots more people to get the enjoyment from accessing Crystal	
Steven Morris	2107	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Brian Sh	2108	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Anne Gromkowski	2109	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Paul Prendergast	2110	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Elissa Robinson	2111	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Kristen Southey	2112	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Paul Rogers	2113	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Nicole Dally	2114	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
Eric Dally	2115	1	Support	Existing Porters Ski Area needs to be upgraded to provide an international ski village for the Canterbury region that can compete with overseas ski areas	No
		2	Support	This would be great to ensure Porters remains viable as the Canterbury region desperately needs an alternative to the Mt Hutt ski area which too often is crowded to the point where they close the bottom gate	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	The existing mountain road is terrifying to most visitors and if this could be eliminated from the equation then it has to be of considerable benefit to the visiting skiers	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing a considerably bigger skiable area with international facilities	
		8	Support	This will bring jobs into the region which means money into the region, thus benefiting the whole economy of the region.	
Cam Pyke	2116	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Claudiu Moga	2117	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	

		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region

		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Kylie Laurie	2118	1	Oppose	I ask that you reject the planned proposal on the basis of the negative impact this will have on the natural ecosystem in the area. It is of concern to read the extensive development of Crystal Valley proposed by Blackfish Limited. Extensive earthworks to re-contour areas of the valley for ski trails, build infrastructure and snowmaking reservoirs will result in the destruction of the significant inherent values of what we understand to be a pristine valley.	Yes
Mitch Avison	2119	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road

		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Jolene Meyer	2134	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This proposal looks great! As a skier I would welcome a big resort style field in Canterbury. Aside from the obvious benefits for local skiers I think it could have a huge impact on inbound tourism. Already many Australians are coming to NZ to enjoy some great skiing/boarding, but with such a resort I believe this would increase the amount of tourists coming to NZ to enjoy our mountains. This would have a roll on effect for Canterbury and many kiwis go abroad to get the ski-in/ski-out experience. This project could also mean keeping some of the Kiwi dollar here.	

Andrew Donaldson	2135	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This is a tasteful and ideally located development. The use of gondolas for mountain access is something NZ ski areas have been slow to adopt and it is far less impacting environmentally than a road.	
Philip Young	2136	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas

		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I think this would be great for tourism, both from NZ and overseas.	
Hall Cannon	2148	1	Support	I believe that the more international standard attractions we have in the Region, the more people/events/conferences we are likely to attract	No
		2	Support	Opportunity for joint projects. The expansion of Porters will benefit numerous Canterbury businesses/entities	
		3	Support	Addresses demand. As the owner of the sole Qualmark " Exclusive property in Canterbury, our guests continually seek access to the most exceptional experiences possible. Presently, our skiing sites do not meet their discerning requirements.	
		4	Support	Existing Porters Ski Area needs to be upgraded	
		5	Support	This would be great to ensure Porters remains viable	
		6	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		7	Support	It would be great if we did not have to use our mountain access road	
		8	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		9	Support	This would be a great experience for New Zealanders and overseas skiers	
		10	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		11	Support	This will bring jobs into the region.	
Barry Dacombe	2149	1	Support	The proposal defines a vision which would enhance the recreational amenities of the area and provide much needed safe and exciting facilities for the enjoyment of its patrons.	Yes
		2	Support	It would be provide extensive educational opportunities about our alpine habitat.	
		3	Support	Existing Porters Ski Area needs to be upgraded	
		4	Support	This would be great to ensure Porters remains viable	
		5	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		6	Support	It would be great if we did not have to use our mountain access road	
		7	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		8	Support	This would be a great experience for New Zealanders and overseas skiers	
		9	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		10	Support	This will bring jobs into the region.	
Sportive NZ	2150	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Alexander Chernigovskiy	2151	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	

		9	Support	In case the project is successful it will be the first world-class ski resort in NZ. It might force other ski fields to follow suit and make it a safer environment (example: Mt Hutt access road is unsafe and dangerous). This will improve overall image of NZ as a ski destination in the southern hemisphere. I strongly support the proposed Porters expansion and believe that NZ in general and Canterbury in particular will benefit from this development economically, not to mention promotion of healthy lifestyle for NZ population.	
Allsports Distribution Ltd	2152	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Mark Lewis	2153	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Marcus Rudkin	2162	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This is an excellent opportunity to enhance the economic growth of Canterbury, for the reasons set out below, especially given the earthquake and its effect across the region.	

Jeremy Sharp	2163	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	It is an excellent concept and will benefit Canterbury immensely	
Eve Rudkin	2164	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Jo Coughlan	2165	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Great Plan with great vision. Well done! Just hope some family friendly rates. We love Porters and hope we can still afford it!!	
Henry Gray	2166	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas and would be an asset to Canterbury	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal and enjoy an alpine experience, this will bring jobs to the region.	
Tom Coughlan	2167	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This will be a world class attraction and provide easy mountain access to high value overseas tourists who demand a higher standard of facility than those presently available close to Chch.	
		10	Support	It will be of significant economic value to the greater Canterbury region	
		11	Support	It will significantly increase visitor numbers to the region from Australia as many Australians currently go to Japan and the US to experience the better facilities available in those countries.	
		12	Support	It will enhance NZ's clean green pristine image in overseas markets by making a high country area easily accessible to visitors.	

		13	Support	It will minimise the environmental impact of visitors to the high country by providing a focal point in a specifically zoned recreational area.	
Robert Edge	2168	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This will bring untold working opportunities for me and my kids for years to come. Not only in the Selwyn District but the whole of Canterbury.	
Fraser Payne	2169	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I approve of the proposed plan change. Mt Hutt has a monopoly	
Hanna Talaska	2170	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Craig Wakelin	2171	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	NZ needs an alpine village with exceptional skiing and an abundance of summer activities to maintain its place as a destination country. What a great opportunity this is for both the area and also for the employment opportunities. During the current worldwide financial climate, an undertaking of this size needs to be applauded and encouraged.	
Karla Legg	2172	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Dave Lundin	2173	1	Support	Existing Porters Ski Area needs to be upgraded	No

		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Daniel Herd	2174	1	Support	Increased competition in the commercial skiing market in Chch would provide considerable benefits to local skiers. The current facilities at Porters means the field struggles to be a genuine competitor to Mt Hutt.	No
		2	Support	A developed Porters would become a crown jewel of the regions skiing facilities and even of Canterbury's tourism industry. It would attract more international winter tourists to the region and have a considerable economic benefit for the region.	
		3	Support	The development of Porters would generate a large number of employment opportunities for Canterbury residents, both directly at the mountain and through all the support services required.	
		4	Support	Many other local businesses would benefit from a developed Porters, including outdoor gear manufacturers and retailers, transport companies, and other tourism operators.	
		5	Support	Any new businesses operating within the development would generate considerable rates revenue for Selwyn District.	
Emma Garlick	2175	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Conor Pullman	2176	1	Support	Existing Porters Ski Area needs to be upgraded	
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Not happy that a leash has to be worn while snowboarding at Porters, this has resulted in many board riders boycotting Porters. However Porters is a field with good terrain and I believe this issue could be resolved by simple education and not letting first timers to positions on the hill not suitable for them.	
		10	Support	Modern day ski fields need a park to cater for their visitors. Porters has the perfect terrain to construct a park on the skiers left (coming down the hill) of the top T bar.	
		11	Support	The expansion is great idea as it would create jobs and attract further tourists to the area which is certainly needed after the recent earthquake.	
Blair Tinnelly	2177	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region

		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Jeremy Woolerton	2188	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Tim Clemens	2189	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	The sooner this expansion goes ahead. Canterbury has a huge untapped potential for large commercial ski fields but they only have Mt Hutt	
Hannah McRae	2190	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	

		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I believe the proposed change to Porters ski field would be greatly beneficial to tourism in ChCh and NZ. Having this alongside the ski resorts in Queenstown will bring a large number of overseas tourists for the ski season. As well as tourists a greater ski field would also attract foreign ski teams training here.	
George Clemens	2191	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Allowing accommodation on the mountain and access such as this will reduce the risk of having to travel after a days skiing, there are currently a number of accidents involving fatigued drivers after recreational activities. Many of whom would like the option of avoiding travels during these peak times.	
Ed Sellar	2192	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	For too long we, NZ, have eschewed a truly charming alpine skiing village experience in deference to the misguided notion that any development degrades the alpine environment. But the fact is, we have skiing in NZ. So if we are to maintain skiing in NZ, let's do it well. Not just the charmless, industrial, sausage factory, train station approach that the likes of Coronet Peak have taken. No, it's time for what is being proposed here. A world class, charming, stay-and-play, within the snowline, alpine village. We all know the building technology and management systems exist to do it in an environmentally sound way. So let's step up and make beautiful resorts to match our beautiful mountains.	
Isaac Nuttridge	2193	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas

Casey Bradshaw	2241	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Nicholas Hobbs	2242	1	Support	Existing Porters Ski Area needs to be upgraded	
		2	Support	The expansion would add much needed competition in the market. Currently Mt Hutt has somewhat of a monopoly on the "large ski field market" in Canterbury.	
		3	Support	This would be great to ensure Porters remains viable	
		4	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		5	Support	It would be great if we did not have to use our mountain access road	
		6	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		7	Support	This would be a great experience for New Zealanders and overseas skiers	
		8	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		9	Support	This will bring jobs into the region.	

Graeme Heald	2243	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Go for it. This will be the best thing for Canterbury snow industry, more competition and better facilities for all.	
Sam Toner	2244	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Rhys Forsyth	2245	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Jamie Dawson	2246	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	NZ needs to step it up in terms of ski resorts. By a world standard, we are way below average, we have the terrain, and the money, lets get it going!!!	
Cori Brown	2247	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Holly Cater	2248	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	

		8	Support	This will bring jobs into the region.	
Keith Woodford	2249	1	Support	I strongly support the proposed Plan Change	Yes
		2	Support	The Crystal Field has the potential to be Canterbury's pre-eminent ski field and much superior to Mt Hutt, which in comparison is fundamentally flawed as a destination. The Crystal field is expansive and sunny. It is considerably less windy than Mt Hutt	
		3	Support	Overseas examples such as Whistler/Blackcomb demonstrate the strength of village-based ski fields. They are the way of the future.	
		4	Support	This field could be a huge economic benefit to Canterbury and could transform Canterbury as a winter destination.	
		5	Support	The environmental issues are all capable of management.	
		6	Support	There are very few transformational economic opportunities for Canterbury and this is one of the very few that do exist.	
		7	Support	I make these judgements based on skiing and mountaineering experiences in the Canterbury Alps (and elsewhere) going back to 1966, together with experience of mountain destinations in a range of countries including Japan, Canada and France. Let's get on and do it.	
Anna Nicholls	2250	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Shontel Matthews	2251	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Snow Sports New Zealand Inc	2252	1	Support	The CEO and Board of Snow Sports NZ Inc approve of and recommend the adoption of the proposed plan change as it would result in more and greater opportunities for snow sports athletes in NZ	No
		2	Support	Existing Porters Ski Area needs to be upgraded	
		3	Support	This would be great to ensure Porters remains viable	
		4	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		5	Support	It would be great if we did not have to use our mountain access road	
		6	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		7	Support	This would be a great experience for New Zealanders and overseas skiers	
		8	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		9	Support	This will bring jobs into the region.	
James Horan	2253	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	

		9	Support	I often ski in the Craigieburn's though not necessarily at Porters, and I think the whole area could benefit by having Porters upgrade their infrastructure. A development like this will raise the profile of Canterbury skiing and recreation in overseas ski markets, particularly in Australia where people will quickly realise it is cheaper and more convenient to fly to ChCh and ski in Canterbury than to fly to Australian resorts. You could easily develop a seasonal market that is quite reliable since these tourists don't have a long travel time to get to ChCh, and the disposable income they will bring will benefit the whole region. Chances are they will also get into the property market since NZ property is still cheap by Australian standards. I urge you to approve the application to change the plan.	
Elena Saltis	2254	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Marlon Johnson	2255	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Mike Walker	2256	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This would be a great asset for families in our area. A true alpine day out for adults and children.	
Matt McKinlay	2257	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Matthew Glenn	2258	1	Support	Definitely ALL for the proposed plan change, well over due!!	No
		2	Support	I'm currently living in Revelstoke, Canada, solely for the purpose of enjoying resort style ski-in/ski-out snowboarding. I would love to be able to head home and make the most of the wicked facilities that would be on offer following expansion by porter heights	
		3	Support	Definitely a no-brainer as it has so much to offer and area with wicked snow and epic hills that is often shadowed by the more developed Central Otago area. Bring on a second commercial field in Canterbury with decent facilities.	
Nick Gormack	2259	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	

		3	Support	This would be a great experience for New Zealanders and overseas skiers	
		4	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		5	Support	This will bring jobs into the region.

		6	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		7	Support	This will bring jobs into the region.	
Fraser Seifert	2263	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Paul Merton	2264	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I ski overseas and the facilities in NZ are backwards	
Sam Boanas	2265	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	

		8	Support	This will bring jobs into the region.	
Terry Brailsford	2266	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Alastair Matthews	2267	1	Support	This would provide for a world class environmentally friendly facility which would be enormously beneficial from a commercial and environmental perspective for the entire Canterbury region.	No
Brian Pike	2268	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Richard Sutherland	2269	1	Support	The proposed benefits and the nature and distribution of those benefits and any potential adverse effects outweigh the costs The proposed Plan Change meets Part 2 of the Act and overall intent and purpose of the RMA.	No
		2	Support	Existing Porters Ski Area needs to be upgraded	
		3	Support	It would be great if we did not have to use our mountain access road	
		4	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		5	Support	This will bring jobs to the region and boost local economies of Springfield, Sheffield and Darfield	
		6	Support	On balance the application provides many positive effects that outweigh the loss of any outstanding landscape features on the application site.	
Kelvin Nicolle	2270	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Charles Goodwin	2271	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I believe that the proposal will not only attract tourist dollars, but also encourage both Nzers and other visitors to take an interest in the outdoors and the environment.	
Paul Viskovic	2272	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	

		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Elizabeth Dart	2273	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Simon Batchelor	2274	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Eckehard Brockerhoff	2275	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Tim Café	2276	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	The NZ Snow Industry is ripe for a revolution to meet international service standards; this will help!	
Kaikoura Shuttles	2277	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Hayden West	2278	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Pater Kolf	2279	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	It would give ChCh a 2nd major skifield. A mountain village right next to a skifield would be a great asset for NZ and ChCh.	
		10	Support	It would open up the area for summer activities as well	
Grant Redman	2280	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Stuart Gray	2281	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	This will greatly increase economic and recreational benefits for the region and the country	
		10	Support	The plans will still preserve and help enhance the special and unique environment of this region.	
Chris Lange	2282	1	Support	I have skied all the commercial ski fields in New Zealand and the Porters Ski Area currently provides the most exceptional terrain of the commercial ski fields. However the facilities are antiquated and an upgrade should have occurred decades ago for it to remain attractive to not only the New Zealand but also the international market. Currently it is limited by its facilities but also the limited beginner-intermediate terrain.	Yes
		2	Support	The proposal, with lifts in to Crystal Valley, would address both current antiquated facilities and beginner-intermediate terrain issues and transform Porters into a premier commercial ski area in New Zealand for all New Zealanders and international visitors.	
		3	Support	Access to ski areas in New Zealand are perceived as treacherous by both many New Zealanders and overseas visitors. The proposal which removes this archaic mode of access will be a first in New Zealand and cement Porters as a premier snow sports destination comparable with facilities available in the northern hemisphere.	
		4	Support	The proposal will provide significant employment opportunities to Canterbury, but also tourism dollars and international exposure.	
Russell Andrews	2283	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	

		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Brian Cornish	2284	1	Support	Existing Porters Ski Area needs to be upgraded	Yes
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Finally, Porter Heights are proposing something akin to European skiing. This will exponentially increase both the tax and rates revenue of various bodies as well as increasing the substantial tourist dollar take during our shorter winter season. Please consider the ongoing increase in the earning potential of all involved in the project from the construction team and the final count of seasonal workers. As a professional ski instructor (retired) I heartily applaud the decision taken by the controlling bodies of the ski area and I will welcome a positive decision by the council.	
Stefan Riederer	2285	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers

		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	A fantastic addition to the NZ snow and tourism industries	
ChCh & Canterbury Tourism	2290	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road	
		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	Tourism is important to the Canterbury region with 1 in 12 people employed in the industry. Further ski tourism is invaluable and helps ensure a consistent flow of visitors to the region. The Canterbury ski proposition works particularly well for the Australian market, the key market for Christchurch and Canterbury. The proposal would enhance the proposition of ski in the region and would complement Mt Hutt offering different options close to Christchurch International airport. It would bring an increase in the number of visitors to our ski areas which would be a benefit to all the community. The proposal would enable the region to compete on the world stage as a ski destination creating new jobs, which would be invaluable for the region. The proposal would also grow summer tourism by providing a base for mountain biking & walking.	
Mike Pearson	2291	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas

		5	Support	This will bring thousands of tourists to the mountain and the Canterbury region	
		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
Luke Wigram	2292	1	Oppose	I seek to have the council reject Plan Change 25. While wishing to see the business succeed the plan change is not appropriate and would create a precedent (land swap) that is unacceptable in its entirety if carried to other industries.	Yes
		2	Oppose	The proposal to impose a northern hemisphere resort upon the fragile ecosystem will not be in keeping with the cultural norms of local Iwi and pakeha. It will be unsustainable and environmentally damaging in the long term and issues such as rescue when lifts fail and storm bound are not catered for in the proposal.	
		3	Oppose	This is a flawed a project being imposed on a landscape which is dear to my heart. If inappropriate development occurs it would be upsetting and create more reasons for myself not to provide my knowledge and expertise to the specialist health service I work for. Ruining the land is something I am opposed strongly to. An appropriate plan I would support, however this is not such.	
Blair Jacobs	2293	1	Support	Existing Porters Ski Area needs to be upgraded	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas

		6	Support	This would be a great experience for New Zealanders and overseas skiers	
		7	Support	This allows lots more people to get the enjoyment from accessing Crystal	
		8	Support	This will bring jobs into the region.	
		9	Support	I approve the proposed plan change as it will enable the development of a world class resort, adding a major new opportunity for locals to access the mountains, as well as an attraction and resort that will appeal to international visitors.	
		10	Support	Most importantly, this will be a unique development with direct appeal to Australian visitors. Great for the region, but also the country with more inbound travellers and the money they spend. While I am not entirely comfortable with the freeholding of conservation land, having thought at length about the implications vs the implications of large scale dairying I'd say there is no question which is the better approach. Plus, locals and tourism alike get more access and more ability to enjoy the region. It's for this primary reason we'd support it.	
Geoff & Kathryn Cater	2303	1	Support	We love to travel to this area with our 16 month old and the biggest limitation for us is a lack of a comprehensive mountain facility (let alone one which is easily accessible). The Porters expansion would be an exciting destination which will greatly benefit the region economically and recreationally.	No
		2	Support	This would be great to ensure Porters remains viable	
		3	Support	It would be great if NZ had the type of on mountain facility you can get overseas	
		4	Support	It would be great if we did not have to use our mountain access road
