

# TREES & VEGETATION IN SELWYN DISTRICT

## MANAGEMENT POLICY MANUAL

### APPENDICES & REFERENCE DOCUMENTS

## Preface

This Appendix to the Trees and Vegetation in Selwyn District Management Policy Manual contains a collection of documents, laws, regulations and guidelines referenced for the formulation of the policies and production of the Manual. They have been included to give the reader who may require it, a more comprehensive, in depth range of information than could reasonably have been included in the policy manual document itself. The fact that these documents are held together in the Appendix and can be easily accessed without the need for extensive research, will facilitate all those embarking on planning or designing or implementing projects involving the establishment and management of trees or dealing with existing issues in the field.

The Policy Manual and this Appendix, was produced principally for the management of trees on Council land or in any situation where the Council has a legal or regulatory role. However, the private land owner also when contemplating tree/vegetation planting or dealing with tree issues, will find a great deal of useful information to provide guidelines for these activities.

**N.b. The laws, regulations and guideline documents contained in this Appendix were current at the time the Trees and Vegetation in Selwyn District Management Policy Manual was adopted by Council in July 14 2010. They may be superseded, amended, repealed or dispensed with, wholly or in part, at any time.**

## **48 APPENDICES/REFERENCE DOCUMENTS - LAWS & REGULATIONS & GUIDELINES THAT APPLY TO THE MANAGEMENT OF TREES**
