Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

☐ Yes ☒ No

Please add your comments

Having 1 malvern councillor
would not be effective to
represent the important
Rural areas in the 5000
Kilometers

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☒ Yes ☐ No

Please add your comments

What a ridiculous decision?
in view of the large
number of Darfield and
neighbouring towns as
well as the vast area

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Mānia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☐ Yes ☒ No

Please add your comments

This is not what RR committee agreed to
The English name was to be first.

4. Do you have any other comments about our initial proposal for our representation arrangements?

To: Selwyn District Council (SDC)
From: Community Board Executive Committee (CBEC)

Re: 2024 Representation Review.

1. Thank you for the opportunity to submit on the representation review, September 2024. This submission comments specifically on the role of Malvern Community Board and the proposal to disestablish the Board.
2. The Community Boards Executive Committee (CBEC) is a sub-committee of the National Council of LGNZ. With a committee of community board representatives from each of LGNZ's geographical zones, a Te Maruata and a Young Elected Member representative. CBEC advocates for community boards across the motu and supports their development, capability and impact.
3. Malvern Community Board reached out to CBEC and requested CBEC support during the representation review process.

Submission

4. CBEC notes the following major proposals in the consultation document:
 - Reduce the number of councillors from 10 to eight.
 - Maintain four wards with some boundary changes and rename the wards.
 - No community boards.
5. CBEC is concerned about the proposal to disestablish the last remaining community board in Selwyn District.
6. Selwyn is growing, fast. Over the last two decades, the Selwyn District has experienced rapid growth in population.¹ With this growth, there are inevitable new and diverse communities of interest that will likely emerge. This will likely take place beside the already established communities of interest, such as incorporated within the Malvern Ward/Board area. With a view to the future, SDC would be well placed to not only keep its last remaining board, but look towards how Community Boards could act as a vital tool in activating and realising localism.
7. CBEC feels this growth pattern has not been thoroughly reflected in the proposal to disestablish community boards.

¹ [LTP-2024-34-Growth-Demand-Report-Appendices.pdf \(selwyn.govt.nz\)](#) page 6.

8. The demographic trends and spatial elements of growth, coupled with fast growth will be better harnessed and understood by giving appropriate value to local voice, through the use of community boards.
9. We note that recently, Local Government NZ (LGNZ) published and distributed a WHIRIA TE HAPORI WHĀNUI LOCALISM: A PRACTICAL GUIDE. CBEC assumes, that like most Councils and Central Government, SDC has an interest in promoting and undertaking localism.
10. The toolkit highlights how Councils could be more effective, by presenting research conducted in 2024 by Curia. The conclusions for better effectiveness were:
 - > involving communities more when making decisions
 - > delegating more decisions to communities
 - > supporting community groups to deliver more services on behalf of councils
 - > strengthening their relationships with iwi, marae and Māori communities
 - > tailoring services more to the needs of local areas.²
11. By reducing Councillors to 8 from 10 and disestablishing your last remaining board, SDC risks losing a vital link to communities of interest and effective, fair representation.
12. CBEC encourages you to utilise Tool 10 in the Localism guide. This highlights how Community Boards play a vital role in “communities that have specific circumstances (such as a rural community in a predominantly urban council) that might mean their needs risk being overlooked by the governing body.” Furthermore, “If local government bodies become larger, new avenues are needed for people to engage directly in the decisions that shape their future. When considering the role of community boards in achieving greater engagement in local decision making, this tool encourages councils to consider:
 - > what actions they can take to further empower and enhance the role of existing community boards (such as delegating decision-making responsibilities)
 - > whether establishing community boards – or additional community boards – would support the council to take a more localist approach to decision making.³
13. CBEC encourages consideration of localism and activating community voice. To achieve effective representation of communities of interest and fair representation of electors, Councils might be better placed to look at establishing more Boards, not disestablish them.

² [Localism_Guide_v2.3.pdf \(d1pepq1a2249p5.cloudfront.net\)](#) page 2.

³ [Localism_Guide_v2.3.pdf \(d1pepq1a2249p5.cloudfront.net\)](#) page 72.

14. Due to the growth you are experiencing, and the very real urban/rural demographic, in addition to multiple distinct geographical communities of interest, we feel with no community boards and only 8 Councillors, it will be difficult to reach the level of local engagement required to reflect preferences.
15. CBEC appreciates the rationale and reasons for dropping to 8 Councillors, and views this as an opportunity for greater scope for Community Boards to deliver clear coherent views, from experts in distinct communities, to the governance table. Don't ask what value boards bring to council, ask how you can elevate your boards (or create a new board), to take decision making closer to the people, and let locals lead the charge. Boards are not an obstacle, they are an opportunity.
16. It is up to Councils to commit to a vision of authentic local democracy and empower existing Boards as a model for future Boards to be established as districts grow and become more diverse, rather than take the easy option of disestablishment.
17. CBEC considers the consultation document does not present a strong enough argument for the disestablishment of the Board. Other options for engaging with far flung communities such as Arthurs Pass and Castle Hill, could be tenuous. Communication systems can be unreliable, not all electors have access to vital communication systems and software and transport options are often limited in terms of making community meetings. If electors are unsure of what the potential role of the Board is and what it should deliver, then by working on better communications, and a functioning Board, settlements such as Arthurs Pass, will have a greater voice.
18. CBEC respectfully asks Selwyn District Council to reconsider your proposal to disestablish Malvern Community Board, in order to enable Council to let locals lead the charge. CBEC would like to see SDC retain their existing Community Board and look at how more Boards could be established to give greater weight to community voice while enabling 8 Councillors to be fantastic and effective governors.

Should retain all
councillors pay them less

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

The representation of our
rural communities will be
reduced, and they pay
the majority of the rates

Please add your comments

There are more important issues to spend Rate payers money on.

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

☐ Yes ☒ No

Please add your comments

We need local councillors to represent the rural community, and as we in touch with them. Malvern ward is a large area and we need at least 3 to represent.

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

The Malvern Board is an integral part of connection in this rural area. They understand the needs of the community, and are approachable for all concerns and progress for our area/ward.

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Mānia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☐ Yes ☒ No

Please add your comments

Why change?

for what reason, this is
more cash, totally unnecessary,
because someone who lives outside
decided? - Flavour of the month?

4. Do you have any other comments about our initial proposal for our representation arrangements?

Malvern ward is principally
rural.

Rolleston, Lincoln, West Melton
& Prebbleton
have no comparison to the
rural composition which
makes up our ward.

The growing intensity of the
above mentioned is
creating an even greater divide

Both in costs & structural needs.

The fees that are paid in

consultation for varying projects
are ridiculous.

Eg. Sheffield Pool restoration

for one. Anything that

Selwyn Council does is overboard.

"Malvern representation would ensure
money is well spent & not wasted"

Dear Sir,

I wholeheartedly disapprove of Māori names being used in our Selwyn District. Māori represent 9% of the population in Selwyn and already get 80% coverage of everything. We are sick and tired to the maori language being Shoved down our throats.

I'm not the only one who thinks this is unacceptable. Many many more do and refuse to use it.

Yours faithfully

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

☐ Yes ☒ No

Please add your comments

THERE IS VERY LITTLE REPRESENTATION TO THE RURAL COMMUNITY AS IT IS ~~WIDE PERSPECTIVE~~ FOCUS ON THE CITY/TOWN COMMUNITIES. WE NEED LOCAL RURAL COUNCILLORS TO BRING ROUNDED PERSPECTIVE

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

THERE IS REDUCED WE NEED A LOCAL COMMUNITY BOARD TO ENSURE WE HAVE "A VOICE" CAN RESPOND TO THE NEEDS OF OUR COMMUNITY AND TO PROVIDE FEEDBACK, ENSURE NEEDS ARE BEING ADDRESSED.

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Mānia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☐ Yes ☒ No

Please add your comments

AGREE WHERE MAORI REGION OR 85% ARE REPRESENTED BY MAORI, BUT IN A CULTURALLY DIVERSE COMMUNITY DO NOT AGREE. WHERE MAJORITY DO NOT IDENTIFY AS SUCH. KEEP THE TRADITIONAL NAME. TOTALLY UNNECESSARY.

4. Do you have any other comments about our initial proposal for our representation arrangements?

FUNDING, CONTROL, RULE SETTING POWER IS BECOMING CENTRALISED AND FOCUSED ON AREAS WHERE THE POPULATION LIVE - HOWEVER WE PAY MORE RATES PER HEAD OF POPULATION AND DESERVE REPRESENTATION. THIS WILL NOT HAPPEN WITH FEWER PEOPLE TO SUPPORT THE COMMUNITY.

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

☐ Yes ☒ No

Please add your comments

Why reduce the number of councillors when the population is increasing rapidly. I suggest retaining 10 councillors 3/3/2/2. Some urban areas could be included with rural areas to balance input between rural and urban residents

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

It appears that the centralisation of decision making is continuing with local input being reduced where possible by council and staff. Let us go back to Government "Of the people, For the people, By the people."

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Mānia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☐ Yes ☒ No

Please add your comments

This would cause misunderstanding with a large number of residents who do not understand the meaning of some of the words

4. Do you have any other comments about our initial proposal for our representation arrangements?

I cannot understand how one councilor, responsible for 70% of the land area, could have their concerns heard effectively against seven others from seven urban or more densely populated areas.

Ward boundary changes
are OK but I don't
agree with less
councillors.

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

The Malvern Community
Board serves a very useful
function in assessing
proposals and representing
our people

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Mānia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☐ Yes ☒ No

Please add your comments

It is good to include Māori names for the wards but the English title should go first (to avoid confusion for the majority of the community)

4. Do you have any other comments about our initial proposal for our representation arrangements?

The Malvern community is huge in area, with many scattered small, diverse communities, so there should be no reduction of councillors.

The Malvern ward is mostly rural with many landuse, infrastructure and waterway challenges for councillors

These rural landuse and infrastructure issues are spread out and complex compared to Rolleston which is compact, flat, has no rivers and is mostly urban. (Yet has 3 councillors)

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

Already a lack of representation in Malvern if this changes to even less then we become the even poorer cousin to Rolleston

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

Why change names to
appease the few.
This change seems to
me that the council is
some how justifying our
rates hike by spending
money on what's not needed

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

As a ratepayer in a remoter area, which doesn't have as readily accessible facilities, such as rubbish removal or pool access, the increased support from council representatives would seem fair.

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

☐ Yes ☒ No

Please add your comments

No, this is not enough
representation - one person
cannot possibly represent the
huge area of Malvern Ward
regardless of population

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

Submission from:
Paul Comrie

Representation Review 2024 (this submission is attached to the official SDC form)

Q1: Ward boundaries

I mostly do not agree with the ward boundary changes. West Melton should stay in Malvern. West Melton's community of interest is decidedly not with the Springs Ward. Ask any West Melton resident and I am sure there would be overwhelming agreement on this point. Just look at the geography and the main arterial roads. It makes no logical sense to put West Melton in the Springs Ward.

Let us remain steadfast and be sensible and logical and leave West Melton in Malvern. We should not bow to what I would politely suggest is managerial and political expediency in suggesting West Melton go to Springs Ward.

I do, however, agree that Burnham should become part of the Rolleston Ward. As new subdivisions are developed in Rolleston there is a growing merging of their respective housing areas. Therefore it is logical Burnham moves from Ellesmere to the Rolleston Ward.

Number of councillors

I do not agree with a reduction in the number of councillors. The Council should remain with ten. The Selwyn District is growing rapidly in population. I often read of the mayor lauding the fact that Selwyn is the fastest growing territorial authority in New Zealand. Therefore, our political representation should stay at ten.

I would suggest, however, a change in the mix. Rolleston Ward to increase to four councillors and Ellesmere Ward to go down to one councillor. With Malvern and Springs Wards staying as they are, i.e. two and three respectively.

I acknowledge the population each councillor represents should be, by statute, within the range 9139.5 to 11170.5. However, the Local Electoral Act 2001 also makes provision for particular community of interest considerations. The Malvern Ward, due to its large geographic area and specific local issues, should thus be seen as a special case and not have to meet the population range criterion. The Council is also obliged to ensure councillors are accessible. The SDC's proposal of reducing Malvern Ward to one councillor hardly meets this obligation. The Malvern Ward, I submit, must retain its two councillors.

My Suggested Representation Table

Ward	Number of councillors
Tawera Malvern	2 (currently 2)
Kā Mānia Rolleston	4 (currently 3)
Te Waihora Ellesmere	1 (currently 2)
Kā Puna Springs	3 (currently 3)
Total	10

Q2: Malvern Community Board

I do not support the abolition of the Malvern Community Board.

The Malvern Ward is a massive geographical area with many small and isolated communities. These communities are at some distance from our larger SDC towns. These communities need to be visited and talked to. Community Board members can do this. They are the hand-shakers in the fields and fairs, the listeners in the community halls. Community Board members are essential for gathering and then passing on local information to councillors.

To provide adequate local representation the Malvern Community Board must be retained (with at least three members).

Q3: Maori Ward names

I completely support the new ward names. The Maori language has been used in our area for around seven to eight hundred years (since circa 1240-1340 AD) so it is high time we acknowledged the tongue of the first settlers of this land.

Q4: Further comments

It will be another three or so years before another representation review is undertaken and then more time before any subsequent decision can be implemented. Let us look to the future and have adequate local body representation: to meet our needs now, and to meet our needs for the immediate years ahead.

The citizens of the Selwyn District Council must continue to be represented by ten councillors, no fewer.

Nest melton should stay in Malvern.

The Waimakariri River is the northern boundary of Malvern ward.

Springfield, Darfield, Kirwee and Nest melton all share this in common.

Flood control, stop bank security and damage all affect these towns.

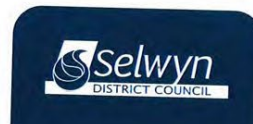

Nest melton has nothing in common with Prebbleton, Kirwee, Tai Tapu & Springfield!

would prefer to leave them as they are - less confusion.

4. Do you have any other comments about our initial proposal for our representation arrangements?

Question 1 is at best very poorly written - being 2 questions or at worst phrased in a devious manner to mislead and produce the outcome that council obviously wants. - How on earth do you justify reducing representation

Again on page 3 of the Consultation Review booklet our population has increased by 13% so how is it fair and effective. Surely we need more representation not less.

To expect one councillor to cover the whole of the Malvern Ward is unrealistic given the square kilometres of the region and the rural nature of it.

Still on Question One - the first part makes sense to spread the numbers more evenly but not at the expense of the second part of the question. ② The 2 councillors in the Malvern Ward do 20,000 km per year on representation business.

How is one person expected to do 40,000 km per year - mostly at night when people are free to attend meetings etc. Malvern has the highest paying proportion of rates per head of population.

pretty tough on one councillor to be equitable in making decisions for 14 communities. This is not fair compared to other wards.

Please add your comments

English existing names must remain first Maori second. The Council need to understand that they are isolating many citizens in our district by naming ie buildings places in the Maori language when New Zealand is an English speaking country.

4. Do you have any other comments about our initial proposal for our representation arrangements?

Further to Question 2. Question 3

When one community Board person takes entitlement leave ie holidays etc who in the Council will cover these times? This is where Common Sense must Prevail.

Community's are entitled to have representation in the Selwyn District at all times. Not to be pushed aside - forgotten, with more of their Rate Payers money going into Rolleston. The Ratio of Population in the Malvern and Ellesmere areas should not be a statistic. We are Rural Communities with people and needs needed in them. Just like Rolleston has its needs - growing too fast - once again Common Sense must Prevail. Get Back to Basics. Stop wasting money on frivolous issues.

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

☐ Yes ☒ No

Please add your comments

Spreading representation
too thin.

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

Community boards are
necessary. They know their
communities and the local
needs.

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Mānia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☐ Yes ☒ No

Please add your comments

Leave names as they are
no need to change. Just
adds cost & confusion.
whether you like it or not
we are 80% European so
that should be represented

4. Do you have any other comments about our initial proposal for our representation arrangements?

Malvern ward is by far
the largest and the idea
of just one councillor
to cover that is ridiculous.
There is no need for
representation to be just based
on population numbers.
If that is a govt require ment?
Then ~~can~~ SDC should have
the balls to stand up against
that & tell govt their
ratepayers (whom you are
meant to represent) do not
want it that way..
Keep the community boards.
They are a necessary ~~gap~~
between from the people
to council.

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

☐ Yes ☒ No

Please add your comments

Having Only One Councillor for 5,000 km sq is a very backwards step and gives almost no say in the ~~govt~~ decisions that affect the most land areas in roads Parks - reserves etc.

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

The Malvern Community Board is a very valuable link between the people of the area and Council. As Malvern is a very large area 70% of the land area this Board gives some link and say with the Council + decision making of the area.

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Mānia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☐ Yes ☒ No

Please add your comments

The four local names are quite OK as is. If it is decided to change the names then the English name should be first because more people speak and understand this language.

4. Do you have any other comments about our initial proposal for our representation arrangements?

It will be a great backward step if we go from 10 Councillors to 8 and to disestablish the Malvern Community Board. This would lower the representation in this area from 7 to possibly 1. As this area is approx 70% of the Selwyn district this seems to be a great downgrading of democracy in the Selwyn District. The idea that having less councillors so that they can be paid more from the same pool as this will attract a higher calibre of candidate holds no water as money should not be the main reason for standing for council. We want representative who believe in the area and are not driven by money.

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

☐ Yes ☒ No

Please add your comments

With the massive land area and small towns covering the area we have an unfair representation.

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

It is now the last voice for our community

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Mānia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☐ Yes ☒ No

Please add your comments

I am not phased
one way or the other
However if there is a
significant cost involved
say in excess of \$100,000
then that money can currently
be used better elsewhere for more
urgent needs

4. Do you have any other comments about our initial proposal for our representation arrangements?

As opposed to individual
person representation, I would
suggest that the \$ value
of each area contributing
to the council coffers be
looked at as to how many
councillors are in that area

Malvern is too large to be left to one councillor. who will hold that councillor accountable and be available to work with?

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☒ Yes ☒ No

Please add your comments

I support it if the money saved means we can keep a second councillor within Malvern. If we cannot - keep the board.

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Māia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☒ Yes ☐ No

More Te Kōwhiri Māori is a wonderful thing

4. Do you have any other comments about our initial proposal for our representation arrangements?

I don't understand why we would have less powerful councillors when we are growing so rapidly.

I believe we need to leave it as is, I don't think there is any reason to change it. The majority of us don't speak or understand Maori so why have it.

4. Do you have any other comments about our initial proposal for our representation arrangements?

We have to be careful that we don't lose our ~~voice~~ voice in the community, + that the council doesn't become the majority over the community + we are not heard.

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

NEED to keep existing amount of

Its insane to think less can do
a good job.

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

No Rural people need
rural representation, debate
& discussion, locals go to these
meetings, the board understands
local needs not the council.

We get nothing for our rates & yet
you are reducing our core needs

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Māia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☐ Yes ☒ No

Please add your comments

Totally unnecessary & unneeded.
More expense to rate payers
who decided this?

4. Do you have any other comments about our initial proposal for our representation arrangements?

Local Community decision making
is more sensible than
central, many of which
never venture far from
Rolleston.

Rural wards have less & less
in common with
Ashburton, Lincoln, West Melton,
Rolleston

Its here they were
joined at the hip & keep
rural areas rural.

We pay many rates for ~~stuff~~
infrastructure
which will not be used, yet
you want to consolidate
rural areas.

Representation Review 2024

Having read the information provided in support of the recommended options for representation going forward, I have serious concerns in regard to “fair representation of electors” in the proposed Malvern and Ellesmere Wards.

Urban population in the major growth areas of Rolleston, Lincoln and Prebbleton will increasingly outweigh that of the proposed “rural” wards, so that the balance and significance of representation on Council of those “rural” wards, as proposed in the options, will continue to diminish.

Having been actively involved in Community Advisory Committees in Leeston in all forms for almost 50 years, I see advantages in 8 elected councillors acting along the lines of a board of directors, **delegating appropriate tasks to elected Community Boards of eg 6 members representing constituent communities in both the proposed new Malvern and Ellesmere Wards.** Any cost involved would be minimal and should be offset by the savings achieved by reducing the number of councillors from 10 to 8.

The **Community Boards** in “Rural Wards” would work with the elected local Councillors to enhance “rural ward” ratepayer representation and consultation, and also provide representative community input on relevant issues. The dissolving of “Advisory Committees” in those areas in particular and their direct links to the Council on the grounds of administrative costs was detrimental to good governance principles and “fair representation”.

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

☐ Yes ☒ No

Please add your comments

I feel that boundaries should stay as they are with the number of councillors staying the same. Rural folk need more representation not less due to the size of their area & the diversity of their needs.

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

Malvern area is large in size & therefore benefits in having a Community Board that looks after the interests of that area.

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Mānia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☐ Yes ☒ No

Please add your comments

4. Do you have any other comments about our initial proposal for our representation arrangements?

I think it is important for Ellesmere & Malvern to retain their 2 councillors instead of moving to only 1 councillor in each. It seems unfair that there are 3 councillors for Rolleston (a small part of the district) yet it is proposed to have only one councillor for much larger rural areas in Selwyn. One councillor in Malvern & Ellesmere would struggle to fairly represent the diverse needs of their "spread out" constituents.

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

☐ Yes ☒ No

Please add your comments

Due to the large area of Malvern, it would be impossible for one councillor to represent all the rural communities in the ward. Many families would find themselves voting in one ward with their children going to school.

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

Every ward should have the opportunity to be represented by a Community Board if this is what the majority people in that ward want. SDC preliminary consultation did not give sufficient weight to the responses provided by the Malvern Community Board & Horwec Residents

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Mānia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

☐ Yes ☒ No

Please add your comments

With this proposal, it is appearing more & more that Rolleston & a lesser extent, Lincoln, is Selwyn while Malvern & Ellesmere are the poor relations to be ignored as much as possible.

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

Due to the size of the Malvern ward, there cannot be same standard for visibility & communication with only 1 (or 2 if the status quo stays) councillor(s).

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Mānia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☐ Yes ☒ No

Please add your comments

If the Moroccan wish to call the words by their language then they can. A good percentage won't know where is being discussed so the names alone there is too much of everything having 2 names which is a repeat of each other. There is a difference to having something forced upon one to willingly learn something new.

4. Do you have any other comments about our initial proposal for our representation arrangements?

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

☐ Yes ☒ No

Please add your comments

It's bizarre & counter-intuitive for the fastest growing district in NZ to reduce its Council Representatives—especially when it seems motivated by increase in councillor remuneration, rather than public service or effective & fair representation of all the people of Selwyn District.

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

Disestablishing Malvern Community Board (MCB) may give all wards the same TYPE of representation, but that does not equate to the same LEVEL of representation. Can't justify disestablishing MCB unless Malvern ward councillors are increased to minimum of 3. One councillor only would be inequitable for Malvern communities and for the sole councillor

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Mānia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☐ Yes ☒ No

Please add your comments

We have no issue with dual language naming of wards, but believe the English names in common usage, should be voted first, with Maori names following - unless the Maori name is the existing predominantly used or accepted name for the ward... in which case it should take precedence over any English language translation.

4. Do you have any other comments about our initial proposal for our representation arrangements?

As residents of West Melton, we identify as a smaller rural residential community & feel more aligned with Darfield, than we do with Lincoln/Presbyterian. We'd like to stay part of Malvern ward.

Malvern is a big ward offering Selwyn big environmental, recreational, & rural/agricultural industry benefits - if anything, it should have its representation increased. It's geographically big which should be taken into account. If existing rules are senseless & outdated & don't factor geographic spread into representation, SDC should support LGNZ to lobby Govt with urgency to change the rules to better represent communities spread over large areas (generally rural).

Reducing Malvern (& Ellesmere) ward to one councillor will disenfranchise the many smaller rural communities & lead to inequitable outcomes via reduced representation. It's also likely to discourage high-calibre candidates from standing for public service due to the clear work overload for this ward representative. One councillor

Would be constantly over-extended & unable to effectively represent this geographically large ward. Bear in mind too that the internet/phone coverage isn't always as reliable in rural areas... and people still value old-fashioned, face-to-face contact & meetings.

One councillor for Malvern ward simply isn't enough. The same applies to Ellesmere.

Thank you for considering our submission.

Initial Proposal Submission Form

Selwyn District Council is conducting a representation review to determine how the communities that make up the Waikirikiri Selwyn district should be represented in our coming elections.

Please read the consultation document and information available online at www.selwyn.govt.nz/repreview before completing and dropping off this form at a Council Library and Service Centre by 5pm on Thursday 12 September.

You can make a submission using this form, or by completing the online submission form at selwyn.govt.nz/repreview.

Questions

1. Do you support the initial proposal to change the ward boundaries and the number of councillors (four wards, eight councillors) for local elections?

☐ Yes ☒ No

Please add your comments

Because of the size of
this ward it needs special
consideration - One councillor
is insufficient to cover
the area.

2. Do you support the initial proposal to have no community boards? This would mean that the Malvern Community Board would be disestablished.

☐ Yes ☒ No

Please add your comments

The people loose their
democratic right to have
any say in their
district affairs

3. Do you support the name suggestions for the four local electoral wards from Malvern; Rolleston; Ellesmere; and Springs to Tawera Malvern Ward; Kā Mānia Rolleston Ward; Te Waihora Ellesmere Ward; and Kā Puna Springs Ward?

☐ Yes ☒ No

Please add your comments

It would be less complicated & easier to distinguish the names if the English name came first.

4. Do you have any other comments about our initial proposal for our representation arrangements?

I feel we should retain 10 councillors which would give better representation of the people. I don't believe remuneration should be an important part of electing a councillor. They should be there to represent the people - Not because of the money the position gives.
