

2022-2023

What are my rates funding?

On your invoice from Selwyn District Council you will see a charge for Environment Canterbury's rates. These rates are collected for us by Selwyn District Council so you only have one bill to pay.

What are the codes on my rates invoice?

Types of rates:

General rates — are charged based on the capital value and location of your property.

Uniform Annual General Charge (UAGC) — is a standard charge which is the same for all rateable units regardless of property value.

Targeted rates — are charged where there is a specific benefit to the property owner. Rates can be targeted by service or geographical area. These are referred to as differentials (D).

What am I paying for?

- **Flood protection (D)** — Reducing impact of flooding by works and services on river control and flood protection. This work is charged according to location and

proximity to river. Coding indicates which river catchment (eg Rakaia River), and risk level (eg Class A).

- **Civil Defence Emergency Management** — Making sure we're prepared in the event of disaster.
- **Healthier Homes Canterbury** — Repayment of a loan for a Clean Heat appliance and/or insulation installation.
- **Pest management** — Control of invasive and destructive animal and plant pests through inspection, advice, education, monitoring and investigation.
- **Pest Free Banks Peninsula** — Activities supporting the Pest Free Banks Peninsula initiative.
- **Public transport (D)** — Planning and delivering a sustainable public transport service including the Community Vehicle Trust.
- **Greater Christchurch Transport and Urban Development** — Working with

other councils and agencies to plan for and support the needs of a growing population.

- **Freshwater Management** — A collaborative framework to help manage the region's freshwater resource.

Payment details

Payment options, dates, penalties and locations for payment will be the same as your Selwyn District Council rates.

Can't pay your rates?

In certain circumstances payment of rates may be postponed or remitted. To find out more about this, visit ecan.govt.nz/policies.
