1. Scales given on this plan are approximate for the purpose of legal descriptions.
2. All legend markings crossing a road are deemed to cross the road at right angles from one side of the road to the opposite side at the shortest distance.
3. Where no dimension or distance is given or shown where legend markings cross a road at a sideroad, the markings are deemed to cross a road at the prolongation of the sideroad carriageway edge.
4. All sections of roads, including within a speed limit area boundary line have a speed limit as noted for the area.
5. If the speed limit area boundary line is shown as being on the carriageway edge of the road then that road is not within the speed limit area.
