

Matters relating to Selwyn District Council's (the District Council) adopted amendments to the LTCCP subsequent to this report.

This report dated 24 June 2009 relates to the Long Term Council Community Plan (the LTCCP) for the 10 years commencing 1 July 2009, approved by the District Council on 24 June 2009. Subsequent to this, the District Council adopted an amendment to its LTCCP for the 10 years commencing 1 July 2009 to amend its Liability Management (Borrowing) and Investment Policies contained in the Selwyn Community Plan (LTCCP) 2009-2019 enabling investment in New Zealand Local Government Funding Agency Limited on 10 August 2011.

Previously, on 23 June 2010, the District Council adopted an amendment to its LTCCP for the 10 years commencing 1 July 2009 to:

- amend the development contributions policy to increase the Development Contributions charges by the Consumer Price Index as at 31 December 2009;
- amend the development contributions policy to specify a charge for West Melton Sewerage;
- amend the development contributions policy in respect of 'reserves – specific issues regarding development contributions assessment;
- amend the development contributions policy to include new charges for the Lowes Road Outline Development Plan (ODP) area; and
- amend the rates remission policy in respect of protected areas of significant indigenous flora or fauna, landscape or geological value.

Additionally, the District Council has adopted further amendment to its development contribution policy on 22 June 2011.

The District Council has not prepared an amended LTCCP that incorporates the amendments approved on 23 June 2010, 22 June 2011, or 10 August 2011. Consequently, to form a view of the LTCCP of the District Council, the content of the LTCCP to which this report relates should be considered in conjunction with District Council's adopted amendments. There is no legislative requirement for us to report on the adopted amendments and we have not done so.
