Grounds:

I am a person representing a relevant aspect of the public interest

Over 65 submissions by the public oppose PC69 because of the loss of Highly Productive Land and versatile soils that would occur if PC 69 was approved.

I am a Professor of Soil Science and believe that I can therefore represent this specific aspect of public interest (i.e. loss of highly productive land).

Wish to be heard: Yes

Submission point to which my/our further submission relates:

001

My/our position on this submission point is:

Oppose

The reason for my/our support of opposition are:

I oppose Plan Change 69 because of the loss of Highly Productive Land that would occur.

I therefore ask Selwyn District Council to reject Private Plan Change 69 Request at what would be the "11th hour" before the New Zealand Government's National Policy Statement on Highly Productive Land comes into effect later this year.

Approval of Private Plan Change Request 69 would be in direct conflict with the New Zealand Government's proposed National Policy Statement (NPS-HPL) designed to protect Highly Productive Land.

The decision I/we want Council to make:

Oppose in Full
