**** Submission ****

My/Our Submissions is: : I do not want our quiet peaceful cul der sac to become a thoroughfare for any new streets or roads, and bringing additional 400-800 cars onto our street, with additional noise and pollution. I/We seek the following decision from the Council for the following reasons : I oppose Spring Place being changed from a cul der sac, we purchased a house in Leeston for the quietness and away from the busy city life, and especially in Spring Place as it is a cul der sac with no thoroughfare, this means minimal traffic and creates a reasonably safe place for children on bikes etc, I truly believe the additional noise and pollution will greatly impact the safety and tranquility of this street and is not warranted, there are many families and elderly folks here and the impact to ones mental health with the influx of traffic will have long term effects for some moving forward.
