

Are you eligible for a rates rebate?

Has your income been affected by a change in employment (for example, because of COVID-19) or retirement? You may be eligible for a rates rebate for the 1 July 2021 to 30 June 2022 rating year.

The Rates Rebate Scheme provides a rebate of up to \$665 for low income earners who were paying rates for the home in which they were living on 1 July 2021.

You can apply for your rebate at any of our Service Centres. You will be asked to provide accurate information about your income, and that of any partner/joint home owner who lives with you, for the tax year ended 31 March 2021. You have until 30 June 2022 to apply for the 2021/22 rebate.

For locations, times and details of the information you will need to provide, please contact us on 0800 SELWYN (735 996) or visit selwyn.govt.nz/rates.
