17 Tennyson Street
Christchurch

25 May 2018.

Chief Executive
Selwyn District Council.

Att: Ben Rhodes

Plan change 54
of Rural Outer Plains land.

Further to your letter 30 April 2018

I am opposed to this Plan change as it will effectively remove 31.32 ha of good productive rural land from producing produce for the economy. Councils nationwide have this problem and a NZ wide focus needs to be considered.

Councils need to encourage persons who wish to reside in the rural environment to gain ownership of township land rather than occupy lifestyle blocks.

Yours sincerely

Roger RADCLIFFE.
