Representation Review 2024

Initial Proposal Submission Form

Selwyn District Council is conducting a representation review to determine how the communities that make up the Waikirikiri Selwyn district should be represented in our coming elections.

Please read the consultation document and information available online at

www.selwyn.govt.nz/repreview before completing and dropping off this form at a Council Library and Service Centre by 5pm on Thursday 12 September.

You can make a submission using this form, or by completing the online submission form at selwyn.govt.nz/repreview.

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments Keep the community board.

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

Please add your comments

Support retaining community board, especially with reduced councillor representation

Do you support the name suggestions for the four local electoral wards?

No

Please add your comments

In line with central government direction to departments, put the Maori name after the English one.

Do you have any other comments about our initial proposal for our representation arrangements?

Frankly I think council is a prolific waster of public funds and won't listen anyway.

Do the basics well and don't do the rest!

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments

The Malvern area needs to have at least 2 councillors due to the large geographical area involved. This would go some way to ensuring Malvern rate payers have a means of fair and effective representation on the Selwyn District Council.

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

Please add your comments

The Malvern Community Board needs to remain to provide rate payers an avenue to inform the Selwyn District Council of services and maintenance required in our area and to assist community members with funding of events and services.

Do you support the name suggestions for the four local electoral wards?

Yes

Please add your comments

Each area needs to have a name that clearly relates to their community

believe there should be 4 wards but 9 councillors. Given its size believe Malvern needs 2 councillors

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

Please add your comments

The size of Malvern means it is too difficult to be covered properly by councillors, especially if there is only one councillor.

Do you support the name suggestions for the four local electoral wards?

Yes

Please add your comments

Do you have any other comments about our initial proposal for our representation arrangements?

It appears there is a high expectation that the representation can be covered via electronic/online interaction considering the mix of communities in the area. There would be a risk that that those in rural locations may not have the ability to interact by electronic means and risk being excluded from the ability to have their say and simply remain informed. It may be suitable for the suburban environments but the mix of communities in the region would likely result an inconsistent ability to be involved and have a say.

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments

In my opinion, what is being proposed is NOT fair representation. Population growth is NOT a standard alone factor - other factors need to be considered.

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

Please add your comments

Do you support the name suggestions for the four local electoral wards?

No

Please add your comments

I greatly support NZ's bicultural society and the use of te reo. However, the Selwyn District is multi-cultured (2023 Census: 91.7% are non-maori) with the majority of people understanding english (ie. if this is not their first, it is their second language). To encourage people's learning and understanding, naming convention could consider english-te reo eg. "Malvern Tawera Ward" which may result in people being more accepting while increasing their knowledge.

Wish to speak to the submission: Yes

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments

The largest land mass areas and contributors to GDP will have the smallest representation under the proposed plan. I completely disagree with this. We need to remain with status quo or increase representation to at least Malvern area.

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

Please add your comments

Absolutely opposed to removal of the community board and want to see more community boards introduced. This is the true opportunity for ratepayers and community organisations to have their say.

Do you support the name suggestions for the four local electoral wards?

No

Please add your comments

Happy with current names that have been established for many years.

Do you have any other comments about our initial proposal for our representation arrangements?

Under the proposed changes, it clearly illustrates that those who contribute most will be penalised. We are very much a strong rural community and need to ensure this remains our focus. If need be increase the number of councillors and decrease administrative costs.

Selwyn District Council is conducting a representation review to determine how the communities that make up the Waikirikiri Selwyn district should be represented in our coming elections.

Please read the consultation document and information available online at

www.selwyn.govt.nz/repreview before completing and dropping off this form at a Council Library and Service Centre by 5pm on Thursday 12 September.

You can make a submission using this form, or by completing the online submission form at selwyn.govt.nz/repreview.

Property Location: Malvern

Wish to speak to the submission: No

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments

Council has had requests for a stronger voice from smaller towns. Reducing the number of Councillors, especially in the Malvern area will essentially reduce the voices of these rural towns and communities. The Malvern area is large and communities are spread out and one Councillor simply cannot do justice and represent these communities fairly. Malvern needs its two Councillors to service the needs and complexities of this growing area.

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

Please add your comments

As mentioned before the Malvern District needs fair representation and a strong voice for our communities. The Board can help our Councillors achieve this by being on the ground and listening to our communities.

Do you support the name suggestions for the four local electoral wards?

Yes

Please add your comments

The Malvern district has a strong Maori history and the new name shows respect for this.

Do you have any other comments about our initial proposal for our representation arrangements?

The Council should be sitting up and listening to its communities and their needs. Fair representation for all = a return vote at the next election.

Full Name: Susan Hawkins

Organisation:

Property Location: Malvern

Wish to speak to the submission: No

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments

I feel the current 2 councilors gives a far better representation for our Malvern area. It has such a large geographical area that it is asking too much of 1 person to try to be available to everyone in the ward and be able to represent them adequately.

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

Please add your comments

If we lose the 2 councilors we currently have in the Malvern ward it would be even more vital to have a local voice. This would apply to the other wards too.

The ratepayers need a voice that can be heard at council level. It is so difficult to even get to speak to anyone at the council we need representatives who can bridge that divide.

Do you support the name suggestions for the four local electoral wards?

No

Please add your comments

the current names have served us well to date. I see no need to change them and confuse people.

Full Name: [REDACTED]

Property Location: Malvern

Wish to speak to the submission: No

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments

i think itis important to have our rural communities supported by rural councillors as we make up a huge propotionnof rate payers

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

Please add your comments

Itnis important to keep the rural

community connected. We talk in about mental helth etc and rural communities really suffer from this. This is mainly due to council government restrictions. Have people that can support rural people to have their say and to help fix complex issues rural people have with poperty etc is important

Do you support the name suggestions for the four local electoral wards?

No

Please add your comments

i dont support and name change as i dont support a change

Do you have any other comments about our initial proposal for our representation arrangements?

you need tomlook at where mostnof your money is coming from and but your resources into that. Most rural communities dont and cant utilise tesources paid for by ther rates and then these are constantly increasing

Full Name: [REDACTED]

Organisation:

Property Location: Malvern

Wish to speak to the submission: No

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments

You have a town/rural divide. With this plan the rural community's have very little say on how the council is run, the rural community area covers 90% but only have 25% say in the council. The wards have been based on population and not included the area they cover. I think they should stick with 10 councilors and both Malvern and Ellesmere ward have two councilors each to take into account the large areas they are covering.

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

People will predictably get exercised about the use of Te Reo as theyve been polarised by national politics. Would actually be a very welcome move to be in Kā Puna and its good were using local dialect.

No

Please add your comments

Our area does not have a large population compared to other towns in Selwyn, however our townships and the surrounding farming areas are spread out so have a need to be represented on all levels. A one size fits all will not work for Malvern. Our townships and farming areas are diverse and have many varying needs and requirements. In Malvern we are active in our communities, and we care about where we live, about our community assets, about our neighbours, and our futures and the future of our areas.

Money would be better spent on our communities, not signage changes!!! Total waste of money and something that has been rampant in NZ! I do NOT support any more money going toward rebranding and the legal costs to do so! Stupidity

Do you have any other comments about our initial proposal for our representation arrangements?

All communities need a voice and to be heard. Reducing our communities' voice will impact the futures of our areas in a detrimental way. Our areas have worked hard to ensure a good future for generations to come

The less representation of wards by local rate payers the less the rate payers will be considered. We need more Lydia Gliddons not less! Perhaps you should consider trimming those further up the ladder who are paid more but do less. There needs to be more accountability for poor performance and decisions from all levels of staff

No

Please add your comments

We are rural and by changing these the farms have less say in the outcomes of the Sewyn District. Yes I live in Rolleston, but Ellesmere has been my home. I don't believe in the continuous development of good farming land with good soils for housing. The rural community needs a louder voice to be heard. They at the end of the day are the backbone of NZ.

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

refer previous comments. The rural sector needs a louder voice, don't mute them.

Do you support the name suggestions for the four local electoral wards?

No

Please add your comments

Just why. With all the name changes I have no idea what is what anymore. Too many, too quickly, let's keep it simple and save money on the rebranding of something that is unnecessary and will only cause alot of confusion and a complete waste of money.

Do you have any other comments about our initial proposal for our representation arrangements?

Waste of time and money. Let's keep it simple and keep a voice with our farmers and rural communities that need it. Selwyn was always rural and I believe we have lost that vision.

Wish to speak to the submission: No

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments

With the large area and often complex and very different issues that each rural community has we nead more representation rather than less. The rural councillers spend a huge amount of their time (and cost) in travel and this needs to be taken into account when comparing how much of the councillers time is spent doing "council" work, So to have comparible representation time rural needs to have more councillers per 1000 of population to be equal.

cheers Mike Davies

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

Please add your comments

We need to have local representation that has a long term veiw and memory because staff constantly change abd with that so do agendas

Do you support the name suggestions for the four local electoral wards?

No

Please add your comments

Do you have any other comments about our initial proposal for our representation arrangements?

The councillers need to be able to guide the council and be able to make decisions not the other way round

Full Name: Nadene Butcher

Organisation:

Property Location: Ellesmere

Wish to speak to the submission: Yes

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments

I like the structure of the wards as they are, a better representation of Leeston and rural farmers.

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

Please add your comments

Having community input is important, it gives the people a far better voice than having council having total control.

Do you support the name suggestions for the four local electoral wards?

Yes

Please add your comments

I am happy for any bi-lingual names, this is done in many Asian countries, and it teaches population another language. The English weren't the first to arrive here in NZ either so it is important to have both cultures languages present.

Do you have any other comments about our initial proposal for our representation arrangements?

Only that I disagree with the proposal and would like to keep the wards the same as they are today.

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments

The Malvern ward requires at least two council representatives - full stop - end of story!

The work loaded onto our rural representatives is enormous - for example - after normal work time meetings, attending to township matters, dealing with agribusiness and commercial businesses all takes time and is absolutely essential to the Malvern area. These are a few issues that our representatives are asked to do. You can not adjust representation on a population basis. This is just not on in any form. It will become a health and safety issue because of 'burn out'.

How can one have a vote or voice from Malvern if you reduce our representation, this is simply not democratic leaving one councilor to represent Malvern.

Take a moment and think about where the district's wealth is generated, how it is exported and how that wealth flows about. Rural business needs GOOD council to prosper. Take transport as an example, this especially needs good infrastructure, i.e. roads, bridges etcetera - that means within the council, balanced representation.

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

Please add your comments

Our community board must remain, just for the same reasons I have mentioned about councilors.

Small townships need attention, especially roading, landscape, social and economic reasons. Further a field - lifestyle and farming interests need hearing democratically.

Do you support the name suggestions for the four local electoral wards?

No

Please add your comments

Why change ? Give me a **solid** reason.

If this is what happens - then change - for example Waimakarri or Rakaia to an English name!

Do you have any other comments about our initial proposal for our representation arrangements?

Our country is in difficult times. Local government must live within it's means - that includes not spending time and resources changing representation.

My submission on your 10 year plan advised you to live within your means. Interestingly the Prime minister gave the Counties Conference the same instructions.

I rest my case.

Wish to speak to the submission: No

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments

representation based on population demographic only unfairly excludes rural interests, representation and needs.

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

Please add your comments

I am opposed to local democracy being centralized. Community boards made up of community members have a far greater value to a local community. I also believe that having pathways to governance such as community boards gives future electives a chance to learn the ropes prior to standing for greater roles.

Do you support the name suggestions for the four local electoral wards?

No

Please add your comments

I see no benefit in changing names it is a waste of resources

Do you have any other comments about our initial proposal for our representation arrangements?

I am deeply concerned about the recent proposal to reduce rural representation in favor of urban areas. This approach undermines equitable representation and overlooks the significant contributions of rural communities.

Though rural populations are smaller, their voices are crucial for a balanced democracy. Diminishing rural representation contradicts the democratic principle of equal representation and risks neglecting the essential work performed by rural residents, including agriculture and natural resource management.

Rural communities already face disproportionate burdens, and reducing their representation further exacerbates this issue. Effective governance requires fair representation for both urban and rural areas to ensure balanced policies and equitable outcomes.

Historically, fair representation for all areas has been a cornerstone of democratic governance. Reducing rural input undermines trust in our democratic institutions and could set a troubling precedent.

Moreover, social trust in government is vital for achieving the United Nations Sustainable Development Goals (SDGs). It fosters policy effectiveness, citizen engagement, accountability, and societal resilience.

The Selwyn District Council has placed additional burdens on rural residents in recent years. Reducing their representation would be unfair given their significant contributions and the challenges they face. In light of these concerns, I firmly reject the proposal to reduce rural representation. This approach not only disregards the critical role that rural communities play but also contradicts the principles of equitable representation that underpin our democracy. It is deeply disappointing to see resources allocated in a manner that undermines the foundational values of fairness and inclusivity. Effective governance necessitates a balanced representation that respects and acknowledges the contributions and challenges of both urban and rural areas. By diminishing rural representation, we risk eroding trust in our democratic institutions and compromising the effectiveness of our governance. Such a move is not only unjust but also threatens to set a damaging precedent that could have far-reaching consequences for our democratic integrity..

Property Location: Ellesmere

Wish to speak to the submission: Yes

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments

selwyn is a massive district with Arthur's Pass in the West, the Waimak in the North, Rakaia in the South, Lake Ellesmere in the East.

Most of the population is in towns while 95% of the area us rural.

Rural receive little from the Council, no rubbish collection, no water or sewage. Rates from rural communities is the greater portion of money received by council and in return they are forgotten and passed over for the greater votes of urban dwellers.

The Local govt Act 2001 eachelected member should represent roughly the same number of people. This does not work in this area as 3 councillors for Rolleston, a tiny area of the district have the largest say in what happens

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

Please add your comments

the local voices must be heard. If there is no community board, these people would have no voice as the area is to great for two people to be able to effectively represent this diverse community

Do you support the name suggestions for the four local electoral wards?

No

Please add your comments

totally unnecessary and expensive. Families are struggling to feed their families without having to spend more on unnecessary changes.

Do you have any other comments about our initial proposal for our representation arrangements?

it is of paramout importance to make sure that the rural community get as much representation as the urban. Takin 2 councillors out of the equation will only isolate the rural lecture further

Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

No

Please add your comments

We need enhanced local representation throughout our community especially in our rural areas.

We need improved community engagement with grassroots involvement.

Community boards are focused on local decisions.

With ten councillors strengthens the democratic process in the community.

Community boards promote social cohension in the community

Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

No

Please add your comments

Our community boards are the grass roots of our community by handling local issues and can relieve the district council of some of the workload

Do you support the name suggestions for the four local electoral wards?

No

Please add your comments

This courses more devision in the community and more wasteful spending

Do you have any other comments about our initial proposal for our representation arrangements?

Just leave things as they are.
