We are writing to let you know that Selwyn District Council will be carrying out works in your area as part of the construction of a new wastewater pipeline between Darfield and the Pines Wastewater Treatment Plant. The planned work will involve laying pipe through the Bealey Road intersection to connect pipes recently laid on Miles Road either side of the intersection.

There are three stages to the work; Stage 1 - laying pipe on Miles Road south of Bealey Road, Stage 2 - laying pipe through the intersection, Stage 3 - laying pipe on Miles Road north of the intersection.

During stage 1 and 3 part of Miles Road will be closed (see images on the following page). During stage 2 Highfield Road will also be closed and there will be Stop Go on Bealey Road. Stage 2 is expected to take 4 days.

For the properties on Miles Road south of Bealey Road your access will be directly affected during stage 1 and 2. We will maintain the ability for you to access your property, a member of our team will be in contact to organise for you to get in or out of your property safely.

We will try and keep traffic, dust and noise to a minimum. Your water and wastewater supply won't be affected.

We apologise for any inconvenience this may cause and thank you for your patience as we carry out these works. Further information about this project and a live map of the construction can be found at <https://www.selwyn.govt.nz/services/water/wastewater/darfield-wastewater>.

The contractor for this work is Corde Construction.

If you have any questions please contact Fintan Harvey (Project Manager) on 027 294 7764, or the Council Water Services team on 0800 SELWYN (735 996) or email contactus@selwyn.govt.nz.

Thank you

CORDE
