Darfield and Kirwee to Pines WWTP pipeline construction

What	Construction of the new Darfield and Kirwee to Pines WWTP wastewater pipeline.
Where	Burnham Road – From Burnham School Road to State Highway 1
When	From Monday 2 May to June 2022
Why	To connect the upcoming Darfield and Kirwee reticulated wastewater systems to the Pines Wastewater Treatment Plant
Contact	Corde PM Fintan Harvey (027 294 7764)

We are writing to let you know that Selwyn District Council will be carrying out works in your area as part of the construction of a new wastewater pipeline between Darfield and the Pines Wastewater Treatment Plant.

The work will require a 100m section of Burnham Road just south of SH1 be reduced to one lane with a detour in place and traffic management on surrounding roads. The direction of traffic will be southbound, you may exit off SH1 on to Burnham Road. Any traffic travelling northbound will have to follow the detour to get on to SH1.

Residents between Burnham School Road and SH1 will be able to access their properties without having to drive the detour. We will try and keep traffic, dust and noise to a minimum. Your water and wastewater supply won't be affected.

This work will run concurrently with the existing traffic management set up on the north side of SH1.

We apologise for any inconvenience this may cause and thank you for your patience as we carry out these works. Further information about this project and a live map of the construction can be found at <https://www.selwyn.govt.nz/services/water/wastewater/darfield-wastewater>.

The contractor for this work is Corde Ltd.

If you have any questions please contact Fintan Harvey (Project Manager) on 027 294 7764, or the Council Water Services team on 0800 SELWYN (735 996) or email contactus@selwyn.govt.nz.

Thank you

CORDE
Selwyn District Council
