

Final rules package – clean

1. To amend Township Volume, Chapter B3 Health Safety and Values, B3.3 Quality of the Environment to read:

Policy B3.4.6

(a) To provide Business 2 and 2B Zones with few requirements for aesthetic or amenity values, but which have sufficient provisions: to safeguard people's health and well-being and to avoid pollution of natural resources or potential 'reverse sensitivity' effects.

(b) To provide a Business 2A Zone which can cater for business activities requiring large footprint buildings and/or sites but which have sufficient provisions to safeguard people's health and well-being and avoid pollution of natural resources or potential 'reverse sensitivity' effects.

Explanation and Reasons

Business 2 and 2B Zones are areas where activities may be able to locate that have effects which are incompatible with the character or amenity values of Living, Business 1 or Rural Zones. Activities which may be sensitive to these effects, such as residential activities, are managed in Business 2, 2A and 2B Zones to avoid potential 'reverse sensitivity' issues. Business 2 and 2B Zones tend to adjoin or be close to townships, so effects of some activities still need to be managed or may be inappropriate in Business 2 Zones. The Rural (Outer Plains) Zone may be an alternative location for "rural-based" industrial activities. The Business 2A Zone does not adjoin any residential area and as such caters for a larger scale of activities than other Business 2 Zones.

In the case of Rolleston the Business 2A Zone is surrounded by rural zoned land with the nearest Living Zone being located on the southern side of SH1 and the South Island Main Trunk Railway Line. A rural residential enclave (Armack Drive) exists to the west of the Business 2A Zone (beyond Railway Road and the Midland Railway) and this has been recognised in the development controls that apply along the western boundary of the Business 2A Zone.

Rolleston Prison (Designation MC1) is located to the immediate west of the Business 2A Zone at Two Chain Road. The Prison accommodates people residing on the Prison site, including for long periods of time. Development controls apply near the interface of the Business 2A Zone and Rolleston Prison, in recognition of the sensitivity of Prison residents to potential disturbance. The development controls are intended to ensure that the safe and efficient operation of Rolleston Prison is not constrained or compromised by activities occurring within the Business 2A Zone, and to ensure that activities within the Business 2A Zone are compatible with the function of Rolleston Prison, including the accommodation of people within the Prison.

The Business 2A Zone at Rolleston provides for a range of business activities in particular those requiring larger allotment sizes with good access to State Highway 1 and/or the Main Trunk Railway Line. In this regard this zone has an important role in the economic prosperity of the Greater Christchurch area as well as providing significant employment opportunities for Selwyn District residents.

Business 2 Zones currently exist at: Leeston, Rolleston, Darfield and Coalgate. The Business 2A Zone exists at Rolleston. The Business 2B Zone exists at Lincoln.
