To whom it may concern,

Reference RC 216016  
157 Levi Road – Foodstuff – Pak N Save rezoning

We are very opposed to rezoning the land at 157 Levi Road and the surrounding block (Rural Section 7556 contained within Record of Title CB18F/727) from Living zone DDP4 for low and medium density housing to commercial / retail under a 'discretionary activity' to allow the building of a Foodstuffs – Pak N Save [REDACTED] for numerous reasons.

The zoning for the Pak N Save property is residential. The proposed Pak N Save proposal is out of zone, and contrary to the District Plan objectives and policies, including for residential areas. It is an inappropriate use of the site, which is intended and ideally suited for residential development, being in close proximity to the town centre and the expanding services and facilities of Rolleston. Under the Government's medium density housing provisions, the site could support a significant number of houses, which are desperately needed in Rolleston given the extreme shortage of land supply for housing, and the current housing crisis.

The proposal is contrary to the Resource Management Act and will have significant adverse effects on the environment, including our property. Our particular concerns include but are not limited to the matters as set out below.

Levi Road and Lincoln Rolleston Road are main arterial routes with high traffic demand at peak times, with traffic backed up from the Levi/Lincoln Rolleston Road roundabout back to Strauss Drive. Allowing a Pak N Save supermarket to be built on the corner would increase traffic and congestion of these main arterial routes into the area plus increase the traffic noise.

Foodstuffs propose three entrances / exits from Levi Road (4.3.1). Two of these exits are left turn only (Access C and E), adding to the congestion at the Levi and Lincoln Rolleston Roads roundabout. The proposed main entrance (Access D) on Levi Road is situated opposite Beaumont Drive which also has right turning traffic controlled with a give way. The proposal also includes a pedestrian refuge on this intersection. We believe this proposal of having a main entrance (Access D) onto Levi Road causes a traffic hazard. Beaumont Drive is already being used as an alternative route into Rolleston at peak traffic times.

Currently we personally have parking available on both the north and south-west sides of the road outside our property, contrary to Foodstuff statement 3.5. We also have a large vehicle and can enter and exit our property in both directions without impediment by traffic islands / pedestrian refuges. The majority of times we turn right out of our property towards Rolleston.

#### Foodstuffs 4.2.2 Servicing movements

Traffic is created from 4:30am to midnight with truck and car movements.

This is a huge increase on vehicular traffic we currently have.

Trucks are unloaded with forklifts which 'beep' when being used as a safety measure. This beeping is an intrusive noise, especially in the middle of the night. Table 2 shows that this intrusive noise will continue for a minimum of 45 minutes.

The increase in traffic to the store would impact on the volume of noise, the traffic and become a huge inconvenience to all neighbouring properties.

The Pak N Save buildings are not designed to be attractive nor do they blend into the landscape. They are design to stand out and dominate a location.

#### Foodstuffs 4.5 Signage

We object to the Pak N Save signage being maximum height and size. Due to the dominance and colour of the building the signage is excessive and contrary to the Selwyn District Council 7.1 Outdoor Signs General.

The extra lighting would be a huge negative to any potential residents or any potential residential development. The landscaping is low, predominantly tussock with cabbage trees and will not buffer noise nor beautify the area. The lighting will impact on evening darkness in the surround properties.

#### Foodstuffs 7.2.2 Flooding

Modelling shows that during the 1:200-year flood, stormwater from Beaumont Drive to the north of the site cuts across Levi Road and into the site. After site development, it is anticipated that the 1:200-year flood can be directed further south-west on Levi Road, to enter the site at the proposed landscaped area in the western corner.

The proposed landscape area is directly opposite our property and could therefore impact through wave action caused by vehicular movement into our property.

It is our belief that if Selwyn District Council grants Foodstuffs the zone change for a discretionary activity and allow the building of a Pak N Save Supermarket they will be encouraging the duopoly of the two supermarket chains.

Pak N Save has an existing resource consent to replace New World with Pak N Save at 84-92 Rolleston Drive, RC185461. They do not require the site at the corner of Levi and Lincoln Rolleston Roads.

Selwyn District Council has worked hard to try and create a town centre. To allow another supermarket to be built with 500 meters of the existing town centre will further fragment and enlarge the Centre of Rolleston in a very undesirable manner.

We would appreciate your consideration of our concerns.
