**** Submission ****

My/Our Submissions is: : The proposed rezoning of land in Wilfield is of concern to us as reducing section sizes to allow more intensive residential development translates to more houses and more traffic congestion at a time when the issue of the intersection on Highway 73 and Weedons Ross Road has not been resolved. This intersection is already very busy and dangerous and should be sorted before allowing anymore housing in West Melton. Our concerns are intensified by the heavier traffic use of Weedons Ross Road which is inevitable after the southern motorway extension to Rolleston has been completed.

I/We seek the following decision from the Council for the following reasons : We would like the Council to decline the application until such time as a safer intersection at Highway/West Coast Road and Weedons Ross Road has been installed.
