Hi Alistair,

It's not clear from your plans exactly what the council have referred you to FENZ for, however I expect it is likely the firefighting water supply.

I have copied in Mike Gaskin to this as he is based in Selwyn and will be assessing the application.

Kind Regards

Re container storage.

Attention Jason.

Please find copy of proposed set up for container storage Leeston.

Containers will be bolted to concrete footings still being processed by engineer.

You will note back of units 1 meter from boundary.

Not identified is that building parallel on next property is 6mtr high tilt slab concrete full length of boundary also 1mtr from boundary.

~~The only timber exposed will be fascia boards at front of containers.~~

Thanks for your help last week Jason and I look forward to hearing from you

Regards Alistair Clarke.
