Hi Tim,

As per your S.91 letter of the 16<sup>th</sup> August, please find below a link to the updated application including the 2 x farm worker dwellings. I note that as the site plans, landscape plan and landscape assessment have been updated I have provided an updated complete application, which supersedes the application as lodged on the 9<sup>th</sup> August.

 [Lodgement Docs \(incl Dwellings\)](#)

I note that we are now well out of sync with ECan who have received the further information response from us and are no proceeding towards a notification decision. It would be appreciated if this application could be processed as quickly as you are able to try to get some alignment with the ECan consent process.

Cheers

Christian
