Hi Tim,

I can confirm that screen planting will be setback a minimum of 5m from the SEDL.

Cheers

Christian

Hi Christian

Just working my way through the notification assessment.

Are you able to confirm that the boundary landscaping along Sharlands Road will comply with the following:

## EI-REQ24

## Planting Setback Restriction near Significant Electricity Distribution Line

GRUZ  
CHVZ  
CORZ  
FHSVZ  
HOHZ

1. Planting shall be [set back](#) a minimum of 5m from the centreline of any of [Significant Electricity Distribution Line](#) or the species at full maturity will be a maximum of 3m in [height](#).

### Activity status when compliance not achieved:

2. When compliance with EI-REQ24.1 is not achieved: [NC](#)

### Notification:

3. Any application arising from EI-REQ24 shall not be subject to public notification and shall be limited notified to the following parties: the [network utility operator](#) with responsibility for the [Significant Electricity Distribution Line](#), unless their written approval is provided.

Thanks

Tim.
