

**PROPOSED PLAN CHANGES 81 AND 82 TO THE
OPERATIVE SELWYN DISTRICT PLAN
DIRECTIONS OF THE COMMISSIONER
MINUTE 5**

- [1] On 31 October I issued Minute 4 which set out the timetable for completion of the hearing and gave guidance on the purpose of requested conferencing of the urban design experts.
- [2] Since then, I have received a joint requests from the Council and the Proponent for extensions to the deadline for filing the joint schedule of residential supply. I agree to that extension of time now requested and consequently the date for filing the information requested is Thursday 17 November.
- [3] I was also advised that the reconvened hearing date could not be accommodated by the Proponent and after some consultation with the Hearing Administrator we have finalised Monday 5th December as the firm date for reconvening the hearing. The venue will be Selwyn Health Hub, Norman Kirk Drive, Rolleston.
- [4] The starting time will be 11.00 am and as previously indicated this will follow a brief Commissioner site visit to the visit of the Rolleston Resource Recovery Park (RRRP) and the Pines Wastewater Treatment Plant (PWTP).
- [5] Given the changes to the timetable I also amend the deadline for the urban design Joint Witness Statement and any supplementary evidence in relation to the timetable and expert conferencing to Thursday 24th November.

A handwritten signature in blue ink, appearing to read 'Paul Thomas', is written over a light blue rectangular background.

Paul Thomas

Independent Commissioner
