FREEMAN Phil

My principal residence is within the Tawera Subdivision of the Malvern Community Board area.

I have lived in Hororata for 25 with my wife and four children. I own and run an engineering business in Hororata and am actively involved volunteering in the Malvern Community. I am Vice Chair of Go Hororata with my main role being to work with the Council ensuring the community has input into the management of the Hororata Domain. I have been Club Captain of Windwhistle Winter Sports Club, President of the Selwyn rugby club and involved with organising all the Hororata events. I was on the Board of Trustees for the Hororata School for nine years. I am interested in representing Malvern to ensure that our large rural district has a voice within Council. I am committed to being the link between Council and community. I want to find a way forward for the newly formed residents committees working with Council. Efficiency and accountability are a priority.

WELSH Andrew

My principal residence is within the Tawera Subdivision of the Malvern Community Board area.

I am standing for the Malvern Community Board in the upcoming election because I have a strong desire to serve the wider community and I want to add to making Selwyn District a better place to live, work and play.

I live in Lake Coleridge Village with my partner Victoria and our German Shepherd Fred; we love the Canterbury High Country, the people, and endless opportunities that the district has to offer.

My focus is on sensible spending, accountability and ensuring that the voice of small communities is heard, acknowledged, and valued by the Selwyn District Council.

I work as a Project Manager from home and have considerable experience living and working in small communities, being involved in local issues and organisations, and working to get things done on behalf of the community.

FROST Vicky

My principal residence is within the Tawera Subdivision of the Malvern Community Board area.

Hi I'm standing for the Tawera CB position as I feel strongly that the Townships and small communities benefit from a strong voice at Council. Several years ago I retired from Corrections, having served 28 years and having had many roles, including as a volunteer member of the Post Incident Response Team for 9 years, Trainer of Corrections Officers, Facilitator for Youth offenders, Project Manager and Manager of a Drug Treatment Unit, etc. My qualifications include Adult Teaching Certificate, Counselling Certificates, Incident Management (CIMS 2). My Community involvement includes member of the Selwyn Civil Defence Welfare Team, and member of the Malvern water Sub Committee. My passions are family and books. I've lived in Coalgate for over 30 years and believe I can be a strong voice for all communities.

WOODS Bill

My principal residence is within the Tawera Subdivision of the Malvern Community Board area.

Lived in Springfield for over 60 years. Was an engine driver for the Railways. Worked on a farm for eight years. With my wife Linda owned the Springfield Store and the Sheffield Garage.

Was Mayor and Councillor for Selwyn and did several terms on the Malvern Community Board.

Built the Donut in Springfield and took a leading part in the design, funding and building of the Glentunnel museum extension to remember the coal, brick, and pottery workers of the district.

The Community Board needs urgent help to operate successfully to provide the service to the community.

JOHNSON Michelle

My principal residence is within the Tawera Subdivision of the Malvern Community Board area.

I have recently moved to Whitecliffs, from Taupo, with my husband and three daughters, two of them are attending local schools and the oldest has started university. We decided to make the move as my husband was born in the South and we believe it offers us more opportunities to enjoy our lifestyle and hobbies (horses, hunting and the outdoors). I started off my working life with an apprenticeship in Hairdressing, I have owned many salons, I then moved on to adult education, teaching in a tertiary environment, I now work in medical administration.

I am committed to being accessible, listening to your concerns and being a powerful voice in shaping our community's future, I enjoy meeting new people and together I believe we can make the Malvern community a place we are even more proud to call home.
