DPR-0068	MetroPort	023	PORTZ-Overview	Oppose	Amend as follows: The Port Zone is an inland port area, located in Rolleston. <u>There are two Port Zone areas, one at the eastern edge of the township's industrial area, to the north of the State Highway. The inland ports are considered important infrastructure.</u> The zone is located adjacent to the railway line at its southern end and adjoining the rural area at its northern and eastern boundaries. <u>The second area is on the western side on the Rolleston industrial area adjoining the Midland Railway line and is surrounded by industrial activities. The inland ports are considered important infrastructure.</u> The purpose of the Port Zoneincludes logistics storage, stacking, and handling <u>of containers</u>. Because of the scale and nature of activities ..., including noise, traffic volumes (<u>including rail</u>), visual dominance, and shading from large-scale structures. These effects need to be managed ...within adjoining zones. <u>Sensitive A</u>activities within the zone also need to be controlled...	Accept in Part	9
