**** Submission ****

*The type of consent is: : Land Use Consent The location of the consent is: : 157 Levi Road, Rolleston The proposed activity/change is: : Erect and operation of a supermarket *The specific part(s) of the application that my submission relates to are: : Environmental effects *My submission is in: : Opposition
*My Submission is: : As a local long-time resident of Rolleston (15 years plus) I feel another supermarket is not required in our town. We already have 2 supermarkets from the 2 big players in the market and I believe they service the needs of our community well. The way people shop now has changed considerably with the various options available - in store, pickup and delivery. Therefore, do we need another bricks and mortar?

As many of our residents travel into the city each day they do have the option of shopping at the various PAK'nSAVE supermarkets in the city. Is the option not available for Foodstuffs to change the current New World supermarket to a PAK'nSAVE?

I feel the greatest impact the proposed location of this supermarket will have to the local environment that currently has a semi-rural feel and to see this monstrosity built will certainly diminish this.

*I seek the following decision from the Selwyn District Council: : I am strongly against a supermarket being in this area (as outlined above) and ask the Commissioner to decline this application.
