**\*\* Submission \*\***

My/Our Submissions is: : That the proposed 'Hedgerow along SH73 (max height 3-4m)' as shown in Appendix 1 'Outline Development Plan', will adversely affect the views our property currently enjoys. It is likely that other properties in McHugh Crescent will be similarly affected.

I/We seek the following decision from the Council for the following reasons : In order to at least partially preserve our views, we ask the Council to reduce the height of the proposed hedgerow along SH73 FROM a maximum height of 3-4m (not requiring regular trimming), TO a maximum total height of 2.8m (not requiring regular trimming).

We also ask the Council to apply a covenant of the same total height to any boundary planting/fencing/barrier, for the proposed subdivision.

This is consistent with the covenant for those McHugh Crescent properties currently bordering SH73, which has proved adequate for buffering of traffic movements along SH73.
