For Office Use Only

Received at the Office on at am / pm

The specific part of the application that **my / our** submission relates to are:

- - creation of dust could be sucked into the poultry sheds causing health issues for the chickens and contractors/staff.
- - excavation noise close to the chicken shed/s can cause smothering due to them getting frightened and all moving to the furthest point from the noise.
- - well water is supplied to both the poultry shed/s and the house. Contaminated water can cause health issues for chickens and residents of the house.
- - Poorer shed conditions causing income loss due to issues with the chicken/s such as; pad burn (from contaminated water or dust causing health/gut issues), less birds at the end of a run (due to smothering (see above regarding the noise issue) or health related issues from dust/contaminated water causing more dead birds.).
- All parts of the application will cause devaluation of my property.

The reasons for **my / our** submission are:

As a contractor to Tegel (under SPCA barn regulations), I am in charge of the animal welfare of my chickens. I would request that the consent be declined under the Animal Welfare Act 1999 – “obligation in relation to physical health and behavioural needs of animals”.

The decision **I / We** would like the council to make is:

We would like the council to decline the consent for Fletcher Concrete and Infrastructure (trading as Winstone Aggregates) 50 Selwyn Road and 706 Robinsons Road to extend their permit to quarry on the boundary of 660 Robinsons Road. This would be under the grounds that it would have a great impact on my business and also would affect the animal welfare of the chickens in my care.
