## Payment options

See the registration form for more information

- Use our easy Dogs Online service where you can register your dog(s). You can also add a new dog, remove a dog and make changes to your owner details.
- You can make an internet payment, using your Owner Number as the reference, and return the form to us (only if you have changes to make).
- We can pay in person with a credit card or cash at any Council service centre.

## One Tag

The new metal tag (One Tag) which you received last year is your dog's tag for life. No new tag will be issued unless you are adding a new dog to your record.

## Gold card dogs

If your dog is 14 years old, has been registered with the Selwyn District Council for the last 10 years and your registration has been paid on time, no registration fee will be charged. You will still need to pay an owner/admin fee. Gold card dogs are set by the Council before re-registration.
