

Commissioner Minute #2

10 April 2025

Applications CRC244887 – 244890 & RC245428 - 245429 – Southern Screenworks Ltd

Witness Attendance

-
1. I have been appointed by The Canterbury Regional Council and Selwyn District Council as Commissioner to jointly determine applications CRC244887 – 244890, and RC245428 - 245429, by Southern Screenworks Limited for new and varied resource consents to extend the existing quarry at Bealey Road, Kirwee.
 2. I have received a Memorandum of Counsel dated 9 April from the applicant's solicitors, seeking that three of their witnesses be excused from hearing attendance, as the matters addressed in their evidence have not been contested in evidence from the Council reporting officers nor any other submitter parties, and are not raised in submissions from the two submitters that still wish to be heard.
 3. I have considered the request and confirmed that I have no questions for the three witnesses, and that they may be excused from attendance at the hearing. I will still consider the matters contained in their evidence in making my decision on the applications.
 4. Accordingly, I confirm that I do not require hearing attendance from:
 - Mr Michael Copeland (economics)
 - Mr Andrew Leckie (traffic)
 - Mr Victor Mthamo (site rehabilitation).
 5. I direct that this minute be circulated to the applicant and submitters.

Graham Taylor
Commissioner
