DRAFT

UNDER THE RESOURCE MANAGEMENT ACT 1991

IN THE MATTER OF an application pursuant to section 88 of the Act by **Foodstuffs (South Island) Properties Limited** for land use consent to erect and operate a supermarket at 157 Levi Road, Rolleston.

Council Ref: RC216016

SUBMISSION ON A PUBLICLY NOTIFIED APPLICATION CONCERNING RESOURCE CONSENT

Name of Submitters: Harbour Building Partnership Ltd, David and Donna Butts, Jason McLachlan and Kimberlee Woods, Adrienne and Martin Baxter and Christopher and Rachel Grocott.

Application Details

1. This submission is on an application by Foodstuffs (South Island) Properties Limited ("The Applicant") for a land use consent to erect and operate a supermarket (Rolleston PaknSave) at 157 Levi Road, Rolleston ("the Application Site").
2. The Applicant seeks consent as the proposal is unable to comply with the following rules under the Operative Selwyn District Plan (ODP), resource consent is required as a Discretionary Activity under the ODP.
 - *Rule 2.1.8: Discretionary Activity*
 - *Rule 4.8.5: Discretionary Activity*
 - *Rule 5.2.3: Discretionary Activity*
 - *Rule 5.3.2: Restricted Discretionary Activity*
 - *Rule 5.3.4: Restricted Discretionary Activity*
 - *Rule 7.1.2: Discretionary Activity*
 - *Rule 7.22: Discretionary Activity*
 - *Rule 10.6.3: Discretionary Activity*
 - *Rule 10.8.3: Discretionary Activity*
 - *Rule 10.9.2: Discretionary Activity*
3. The applicant also seeks consent under the National Environmental Standard for Assessing and Managing Contaminants in Soils to Protect Human Health 2011 (NESCS) as a *Discretionary Activity*, pursuant to Regulation 11(1).
4. Overall, resource consent is sought as a Discretionary Activity under both the ODP and the NESCS.

9. Christopher and Rachel Grocott own the property at [REDACTED]. They reside at the dwelling at [REDACTED] The property is [REDACTED] and legally described at [REDACTED]
10. The Submitters are for the most part landowners who currently use the properties for residential purposes. In the case of [REDACTED] the Submitter has entered into a sale and purchase agreement with the current landowner and their intention is to use the property for residential purposes.
11. The Submitters are not a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

Submission Details

12. The Submitters oppose the Application as they do not consider the issues below have been appropriately addressed.
13. The Submitters consider that the resource consent application lodged 29 June 2020 is deficient for the following reasons amongst other matters:
 - 13.1. The application has failed to adequately address the potential construction effects. The civil works are likely to occur over an extended period of time which may result in adverse effects on the amenity values of surrounding sensitive land uses, as well as prevent practical vehicle access to sites along Levi Road and Lincoln-Rolleston Road.
 - 13.2. The application has failed to address Section 16 of the Resource Management Act 1991, which states that the occupier has a duty to avoid unreasonable noise.
 - 13.3. The location of 'Access A' is directly opposite the submitters' properties. The application fails to consider the adverse effects of this, including how future development of these sites for residential purposes (as is anticipated within the Outline Development Plan) will be affected.
 - 13.4. The application fails to address all relevant objectives and policies of the National Policy Statement for Urban Development, where it has not been acknowledged that the development has the potential to adversely affect development capacity of residentially zoned land and the wider Rolleston Area.
 - 13.5. The application fails to adequately address the loss of residential land and the associated effects, simply stating that the balance site can still achieve the net density of 10 dwellings per hectare.
 - 13.6. The application states that resource consent is required under the Canterbury Land and Water Regional Plan for stormwater discharge. It is unclear whether the applicant has applied for this consent.
14. The submitters consider the proposal will result in significant adverse effects on them and the environment generally including but not limited to:
 - 14.1. Adverse landscape and visual effects as a result of the erection of a 'big-box' retail activity on land zoned for residential development. The activity represents a significant change to the landscape which is not anticipated within the ODP. The

proposed landscape mitigation measures also inadequately address the likely increase in sensitive land uses within Outline Development Plan Areas 3, 4, 9 and 11.

- 14.2. The proposal includes activities that are likely to generate noise that has the potential to result in significant adverse effects on surrounding sensitive land uses. Activities include (but are not limited to) an increase in heavy vehicle movements, pedestrian vehicle movements, mechanical services plant, car parking (including customer talking, car horns and trolleys crashing).
- 14.3. Adverse effects on the character and amenity values of the surrounding environment through incompatible land uses in a residentially zoned area.
- 14.4. Adverse traffic conflict effects and traffic safety effects. The application proposes in the order of 10,000 additional vehicle movements per day. While the integrated transport assessment states a third of these movements will be 'pass-by trips', this still represents a significant increase. The application also does not propose any road upgrade works within the vicinity of 'Access A', despite this being a primary access point.
- 14.5. Adverse effects on the wider Rolleston area by taking away customers from the Town Centre and Neighbourhood Centres identified in the Rolleston Structure Plan.
- 14.6. Adverse effects on the surrounding environment from light spill generated by external lighting on the application site.
- 14.7. Adverse effects from bulk earthworks, including inadequate erosion and sediment controls, displacement of stormwater from the application site and relocation of overland flow paths.
15. The Submitters also consider the proposal is contrary to the objectives and policies of the ODP including but not limited to:
 - 15.1. Objectives B2.1.1, B2.1.4 and Policies B2.1.5 and B2.1.10.
 - 15.2. Objectives B3.4.2 and B3.4.4 and Policies B3.4.2, B3.4.3, B3.4.10, B3.4.16, B3.4.18, B3.4.21, B3.4.22, B3.5.23, B3.4.25 and B3.4.27.
 - 15.3. Objectives B4.1.2 and Policy B4.1.7.
 - 15.4. Objectives B4.3.1, B4.3.3, B4.3.5, B4.3.8, B4.3.9 and Policies B4.3.4, B4.3.10, B4.3.11 and Policy B4.3.76.
16. The Submitters also consider the proposal to be contrary to the objectives and policies of the following documents:
 - 16.1. National Policy Statement on Urban Development.
 - 16.2. Canterbury Regional Policy Statement
17. The Submitters consider the proposal to be contrary to the Vision, Objectives, Development Principles and Implementation Plan for the Rolleston Structure Plan.

Decision Sought

18. The Submitters seek that the application be declined. The Submitters would be willing to engage with the Applicant in relation to potential mitigation measures which may resolve their concerns.

Wish to be Heard

19. The Submitters wish to be heard in support of their submission and would consider presenting a joint case with other submitters if they make similar submissions.

DATED: 2 June 2022
